

Committee on Sanitary and Phytosanitary Measures

**WTO SPS TECHNICAL ASSISTANCE ACTIVITIES IN 2010:
GENERAL INFORMATION, SELECTION PROCESSES AND APPLICATION FORM**

Note by the Secretariat¹

1. The Secretariat of the WTO plans to organize a number of specific technical assistance activities on the Agreement on the Application of Sanitary and Phytosanitary Measures (SPS Agreement) in 2010, encompassing: e-Training courses, national SPS seminars, a thematic SPS workshop in Geneva, regional SPS workshops and an advanced SPS course.² These activities will primarily focus on the provisions of the SPS Agreement, implementation matters and the latest discussions taking place in the SPS Committee.³ The overall objective of the SPS technical assistance activities is to enhance the knowledge and expertise of government officials from WTO developing country Members and Observers, so they can better understand and implement the SPS Agreement, benefit from its provisions, and strengthen their capacities to engage in the work of the SPS Committee.

2. This document provides detailed information about each SPS-specific WTO technical assistance activity planned for 2010, including information on: dates, venues, eligibility and selection criteria of participants, instructions for submission of applications, deadlines and pre-requisites when required.

3. This document is structured according to the different types of SPS-specific technical assistance activities provided by the WTO:

- e-Training Courses on the SPS Agreement
- National SPS Seminars
- Thematic SPS Workshop
- Regional SPS Workshops
- Advanced SPS Course and Follow-up Session

4. A chronological table with the dates and steps of all the SPS-specific technical assistance activities in 2010 can be found in Annex I.

¹ This document has been prepared under the Secretariat's own responsibility and is without prejudice to the positions of Members or to their rights or obligations under the WTO.

² In addition to these SPS-specific technical assistance activities, the WTO offers training courses where the SPS Agreement is taught, such as Introduction Courses on the WTO to Least-developed Countries (LDCs), Regional Trade Policy Courses, and Advanced Trade Policy Courses. For more information on these training courses, please consult the WTO website on http://www.wto.org/english/tratop_e/devel_e/train_e/course_details_e.htm.

³ The SPS Committee is scheduled to meet three times in 2010: 17-18 March; 30 June-1 July; and 20-21 October. Informal meetings of the SPS Committee and other SPS-related workshops might be scheduled during the weeks when the SPS Committee meetings take place. These dates are subject to changes.

5. The structure, content, target audience, pre-requisites, exercises and materials of these SPS-specific activities will follow the WTO progressive learning strategy.⁴ Therefore, each activity is identified according to a scale ranging from "Level 1" (the least advanced, introductory activities) to "Level 3" (the most advanced, in-depth training activities). This measurement will, *inter alia*, assist making candidates aware of the expected level of the activity before they apply, and facilitate the Secretariat's assessment of whether a candidate's profile and experience match the level of the activity when carrying out the selection process. This will ultimately help ensure that the participants in a particular activity are able to most effectively follow and contribute to the discussions, and that they have an harmonized level of understanding of the SPS Agreement. Further information on the WTO progressive learning strategy and a table with the level of the SPS-specific technical assistance activities is in Annex II.

I. E-TRAINING COURSES ON THE SPS AGREEMENT

Level of this activity: 1 3

6. The WTO offers on-line Internet courses on the SPS Agreement, so as to enable government officials from all around the world to learn, through an interactive tool, about the basic provisions and principles of the SPS Agreement, the work of the SPS Committee and the SPS disputes brought to the WTO Dispute Settlement Mechanism. During the entire course, participants receive personal tutoring from an assigned SPS staff member of the WTO Secretariat who is responsible for clarifying and responding to any SPS-related question. While an introduction to the SPS Agreement is included in the e-Training course "Introduction to the WTO", this Internet course on the SPS Agreement is the most introductory-level training available specifically on the SPS Agreement.

7. The course is available in all three WTO official languages (English, French and Spanish) and is divided into eight modules which must be completed within eight weeks. At the end of each module, participants are required to take a short on-line test. The completion of these tests are required for the successful completion of the course.

