

## Committee on Sanitary and Phytosanitary Measures

### WTO SPS TECHNICAL ASSISTANCE ACTIVITIES IN 2012: GENERAL INFORMATION, SELECTION PROCESS AND APPLICATION FORM

Note by the Secretariat<sup>1</sup>

#### Revision

1. The Secretariat of the WTO plans to organize a number of specific technical assistance activities on the Agreement on the Application of Sanitary and Phytosanitary Measures (SPS Agreement) in 2012. These activities include: E-Learning courses, national SPS seminars, a thematic SPS workshop in Geneva, regional SPS workshops and an advanced SPS course.<sup>2</sup> These activities will primarily focus on the provisions of the SPS Agreement, implementation matters and the latest discussions taking place in the SPS Committee.<sup>3</sup> The overall objective of the SPS technical assistance activities is to enhance the knowledge and expertise of government officials from WTO developing country Members and Observers, so they can better understand and implement the SPS Agreement, benefit from its provisions, and strengthen their capacity to engage in the work of the SPS Committee (for additional information on technical assistance activities related to the SPS Agreement, please consult the WTO website on <http://www.wto.org/sps/ta>).

2. This document provides detailed information about each SPS-specific WTO technical assistance activity planned for 2012, including information on dates, venues, eligibility and selection criteria of participants, instructions for submission of applications, deadlines and pre-requisites when required.

3. This document is structured according to the different types of SPS-specific technical assistance activities provided by the WTO:

- E-Learning Courses on the SPS Agreement
- National SPS Seminars
- Thematic SPS Workshop
- Regional SPS Workshops
- Advanced SPS Course and Follow-up Session

---

<sup>1</sup> This document has been prepared under the Secretariat's own responsibility and is without prejudice to the positions of Members or to their rights or obligations under the WTO.

<sup>2</sup> In addition to these SPS-specific technical assistance activities, the WTO offers training courses where the SPS Agreement is taught, such as Introduction Courses on the WTO to Least-developed Countries (LDCs), Short Trade Policy Courses, and Advanced Trade Policy Courses.

<sup>3</sup> The SPS Committee is scheduled to meet three times in 2012: 27-29 March; 10-11 July; and 17-18 October. Informal meetings of the SPS Committee and other SPS-related workshops might be scheduled during the weeks when the SPS Committee meetings take place. These dates are subject to change.

4. A chronological table with the dates and steps for application for all the SPS-specific technical assistance activities in 2012 can be found in Annex I.

5. The structure, content, target audience, pre-requisites, exercises and materials of these SPS-specific activities will follow the WTO progressive learning strategy (PLS).<sup>4</sup> Therefore, each activity is identified according to a scale ranging from "Level 1" (the least advanced, introductory activities) to "Level 3" (the most advanced, in-depth training activities). This measurement will, *inter alia*, assist in making candidates aware of the expected level of the activity before they apply, and facilitate the Secretariat's assessment of whether a candidate's profile and experience match the level of the activity when carrying out the selection process. This will ultimately help ensure that the participants in a particular activity are able to most effectively follow and contribute to the discussions, and that they have an harmonized level of understanding of the SPS Agreement. Further information on the WTO progressive learning strategy and a table with the level of the SPS-specific technical assistance activities is in Annex II.

## I. E-LEARNING COURSES ON THE SPS AGREEMENT

Level of this activity: 1    3

6. The WTO offers on-line Internet courses on the SPS Agreement, so as to enable government officials from around the world to learn, through an interactive tool, about the basic provisions and principles of the SPS Agreement, the work of the SPS Committee and the SPS disputes brought to the WTO Dispute Settlement Mechanism. During the entire course, participants receive personal tutoring from an assigned staff member of the WTO Secretariat who is responsible for clarifying and responding to any SPS-related question. While an introduction to the SPS Agreement is included in the E-Learning course "Introduction to the WTO", this Internet course on the SPS Agreement is the most introductory-level training available specifically on the SPS Agreement.

7. The course is available in all three WTO official languages (English, French and Spanish) and is divided into eight modules which must be completed within three months. At the end of each module, participants are required to take a short on-line test. The completion of these tests is required for the successful completion of the course.

8. Successful completion of the E-Learning Course on the SPS Agreement is a pre-requisite for participation in a number of other SPS technical assistance activities, such as the Regional Workshops and the Advanced SPS Course. However, successful completion of the E-Learning Course on the SPS Agreement **does not guarantee** selection for other SPS-related training events. Government officials who have already successfully completed the E-Learning Course on the SPS Agreement, in any of the available languages, are *not* required to undertake it again.

