NEW PHYTOSANITARY CERTIFICATE FORMAT

COMMUNICATION FROM PARAGUAY

The following communication, dated 19 August 2016, is being circulated at the request of the delegation of Paraguay.

1. The National Plant Protection Organization (NPPO) of Paraguay has modified the format of its phytosanitary certificate (safety data sheet). This modification includes the addition of a QR code to the safety data sheet, in accordance with recommendations established in International Standard for Phytosanitary Measures (ISPM) No. 12, as adopted by Paraguay.

2. Please note that the modified phytosanitary certificate format entered into effect on Wednesday 3 August 2016. It can be viewed at <http://www.senave.gov.py/cert-fito.pdf>. Any questions should be emailed to comunicaciones@senave.gov.py. A sample of the new format has been attached to this communication.