8. Successful completion of the e-Training course on the SPS Agreement is a compulsory pre-requisite for participation in a number of other SPS technical assistance activities, such as the regional workshops and the advanced SPS course. However, successful completion of the e-Training course on the SPS Agreement **does not guarantee** selection for other SPS-related training events. Government officials who have already successfully completed the e-Training course on the SPS Agreement, in any of the available languages, are *not* required to undertake it again.

9. The WTO will offer four e-Training courses on the SPS Agreement in 2010:

- in English: from 29 March to 21 May. Registration is open until 12 March;
- in Spanish: from 26 April to 18 June. Registration is open until 13 April;
- in English: from 10 May to 2 July. Registration is open until 30 April;
- in French: from 31 May to 23 July. Registration is open until 21 May.

10. Government officials from WTO Members and Observers wishing to register for one of the e-Training courses on the SPS Agreement must access the WTO e-Training website (<https://etraining.wto.org>). The website has two forms which need to be filled-in and submitted:

⁴ The primary aim of the progressive learning strategy is to promote higher levels of learning and to encourage the development of participants' autonomy, with a view to building and sustaining the long-lasting human and institutional capacity of beneficiary countries to participate most effectively in the rules-based multilateral training system.

- (a) on-line form: available on <http://etraining.wto.org> at "Course Catalog". This form needs to be completed on-line, and it will generate a registration number that will be used in the "nomination form";
- (b) nomination form: the candidate should be confirmed by the responsible government authorities. The nomination form is also available on <http://etraining.wto.org> at "Course Catalog". The completed nomination form must be sent either by email (scanned) to etraining.registration@wto.org or by fax to +41 22 739 5191.

11. Further information and instructions about the registration process for the e-Training Course on the SPS Agreement can be found on the website <http://etraining.wto.org>.

II. NATIONAL SPS SEMINARS

Level of this activity: 1 3

12. WTO developing country Members and Observers are entitled to request national seminars with a view to address specific training needs on the SPS Agreement and its implementation. In this regard, the programmes for national seminars are elaborated by the beneficiary country in consultation with the WTO Secretariat. It is possible to address both the SPS and TBT Agreements in a single national seminar.

13. To request a national seminar on the SPS Agreement, Members and Observers must submit a formal request according to the document TRTA National Request Form (JOB(09)/55), also found in the WTO Biennial Technical Assistance and Training Plan 2010-2011 (WT/COMTD/W/170/Rev.1) and in Attachment II.

14. The request must be submitted through the Member's or Observer's contact point to the WTO (e.g. mission in Geneva) and be addressed, with a cover letter, to the Director of the WTO Institute for Training and Technical Co-operation (ITTC) by fax: +41 22 739 57 64.

15. Due to the increased number of requests received for national SPS seminars in the last years, the Secretariat encourages Members and Observers to submit any request for national SPS seminars as early as possible, preferably before April, to ensure a proper coordination and preparation for these activities.⁵

III. THEMATIC SPS WORKSHOP

Level of this activity: 1 3

16. The Secretariat will organize a special workshop on the transparency provisions of the SPS Agreement to be held in Geneva, Switzerland, on Monday, 18 October 2010. The meeting will precede the informal and regular meetings of the SPS Committee (which will take place from 19 to 21 October 2010) so as to facilitate the participation of appropriate experts from capitals.

17. The objective of this workshop is to bring together officials from WTO Members' SPS enquiry points and national notification authorities for an in-depth discussion about the challenges and concerns relating to the functioning of these institutions and to identify best practices. The target audience for the meeting is mid- to high- level officials directly involved in the work of the SPS enquiry point or the national notification authority.

⁵ While every effort will be made to accommodate the requests of Members and Observers, the Secretariat cannot guarantee that it will have the necessary resources to provide all requested national seminars during the year requested.

18. Presentations will focus on improving the operation of national notification authorities and enquiry points based on the overview of the transparency provisions of the SPS Agreement, analysis of Members' practices related to notifications to date, in addition to demonstration of the newly-launched features and improvements of the SPS Information Management System. The workshop will provide opportunities for discussions and exchanges of information about Members' good practices on transparency issues and how Members can benefit from SPS notifications, and explore practical ways to improve Members' implementation of the SPS transparency provisions.

