**LOWERING MAXIMUM RESIDUE LEVELS FOR CLOTHIANIDIN AND
THIAMETHOXAM TO ADDRESS ENVIRONMENTAL ISSUES**

COMMUNICATION FROM THE EUROPEAN UNION

The following document, received on 15 July 2022, is being circulated at the request of the Delegation of the European Union.

1. Following its previous communications*, the European Union would like to inform that the draft Regulation lowering maximum residue levels for clothianidin and thiamethoxam to the limit of quantification to address environmental issues of global concern, such as the worldwide decline of pollinators has been notified to the Committee on Technical Barriers to Trade (TBT) under reference [G/TBT/N/EU/908](#). The deadline for submitting comments is 4 September 2022. Comments should be submitted to the TBT Enquiry Point. This communication is for information only.

* [G/SPS/GEN/1797](#) and [G/SPS/GEN/1868](#).
