Substance Commodity Footnote Code

Acrinathrin and its enantiomer (F)

(F) = Fat soluble

The applicable maximum residue level for horseradish (Armoracia rusticana) in the spice group (code 0840040) is the one set for horseradish (Armoracia 0840040 rusticana) in the Vegetables category, root and tuber vegetables group (code 0213040) taking into account changes in the levels by processing (drying) according to Art. 20 (1) of Regulation (EC) No 396/2005.

Metalaxyl including other mixtures of constituent isomers including metalaxyl-M (sum of isomers) (R)

(R) = The residue definition differs for the following combinations pesticide-code number:

Metalaxyl - code 100000, except 1040000: Sum of metalaxyl (sum of isomers) and its metabolites containing the 2,6-dimethylaniline moiety, expressed as metalaxyl

- The European Food Safety Authority identified some information on residue trials as unavailable. When re-viewing the MRL, the Commission will take into 0110000 account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
- The European Food Safety Authority identified some information on residue trials as unavailable. When re-viewing the MRL, the Commission will take into 0110010 account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
- The European Food Safety Authority identified some information on residue trials as unavailable. When re-viewing the MRL, the Commission will take into 0110020 account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
- The European Food Safety Authority identified some information on residue trials as unavailable. When re-viewing the MRL, the Commission will take into 0110030 account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
- The European Food Safety Authority identified some information on residue trials as unavailable. When re-viewing the MRL, the Commission will take into 0110040 account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
- The European Food Safety Authority identified some information on residue trials as unavailable. When re-viewing the MRL, the Commission will take into 0110050 account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

0110990	The European Food Safety Authority identified some information on residue trials as unavailable. When re-viewing the MRL, the Commission will tak account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if the information is not submitted by that date, the lack of it.
0130010	The European Food Safety Authority identified some information on residue trials as unavailable.
