**(sum of isomers) (F)**

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data corresponding with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after date of publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data as unavailable with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data as unavailable with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or data with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data as unavailable with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data co with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or data with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data as unavailable with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data as unavailable with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or data with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data as unavailable with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or data with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data co with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data or data with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data compared with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data compared with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials and storage stability data compared with the proposed residue definition as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The applicable maximum residue level for horseradish (*Armoracia rusticana*) in the spice group (code 084004) and one set for horseradish (*Armoracia rusticana*) in the Vegetables category, root and tuber vegetables group (code 0213040) taking into account changes in the levels by processing (drying) according to Art. 20 (1) of Regulation (EC) No 396/2005.

The European Food Safety Authority identified some information on residue trials on grass (major component of livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component of livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component of livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component of livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component of livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on residue trials on grass (major component livestock dietary burden), as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on hydrolysis study in processed commodities as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on hydrolysis study in processed commodities as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The applicable maximum residue level for horseradish (*Armoracia rusticana*) in the spice group (code 084004) and one set for horseradish (*Armoracia rusticana*) in the Vegetables category, root and tuber vegetables group (code 0213040) taking into account changes in the levels by processing (drying) according to Art. 20 (1) of Regulation No 396/2005.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin product metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will take account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable. When re-viewing the MRL, the Commission will ta account the information referred to in the first sentence, if it is submitted by [Office of Publication: please inse years after publication], or, if that information is not submitted by that date, the lack of it.

The European Food Safety Authority identified some information on analytical methods for animal origin prod metabolism studies in ruminant and poultry as unavailable.
