WCO CONFERENCE ON THE FUTURE OF THE HARMONIZED SYSTEM

*Communication from the WTO Secretariat<sup>1</sup>*

*Corrigendum<sup>2</sup>*

Please note that:

On page 2, footnote 5 should read:

"Antigua and Barbuda; Barbados; Belize; Dominica; El Salvador; the Gambia; Grenada; Guyana; Honduras; Hong Kong, China; Jamaica; Lao People's Democratic Republic; Liechtenstein; Macao, China; Nicaragua; Samoa; Seychelles; Solomon Islands; St. Kitts and Nevis; St. Lucia; St. Vincent and the Grenadines; Suriname; Chinese Taipei; Tonga; and Trinidad and Tobago."

On page 8, last paragraph of point 4.2 should read:

"Participants to the TCA seem to have adopted different ways to implement these tariff concessions. For example, some of them use import licenses or a self-certification scheme complemented with post-clearance audits, while others do not seem to check the end-use requirement. It goes without saying that these end-use concessions might become difficult for customs to deal with if there is a large number of importers to control."

On page 10, footnote 24 should read:

See for example, "Transposition of Members' CTS Files to the HS2017 Nomenclature: Notes on Methodology", Adopted by the Committee on Market Access on 10 April 2019, document G/MA/366.
