

Committee on Sanitary and Phytosanitary Measures

SUMMARY OF THE MEETING HELD ON 15-16 SEPTEMBER 1998

Corrigendum

The following corrections should be made to the document:

Paragraph 6, 4th sentence:

"If shipments of imported coconuts came from a region that was not recognized as being free from the lethal yellowing mycoplasma-like organism (MLO), the viroid cadang cadang, and from the weed striga, it was subjected to prior inspection."

Paragraph 20, 1st sentence:

"... the embargo on the import of beef on the bone from the European Communities ...".

Paragraph 33, 2nd sentence:

"These imports came from seventeen countries: Antigua and Barbuda, Barbados, Argentina, ...".

Paragraph 69, 2nd sentence:

"... which would target Middle Eastern countries and deal with FMD, rinderpest, "peste des petits ruminants", Rift Valley fever and brucellosis."
