

Committee on Sanitary and Phytosanitary Measures

**PROCEDURE TO MONITOR THE PROCESS
OF INTERNATIONAL HARMONIZATION**

Eighth Annual Report
Adopted by the Committee on 28 June 2006

Corrigendum

Paragraph 15 should be corrected to read:

15. At the June 2006 meeting of the Committee, the OIE reported that the OIE International Committee in May 2006 had adopted a revised FMD chapter and a revised appendix on FMD surveillance. The chapter of the *Manual of Diagnostic Tests and Vaccines for Terrestrial Animals* that addresses FMD was also amended. Based on the recommendations of the Scientific Commission for Animal Diseases, the OIE International Committee asked the Director General of the OIE to publish the list of Member Countries recognized as FMD free (see Appendix 2 of G/SPS/GEN/708). The International Committee also mandated the Scientific Commission for Animal Diseases to propose the appropriate modifications to the *Terrestrial Code* to facilitate and expedite the decision-making process to allocate freedom from FMD following an outbreak (see Appendix 1 of G/SPS/GEN/708).