19. The workshop is also open to participation by all delegates from WTO Members and Observers attending the SPS Committee meeting.

20. The WTO, with the financial assistance of the Doha Development Agenda Global Trust Fund (DDAGTF), will sponsor the participation of approximately 50 government officials from developing country Members and Observers. The Secretariat will select participants to be sponsored from applications received from capital-based officials directly responsible for the work of either the SPS enquiry point or the national notification authority. Exceptions will be made for candidates from WTO Members that have not yet designated their SPS enquiry point and/or the national notification authority, as well as for WTO Observer countries, on the basis of evidence that the candidate has, or will have, responsibilities related to SPS notifications in their countries.

21. Preference will be given to applications from least-developed countries (LDCs), and from developing country Members and Observers that have not been sponsored to participate in a thematic workshop on the SPS Agreement in the recent past. No more than **one** participant from each country will be selected.

22. Government officials from WTO Members and Observers meeting the abovementioned criteria and wishing to apply for the thematic workshop must complete the application form in Attachment I in accordance with the instructions provided in Annex III. Please copy the application form found in Attachment I and save it as a separate document before submitting.

23. An economy-class round-trip air-ticket (excursion fare, if applicable), daily subsistence allowance for the duration of the workshop and the SPS Committee meetings (from 18 to 22 October 2010) and terminal expenses will be provided to the selected participants as of the opening day of the activity. Other administrative arrangements shall be communicated directly to the selected participants in advance to the course.

IV. REGIONAL SPS WORKSHOPS

Level of this activity: 1 3

A. OVERVIEW

24. The Secretariat of the WTO organizes regional workshops on the SPS Agreement with the purpose of making participants fully aware of the WTO SPS Agreement, its implementation, and the possible implications at the regional and national levels. These workshops are generally funded by the Doha Development Agenda Global Trust Fund (DDAGTF).

25. The regional workshops also serve as an opportunity for government officials working with SPS matters in different developing countries to establish contact with their counterparts in other developing countries of the region, facilitating the exchange of information and the share of best practices related to the implementation of the SPS Agreement.

26. Representatives from the three international standard setting organizations referenced in the SPS Agreement (the FAO/WHO Codex Alimentarius Commission (Codex); the International Plant Protection Convention (IPPC) Secretariat; and the World Organisation for Animal Health (OIE)) actively participate as resource persons in these regional workshops, contributing with their knowledge and experience in their areas of expertise. In addition, the WTO may invite relevant regional organizations, international and regional development institutions and organizations, as well as other technical assistance organizations and bilateral donors involved in SPS matters to inform the participants of their latest activities.

B. SELECTION PROCESS

27. The WTO Secretariat will carry out a selection process aimed at better utilizing the resources available by ensuring that only qualified and suitable candidates participate in the regional workshops. The Secretariat will consider applications from all eligible Members and Observers subject to the receipt of the candidacy within the deadline and that the candidate meets the pre-requisites. The Secretariat will endeavour to ensure an overall balance regarding participants' specializations and countries of origin.

28. The targeted audience for these workshops are government officials:

- (a) holding direct responsibilities in the SPS area, i.e. SPS notification authority or enquiry point; Codex, IPPC or OIE contact points; officials from a relevant Ministry in charge of coordinating SPS matters and international trade; and
- (b) possessing a proven intermediate level of understanding of the principles and structure of the WTO and the principles and provisions of the SPS Agreement.

29. Government officials from WTO Members and Observers wishing to apply for participation in the regional workshops must complete the application form in Attachment I in accordance with the instructions provided in Annex IV. Please copy the application form found in Attachment I and save it as a separate document before submitting.

30. The Secretariat will inform Members' and Observers' contact points to the WTO (e.g. mission in Geneva) of the proposed selection of candidates from their government before the final selection.

31. Selected participants will receive an economy-class round-trip air-ticket (excursion fare, if applicable), daily subsistence allowance for the duration of the workshop only and terminal expenses at the applicable WTO rate. These will be provided to the participant by the WTO as of the opening day of the activity. Other administrative arrangements will be communicated directly to the selected participants in advance of each activity.

