

TECHNICAL ASSISTANCE TO DEVELOPING COUNTRIES

COMMUNICATION FROM CANADA

*Corrigendum**

The following communication, received on 9 July 2014, is being circulated at the request of the Delegation of Canada.

The following paragraph should read as follows:

1. Canada would like to provide an update regarding the provision of technical assistance from January to December 2013.¹ Technical assistance has been provided to developing and least developed countries in accordance with Article 9 of the Agreement on the Application of Sanitary and Phytosanitary (SPS) Measures. The assistance was primarily aimed at facilitating the development and implementation of sanitary and phytosanitary measures based on sound science. The attached table reflects Canadian technical assistance to developing and least developed countries in 2013. While every effort has been made to ensure that information contained in the table presents all relevant technical assistance projects, it may not constitute a complete compilation of technical assistance delivered given the number of Canadian government departments and agencies and the variety of delivery programs involved.
