

DRAFT EC REGULATION - AFLATOXIN CONTROL

Submission by Australia

Corrigendum

Paragraph 6, first sentence should read:

FAO/WHO through the Codex Committee on Food Additives and Contaminants (CCFAC) and the Codex Committee on Cereal, Pulses and Legumes (CCCPL) have attempted to harmonize aflatoxin sampling plans and legal limits for peanuts and other commodities.

Paragraph 7, first sentence should read:

In the EC notification there are no details of any risk assessment undertaken to justify the reduction in aflatoxin level from the Codex draft limit of 15 µg/kg.