C. PRE-REQUISITES FOR PARTICIPATION

32. All candidates are required to have successfully completed the WTO e-Training Course on the SPS Agreement.

33. Candidates who have not undertaken the WTO e-Training Course on the SPS Agreement by the time of their application, must enrol and successfully complete one of the courses in 2010, as described in Section I. Applications from candidates who do not successfully complete the e-Training Course on the SPS Agreement will not be considered.

D. REGIONAL SPS WORKSHOPS IN 2010

34. In accordance with the WTO Biennial Technical Assistance and Training Plan 2010-2011 (WT/COMTD/W/170), three regional workshops on the SPS Agreement will be organized in 2010:

- Regional SPS Workshop for Asia and Pacific
- Regional SPS Workshop for Latin America⁶
- Regional SPS Workshop for Central and Eastern Europe, Central Asia and Caucasus.

35. Specific information and instructions for each of these three activities can be found in Annex IV.

V. ADVANCED SPS COURSE AND FOLLOW-UP SESSION

Level of this activity: 1 3

A. OVERVIEW

36. The 2010 Advanced SPS Course will be held from 11 to 29 October 2010 in Geneva, Switzerland, in **English**. This course is an in-depth and "hands-on" training activity conceived to encourage the active involvement of participants in SPS-related matters, ranging from addressing national implementation problems to the identification of SPS-related market access difficulties and how to develop strategies to overcome these.

37. The course comprises a series of sessions and practical exercises related to the implementation of the SPS Agreement. The first week of the course includes sessions aimed at deepening participants' understanding of the SPS Agreement. In the second week, participants will attend the SPS Committee meetings, with a view to learning how the Committee works in practice, so as to become familiar with the rules and procedures of the Committee and to participate in the discussions taking place there. In the third week, participants will compare their experiences and will learn more about how to improve the implementation of specific provisions of the SPS Agreement, including the application of concepts and principles such as risk analysis, harmonization, equivalence, regionalization and transparency. Dispute settlement, technical assistance and cooperation, and special and differential treatment will also be addressed. A number of external experts, including from Codex, IPPC and OIE, will participate in parts of the course.

38. Each participant will be required to elaborate an action plan with the assistance of coaches. This plan should address at least one or two implementation and/or market access challenges encountered in their countries. The implementation of these action plans will be monitored through a periodic reporting process after the course.

39. A follow-up session will be organized in June 2011, where participants to the advanced SPS course will report on the implementation of their action plans.

B. SELECTION PROCESS

40. The Secretariat will select a maximum of twenty-five participants for the advanced SPS course. The target audience for this course are government officials, in particular those:

⁶ Taking into account the different SPS characteristics and training needs between the Latin American and the Caribbean regions, in addition to the different languages amongst those countries, the WTO Secretariat will organize a separate regional SPS workshop for the Caribbean region in 2011.

- (a) holding direct responsibilities in SPS areas, e.g. specialists on food safety, animal health, plant protection or officials from a relevant Ministry in charge of coordinating SPS matters and international trade;
- (b) possessing a proven advance level of understanding of the provisions and structure of the WTO and the principles and provisions of the SPS Agreement; and
- (c) fluent in oral and written English.

41. Government officials from WTO Members and Observers wishing to apply for the advanced SPS course must complete the application form in Attachment I and follow the instructions provided in Annex V. Please copy the application form found in Attachment I and save it as a separate document before submitting.

42. The Secretariat will inform Members' and Observers' contact points to the WTO (e.g. mission in Geneva) of the proposed selection of candidates from their government before the final selection.

43. Selected participants will receive an economy-class round-trip air-ticket (excursion fare, if applicable), daily subsistence allowance for the duration of the workshop only and terminal expenses at the applicable WTO rate. These will be provided to the participant by the WTO as of the opening day of the activity. Other administrative arrangements will be communicated directly to the selected participants in advance to the course.

