

Committee on Sanitary and Phytosanitary Measures

SUMMARY OF THE MEETING OF 7-8 NOVEMBER 2019

NOTE BY THE SECRETARIAT¹

*Corrigendum**

Please note that paragraph 3.38. of document G/SPS/R/97 should read as follows:

3 SPECIFIC TRADE CONCERNS (G/SPS/GEN/204/REV.19)

3.2 Issues previously raised

3.2.2 EU legislation on endocrine disruptors – Concerns of Ecuador, Guatemala, Panama, Paraguay and the United States (No. 382)

3.38. Paraguay reiterated its concern that the EU measure could affect a high volume of its exports, with the economic implications that this entailed for a developing country. **Paraguay** requested that the European Union adopt levels of protection that did not restrict trade more than necessary, to adopt the Codex standards and, where this was not possible, to provide conclusive scientific evidence, as well as to ensure tolerance to importations. Paraguay urged the European Union to send its full statements and answers in written to the Committee.