9. The WTO will offer E-learning Courses on the SPS Agreement throughout the year.

10. While the WTO E-Learning material is freely available on the WTO E-Learning website, participants have to register and submit a nomination form in order to participate in a monitored course, access the module exams and obtain a WTO certificate.

11. Government officials from WTO Members and Observers wishing to register for the E-Learning Course on the SPS Agreement must access the WTO E-Learning website

---

<sup>4</sup> The primary aim of the PLS is to promote higher levels of learning and to encourage the development of participants' autonomy, with a view to building and sustaining the long-lasting human and institutional capacity of beneficiary countries to participate most effectively in the rules-based multilateral training system.

(<http://etraining.wto.org>). In order to register for a course, two forms are to be filled-in and submitted:

- (a) **On-line Registration Form:** available on <http://etraining.wto.org> at "Online Courses". This registration form needs to be completed on-line, and the system will generate a registration number that will be used in the "nomination form";
- (b) **Nomination Form:** the candidate should be confirmed by the responsible government authorities. The nomination form is also available on <http://etraining.wto.org> at "Online Courses". The completed nomination form must be sent either by email (scanned) to [elearning.registration@wto.org](mailto:elearning.registration@wto.org) or by fax to +41 22 739 5191.

12. Further information and instructions about the registration process for the E-Learning Course on the SPS Agreement can be found on the website <http://etraining.wto.org>.

## II. NATIONAL SPS SEMINARS

Level of this activity: 1   3

13. WTO developing country Members and Observers are entitled to request national seminars with a view to address specific training needs on the SPS Agreement and its implementation. In this regard, the programmes for national seminars are elaborated by the beneficiary country in consultation with the WTO Secretariat. It is possible to address both the SPS and TBT Agreements, or the SPS Agreement and the Agreement on Agriculture, in a single national seminar.

14. National SPS seminars may have a lower (more introductory) or higher (in-depth, advance training) level, depending on the training needs identified by the requesting Member, and the level of knowledge and experience of the participants. The Secretariat will aim to tailor the structure and content of these seminars according to each specific request and through consultations with the beneficiary Member during the preparation phase of the seminar.

15. To request a national seminar on the SPS Agreement, Members and Observers must submit a formal request according to the document TRTA National Request Form (JOB/TC/2), which is found in Attachment II.

16. The request must be submitted through the Member's or Observer's contact point to the WTO (e.g. mission in Geneva) and be addressed, with a cover letter, to the Director of the WTO Institute for Training and Technical Co-operation (ITTC) by fax: +41 22 739 57 64.

17. Due to the increased number of requests received for national SPS seminars in recent years, the Secretariat encourages Members and Observers to submit any request for national SPS seminars as early as possible to ensure proper coordination and preparation for these activities.<sup>5</sup>

---

<sup>5</sup> While every effort will be made to accommodate the requests of Members and Observers, the Secretariat cannot guarantee that it will have the necessary resources to provide all requested national seminars during the year requested.

### III. THEMATIC SPS WORKSHOP

Level of this activity: 1    3

18. The Secretariat will organize a special workshop on the Transparency Provisions of the SPS Agreement to be held in Geneva, Switzerland. The workshop will take place on Monday, 15 October 2012. The SPS informal and regular meetings will be held on 16-18 October 2012.

19. The objective of the workshop is to bring together officials from WTO Members' SPS enquiry points and national notification authorities for an in-depth technical session focusing on the WTO online tools which Members can use to fulfil the transparency obligations of the SPS Agreement and benefit from a more transparent system:

- (a) Delegates to the SPS Committee will have the opportunity to participate in technical sessions aimed at providing "hands on" guidance on how to submit online notifications using the SPS Notification Submission System (SPS-NSS).
- (b) Delegates will receive detailed "hands-on" training on how to use the SPS Information Management System (SPS-IMS)<sup>6</sup> to search for information and documents, prepare pre-defined documents, and prepare custom reports related to information available in SPS notifications and other documents.
- (c) Delegates will have the opportunity to share their experiences on the use of the WTO electronic tools, including to meet the transparency obligations of the SPS Agreement.
- (d) Representatives of the Codex, IPPC and OIE will be invited to provide information on their online tools that can be helpful to Members.

20. The workshop is open to participation by all delegates from WTO Members and Observers attending the SPS Committee meeting in October 2012.