C. PRE-REQUISITES FOR PARTICIPATION

44. There are two pre-requisites for participation in the advanced SPS course:

- (a) All candidates are required to have successfully completed the WTO e-Training Course on the SPS Agreement. Candidates who have not undertaken the WTO e-Training Course on the SPS Agreement by the time of their application must enrol and successfully complete one of the courses in 2010, as described in Section I. Applications from candidates who do not successfully complete the e-Training Course on the SPS Agreement will not be considered.
- (b) Before the start of the course, the selected participants will receive a questionnaire to assess the level of implementation of the SPS Agreement in their countries. Completion and submission of the responses to the questionnaire is compulsory for participation in the course.

Further information can be found in Section I of this document.

ANNEX II

Progressive Learning Strategy

SPS-specific Technical Assistance (TA) Activities

1. In order to respond to the need for greater coherence and complementarity in WTO capacity-building, the Institute for Training and Technical Cooperation (ITTC) has developed a progressive strategy to promote higher levels of learning and to encourage the development of participants' autonomy, with a view to building and sustaining the long-lasting human and institutional capacity of beneficiary countries to participate most effectively in the rules-based multilateral training system.
2. In this regard, two broad categories of participants in WTO capacity-building have been identified:
 - (a) **"Generalists"** are those government officials who will need a broad knowledge of the WTO to conduct their work, such as capital-based officials dealing with WTO issues or delegates posted to Geneva missions with general responsibility for WTO affairs;
 - (b) **"Specialists"** are those government officials that will require in-depth knowledge in a specific area, such as those officials working on a specific issue in a particular Ministry in their capital (for example, those who are dealing with SPS issues).
3. Following this strategy, each SPS-specific technical assistance activity has been categorized based on a scale of three training levels, ranging from "Level 1" (the least advanced, introductory activities) to "Level 3" (the most advanced, in-depth training activities).

Progressive Learning Strategy	
Level	SPS-specific TA Activity
1 and 2	e-Training Courses on the SPS Agreement ¹
2	National SPS Seminars ²
2	Thematic SPS Workshop, in Geneva
2	Regional SPS Workshops ³
3	Advanced SPS Course, in Geneva

¹ While an introduction to the SPS Agreement is included in the Level 1 e-Training course "Introduction to the WTO", this Internet course on the SPS Agreement is the most introductory-level training available specifically on the SPS Agreement.

² National SPS seminars may have a lower (more introductory) or higher (in-depth, advance training) level, depending on the training needs identified by the requesting Member, and the level of knowledge and experience of the participants. The Secretariat will aim to tailor the structure and content of these seminars according to each specific request and through consultations with the beneficiary Member during the preparation phase of the seminar.

³ The training provided in regional SPS workshops will, in general, be more advanced than the training given in national SPS seminars, as it will also focus on regional challenges and coordination matters. In determining the level of each regional workshop, the Secretariat will take into account the level of implementation of the SPS Agreement by the participating countries (for instance, through participation in the SPS Committee, number of notifications, etc.), as well as the overall level amongst the selected candidates.

TRTA NATIONAL REQUEST FORM

Consistent with the demand driven nature of TRTA provided by the Secretariat, the attached form is designed to assist beneficiary countries, who would like to request a national technical assistance activity to be held in their country, in providing more detailed and specific background information on the nature of the activity to be conducted. This includes precise information on the objectives set for the activity, the required levels of specificity of the presentations, the target audience, expected participants' knowledge of subject(s) covered, etc. Also, it would be useful for the Secretariat to understand how the activity fits in the beneficiaries' overall strategies and if and how it is based on a specific needs assessment. This would allow the Secretariat to better tailor the technical assistance to the specific needs of the beneficiary, thus ensuring that expectations can be met.

To facilitate the process, the Secretariat stands ready to provide support and can give detailed information on the technical assistance that has been provided in beneficiary countries over the past two or three years.

The Secretariat would kindly request beneficiaries of TRTA to complete this form and send it back as an attachment to the official request. All forms should be addressed to the Director of the Institute for Training and Technical Cooperation and sent by fax to +41 22 739 57 64.

PLEASE COMPLETE THIS FORM FOR EACH TRTA AND CAPACITY BUILDING ACTIVITY
AND FORWARD IT WITH YOUR COVER LETTER TO:
THE INSTITUTE FOR TRAINING AND TECHNICAL COOPERATION (ITTC) – WTO - GENEVA
