id	Sub Code	Footnote	
166	Myclobutanil (sum of constituent isomers) (R)		
166 166	` '	esidue definition differs for the following combinations pesticide-code number: 1yl - code 1000000 except 1040000: Alpha-(3-hydroxybutyl) - alpha - (4-chloro-phenyl) - 1H - 1,2,4 - triazole -1-propanenitrile (RH9090)	
100	wyciobulai	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When re-	
166	0130000	viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0130010	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0130020	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0130030	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0130040	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0130050	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0130990	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0140010	The European Food Safety Authority identified some information on residue trials and relating to triazole derivative metabolites (TDMs) as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the	
166	0140020	lack of it.  The European Food Safety Authority identified some information on residue trials and relating to triazole derivative metabolites (TDMs) as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it. submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	
166	0140030	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.	

166	0140040	The European Food Safety Authority identified some information on residue trials and relating to triazole derivative metabolites (TDMs) as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it. sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0140990	The European Food Safety Authority identified some information on residue trials and relating to triazole derivative metabolites (TDMs) as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it. sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0151000	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.  The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When re-
166	0151010	viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0151020	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0152000	The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0153010	The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0153030	The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0154040	The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0154070	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0154080	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0161060	The European Food Safety Authority identified some information relating to triazole derivative metabolites (TDMs) as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

166	0163020	The European Food Safety Authority identified some information on crop metabolism with post-harvest treatment as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0231010	The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.  The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When re-
166	0231030	viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.  The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When re-
166	0233010	viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.  The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When re-
166	0233020	viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.  The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When re-
166	0233030	viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.  The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When re-
166	0233990	viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0251010	The European Food Safety Authority identified some information on crop metabolism with leafy vegetables and post-harvest treatment as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0270050	The European Food Safety Authority identified some information on crop metabolism with leafy vegetables and post-harvest treatment as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it. The European Food Safety Authority identified some information on residue trials, analytical methods, crop metabolism with leafy vegetables
166	0700000	and post-harvest treatment as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	0900010	The European Food Safety Authority identified some information on residue trials and metabolism in rotational crops as unavailable. When reviewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.  The European Food Safety Authority identified some information on analytical methods as unavailable. When re-viewing the MRL, the
166	1011000	Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.

166	1011010	The European Food Safety Authority identified some information on analytical methods as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	1011020	The European Food Safety Authority identified some information on analytical methods and storage stability as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	1011030	The European Food Safety Authority identified some information on analytical methods as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
166	1011040	The European Food Safety Authority identified some information on analytical methods and storage stability as unavailable. When re-viewing the MRL, the Commission will take into account the information referred to in the first sentence, if it is submitted by [Office of Publication: please insert date 2 years after publication], or, if that information is not submitted by that date, the lack of it.