21. The WTO, with the financial assistance of the Doha Development Agenda Global Trust Fund (DDAGTF), will sponsor the participation of approximately 50 government officials from developing country Members and Observers. The Secretariat will select participants to be sponsored from applications received from capital-based officials holding direct responsibilities in the work of either the SPS enquiry point or the national notification authority. Exceptions will be made for candidates from WTO Members that have not yet designated their SPS enquiry point and/or the national notification authority, as well as for WTO Observers, on the basis of evidence that the candidate has, or will have, responsibilities related to SPS notifications.

22. Preference will be given to applications from least-developed countries (LDCs), and from developing country Members and Observers that have not been sponsored to participate in a transparency workshop on the SPS Agreement in the recent past. No more than **one** participant from each Member/Observer will be selected.

23. Government officials from WTO Members and Observers meeting the above-mentioned criteria and wishing to apply for the thematic workshop must complete the application form referenced in Attachment I in accordance with the instructions provided in Annex III. Please access

An economy-class round-trip air-ticket (excursion fare, if applicable), daily subsistence allowance for the duration of the workshop and the SPS Committee meetings (from 15 to 19 October 2012) and terminal expenses will be provided to the selected participants as of the opening day of the activity. Other administrative arrangements shall be communicated directly to the selected participants in advance to the course.

#### IV. REGIONAL SPS WORKSHOPS

Level of this activity: 1    3

##### A. OVERVIEW

25. The Secretariat of the WTO organizes regional workshops on the SPS Agreement with the purpose of making participants fully aware of the WTO SPS Agreement, its implementation, and the possible implications at the regional and national levels. These workshops are generally funded by the Doha Development Agenda Global Trust Fund (DDAGTF).

26. The regional workshops also serve as an opportunity for government officials working with SPS matters in different developing countries to establish contact with their counterparts in other developing countries of the region, facilitating the exchange of information and the sharing of best practices related to the implementation of the SPS Agreement.

27. Representatives from Codex, IPPC and OIE actively participate as resource persons in these regional workshops, contributing their knowledge and experience in their areas of expertise. In addition, the WTO may invite relevant regional organizations, international and regional development institutions and organizations, as well as other technical assistance organizations and bilateral donors involved in SPS matters, to inform the participants of their latest activities.

##### B. REGIONAL SPS WORKSHOPS IN 2012

28. In accordance with the WTO Biennial Technical Assistance and Training Plan 2012-2013 (WT/COMTD/W/180/Rev.1), four regional workshops on the SPS Agreement will be organized in 2012:

- Regional SPS Workshop for Latin America (co-organized with the Inter-American Development Bank)<sup>7</sup>
- Follow-up Regional SPS Workshop for English-speaking Africa<sup>8</sup>
- Regional SPS Workshop for Asia and Pacific
- Regional SPS Workshop for Central and Eastern Europe, Central Asia and the Caucasus.

---

<sup>7</sup> This activity will be a PLS Level 3.

<sup>8</sup> The 2012 Regional Workshop for English-speaking Africa will be a follow-up session to the Regional Workshop which was held in Nairobi, Kenya on 22-25 November 2011. Preference will be given to the WTO-funded participants that attended the Regional SPS Workshop for English-speaking Africa in 2011, but a limited number of new participants may be selected. This activity will be a PLS Level 3.

29. Specific information and instructions for each of these four activities can be found in Annex IV.

C. SELECTION PROCESS

30. The WTO Secretariat will carry out a selection process aimed at better utilizing the resources available by ensuring that only qualified and suitable candidates participate in the regional workshops. The Secretariat will consider applications from all eligible Members and Observers subject to the receipt of the candidacy within the deadline and that the candidate meets the pre-requisites. The Secretariat will endeavour to ensure an overall balance regarding participants' specializations, countries of origin and gender.

31. The targeted audience for these workshops are government officials:

- (a) holding direct responsibilities in the SPS area, i.e. SPS notification authority or enquiry point; Codex, IPPC or OIE contact points; officials from a relevant Ministry in charge of coordinating SPS matters and international trade; and
- (b) possessing a proven intermediate level of understanding of the principles and structure of the WTO and the principles and provisions of the SPS Agreement.

32. Government officials from WTO Members and Observers wishing to apply for participation in the regional workshops must complete the application form referenced in Attachment I in accordance with the instructions provided in Annex IV.<sup>9</sup> Please access the application form at the following link: [http://wto.org/english/tratop\\_e/sps\\_e/application\\_e.doc](http://wto.org/english/tratop_e/sps_e/application_e.doc).

33. The Secretariat will inform Members' and Observers' contact points to the WTO (e.g. mission in Geneva) of the proposed selection of candidates from their government before the final selection.

34. Selected participants will receive from the WTO an economy-class round-trip air-ticket (excursion fare, if applicable), full board services and facilities at the hotel where the activity is held (bed, breakfast, lunch, dinner and ground transport airport-hotel-airport). The WTO will also provide the confirmed participants with 100 Swiss Francs lump sum for their out of pocket expenses. This amount will be provided during the two weeks after the closure of the activity, via Western Union or bank transfer once the participant has returned to his/her home country. In addition, when stopovers are mentioned in the air-tickets issued by the WTO, the participant will receive 300 Swiss Francs per stopover. This/These amount(s) will be provided during the two weeks after the closure of the activity only, via Western Union or bank transfer and once the participant has returned to his/her home country. Other administrative arrangements will be communicated directly to the selected participants in advance of each activity.

D. PRE-REQUISITES FOR PARTICIPATION

35. Preference will be given to those candidates that have successfully completed the WTO E-Learning Course on the SPS Agreement by the time they submit their application. All participants are expected to have completed the E-Learning Course before the start of the workshop. See Section I regarding enrolment in the E-Learning Course.

37. For the **Follow-up Regional SPS Workshop for English-speaking Africa**, preference will be given to WTO-funded participants that attended the 2011 Regional SPS Workshop for English-speaking Africa (held in Nairobi, Kenya), and only a limited number of new participants may be selected.

## V. ADVANCED SPS COURSE AND FOLLOW-UP SESSION

Level of this activity: 1  2  3

### A. OVERVIEW

38. The 2012 Advanced SPS Course will be held from **8 to 26 October 2012** in Geneva, Switzerland, in **French**. This course is an in-depth and "hands-on" training activity conceived to encourage the active involvement of participants in SPS-related matters, ranging from addressing national implementation problems to the identification of SPS-related market access difficulties and how to develop strategies to overcome these.

39. The course comprises a series of sessions and practical exercises related to the implementation of the SPS Agreement. The first week of the course includes sessions aimed at deepening participants' understanding of the SPS Agreement. In the second week, participants will participate in the workshop on transparency, and attend the SPS Committee meetings, with a view to learning how the Committee works in practice, so as to become familiar with the rules and procedures of the Committee and to participate in the discussions taking place there. In the third week, participants will compare their experiences and will learn more about how to improve the implementation of specific provisions of the SPS Agreement, including the application of concepts and principles such as risk analysis, harmonization, equivalence, regionalization and transparency. Dispute settlement, technical assistance and cooperation, and special and differential treatment will also be addressed. A number of external experts, including from Codex, IPPC and OIE, will participate in parts of the course.

40. Each participant will be required to elaborate an action plan with the assistance of coaches. This plan should address at least one or two implementation and/or market access challenges encountered in their countries. The implementation of these action plans will be monitored through a periodic reporting process after the course.

41. A follow-up session will be organized in June 2013, where participants to the Advanced SPS Course will report on the implementation of their action plans.

## ANNEX II

### Progressive Learning Strategy SPS-specific Technical Assistance (TA) Activities

1. In order to respond to the need for greater coherence and complementarity in WTO capacity-building, the Institute for Training and Technical Cooperation (ITTC) has developed a progressive strategy to promote higher levels of learning and to encourage the development of participants' autonomy, with a view to building and sustaining the long-lasting human and institutional capacity of beneficiary countries to participate most effectively in the rules-based multilateral training system.

2. In this regard, two broad categories of participants in WTO capacity-building have been identified:

- (a) **"Generalists"** are those government officials who will need a broad knowledge of the WTO to conduct their work, such as capital-based officials dealing with WTO issues or delegates posted to Geneva missions with general responsibility for WTO affairs;
- (b) **"Specialists"** are those government officials that will require in-depth knowledge in a specific area, such as those officials working on a specific issue in a particular Ministry in their capital (for example, those who are dealing with SPS issues).

3. Following this strategy, each SPS-specific technical assistance activity has been categorized based on a scale of three training levels, ranging from "Level 1" (the least advanced, introductory activities) to "Level 3" (the most advanced, in-depth training activities).

Progressive Learning Strategy	
Level	SPS-specific TA Activity
1 and 2	E-Learning Courses on the SPS Agreement <sup>1</sup>
2	National SPS Seminars <sup>2</sup>
2	Thematic SPS Workshop, in Geneva
2 and 3	Regional SPS Workshops <sup>3</sup>
3	Advanced SPS Course, in Geneva

<sup>1</sup> While an introduction to the SPS Agreement is included in the Level 1 E-Learning course "Introduction to the WTO", this Internet course on the SPS Agreement is the most introductory-level training available specifically on the SPS Agreement.

<sup>2</sup> National SPS seminars may have a lower (more introductory) or higher (in-depth, advance training) level, depending on the training needs identified by the requesting Member, and the level of knowledge and experience of the participants. The Secretariat will aim to tailor the structure and content of these seminars according to each specific request and through consultations with the beneficiary Member during the preparation phase of the seminar.

<sup>3</sup> The training provided in regional SPS workshops will, in general, be more advanced than the training given in national SPS seminars, as it will also focus on regional challenges and coordination matters. In determining the level of each regional workshop, the Secretariat will take into account the level of implementation of the SPS Agreement by the participating countries (for instance, through participation in the SPS Committee, number of notifications, etc.), as well as the overall level amongst the selected candidates.

JOB/TC/2

6 February 2012

### IMPLEMENTATION OF THE BIENNIAL TECHNICAL ASSISTANCE AND TRAINING PLAN 2012-2013

#### Requests for National TA Activities

1. The Biennial Technical Assistance Plan (TA Plan) for 2012-2013 was adopted by the Committee on Trade and Development on 14 November 2011 (WT/COMTD/W/180/Rev.1).
  2. Members are invited to **submit requests** for national activities to be held in 2012 at their earliest convenience. The TA Plan leaves considerable room for flexibility in matching available resources with national demands. The main objective of national activities is to address specific issues that in terms of priority cannot be adequately covered in the planned regional seminars and trade policy courses. *All requests should be addressed to the Director of the Institute for Training and Technical Cooperation (ITTC).*
  3. The requests should, as much as possible, be based on a **needs assessment** undertaken by the beneficiary or by the WTO Secretariat as reflected in Trade Policy Review Reports and other documents as well as by other organisations. Beneficiaries are invited to use the TRTA National Request Form annexed. The requests should contain precise information on the topics/issues to be addressed, so as to best tailor the assistance provided. Members are invited to indicate any support already offered by other agencies and/or donors on the same or related needs, so as to allow for efficient use of the Secretariat's financial and human resources.
  4. Pursuant to the implementation of the progressive learning strategy and the results based management approach to TRTA by the Secretariat, considerable emphasis is being placed on identifying the expected results or objectives of training activities. Therefore, the beneficiary would be requested prior to the activity to clearly state the expected outcomes or objectives that would result from the activity. ITTC and the beneficiary country will agree on what indicators will be used to ascertain whether the expected results have been achieved.
  5. Given the constraints in WTO resources, both human and financial, we need to plan carefully so that the demands are met to the extent possible. Resources permitting, no more than two national activities will be provided to the developing countries and no more than three for LDCs for each calendar year. This figure is indicative and aimed at ensuring that a disproportionate allocation of national seminars to the same beneficiary does not occur.
  6. All requests will be given serious and equal attention, but for organisational purposes, it would be helpful if requests are timely submitted by delegations. The Secretariat encourages Members to provide equal opportunity for men and women to participate in WTO's TA programmes.

**ANNEX TO JOB/TC/2**

**TRTA NATIONAL REQUEST FORM**

Consistent with the demand driven nature of TRTA provided by the Secretariat, the attached form is designed to assist beneficiary countries, who would like to request a national technical assistance activity to be held in their country, in providing more detailed and specific background information on the nature of the activity to be conducted. This includes precise information on the outputs and outcomes set for the activity, the required levels of specificity of the presentations, the target audience, expected participants' knowledge of subject(s) covered, etc.

Also, it would be useful for the Secretariat to understand how the activity fits in the beneficiaries' overall strategies and if and how it is based on a specific needs assessment. This would allow the Secretariat to better tailor the technical assistance to the specific needs of the beneficiary, thus ensuring that expectations can be met.

To facilitate the process, the Secretariat stands ready to provide support and can give detailed information on the technical assistance that has been provided in beneficiary countries over the past two or three years.

The Secretariat would kindly request beneficiaries of TRTA to complete this form and send it back as an attachment to the official request. All forms should be addressed to the Director of the Institute for Training and Technical Cooperation and sent by fax to +41 22 739 57 64.
