- Subsidy Recipients and the Way Subsidies Were Granted

The programme was carried out by regional authorities and other enterprises of related branches of economy which were determined on the competitive basis under the Federal Law "On Tenders for Placement of Orders for Delivery of Goods, Performing of Works, and Rendering of Services for State Needs".

- Amount

Fiscal Year 2005 Annual Appropriations (approximate rubles in millions):

Total: Rubles 102 million:

- Rubles 102 million were allocated under this programme from the Federal Budget of year 2005 for the purposes of house construction, construction of deer slaughter points, construction of a small capacity bakery, small capacity factory on mushrooms and berries processing.

- Duration

Years 2002-2011.

- Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

6. Federal Targeted Programme "National Technological Basis: Years 2002-2006"

- Purpose of Subsidizing

The main purpose of the programme is to provide socio-economic development and national security via stirring up R&D and improvement of professional level of experts in high-tech industry.

- Legal Framework

- Federal Law No. 173-FZ of 23 December 2004 "On the Federal Budget for 2005"; and
- Resolution of the Government of the Russian Federation No. 799 of 8 November 2001 "On Federal Targeted Programme "National Technological Basis for the period of 2002 to 2006"".

- Form of Subsidizing

The programme was implemented on the basis of State contracts (agreements), concluded in accordance with the procedure established by the law between the Ministry of Industry and Energy of the Russian Federation and contractors, who were determined in accordance with commercial reasonability.

- Subsidy Recipients and the Way Subsidies Were Granted

The programme was carried out by respective leading scientific organizations or consortiums which were determined on the competitive basis.

- Amount

Fiscal Year 2005 Annual Appropriations (approximately, million rubles):

Total: Rubles 2,137 million rubles:

- Rubles 527 million were allocated under this programme from the Federal Budget of year 2005 for the purposes of supplying scientific organizations with equipment and rubles 1260 million were allocated for R&D.

Sub-programmes: Creation of aerospace materials and development of special Russian metallurgy taking into account reconstruction of strategic materials and special chemistry producing.

Rubles 200 million were allocated under this programme from the Federal Budget of year 2005 for the purposes of supplying scientific organizations with equipment and Rubles 150 million were allocated for R&D in this area.

- Duration

Years 2002-2006.

- Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

7. Federal Targeted Programme "Development of Civil Aircraft: Years 2002-2010 and up to 2015"

- Purpose of Subsidizing

The main purpose of the programme is to assist civil aircraft producers in meeting demand for their production in civil aircraft market; development of scientific, technical and manufacturing potential of the domestic aircraft industry; ensuring of passengers' and cargos' transportation through aircrafts modernization.

- Legal Framework

- Federal Law No. 173-FZ of 23 December 2004 "On the Federal Budget for 2005"; and
- Resolution of the Government of the Russian Federation No. 728 of 15 October 2001 "On the Federal Special Purpose Programme "Development of Civil Aircraft for the period of 2002-2010 and up to 2015"".

- Form of Subsidizing

The programme was implemented on the basis of State contracts (agreements), concluded in accordance with the procedure established by the law between the Aerospace Agency of the Russian Federation and contractors, who were determined in accordance with commercial reasonability.

- Subsidy Recipients and the Way Subsidies Were Granted

The programme was carried out by respective leading scientific organizations or consortiums which were determined on the competitive basis.

- Amount

Fiscal Year 2005 Annual Appropriations (approximate rubles in millions):

Total: Rubles 3,902 million rubles:

- Rubles 112 million were allocated under this programme from the Federal Budget of year 2005 for the purposes of infrastructure development in Civil Aircraft Industry, such as: rubles 30 million were allocated for the purposes of reconstruction of depot aerodrome in Zhukovskiy; rubles 25 million - reconstruction of wind tunnel in Zhukovskiy; rubles 42 million - construction of environmental test centre in Ghelendjik; rubles 10 million - reequipment of experimental base in Moscow; rubles 5 million - reconstruction of water recycling system of experimental stand;

- Rubles 3,790 million were allocated under this programme from the Federal Budget of year 2005 for the purposes of R&D in this area.

- Duration

Years 2002-2015.

- Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

8. Federal Targeted Programme "Energy Efficient Economy: Years 2002-2005 and up to 2010"

- Purpose of Subsidizing

- Amount

Fiscal Year 2005 Annual Appropriations (approximate rubles in millions):

Total: Rubles 10 million.

- Duration

Year 2005.

- Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

2. Governmental Support of Commodity Producers in Fishing Industry and Other Enterprises in this Branch of Economy

Purpose of Subsidizing

Governmental support of commodity producers in fishing industry.

Legal Framework

- Federal Law No. 173-FZ of 23 December 2004 "On the Federal Budget for 2005";
- Federal Law No. 150-FZ of 27 December 2000 "On the Federal Budget for 2001"; and
- Resolution of the Government of the Russian Federation No. 320 of 2 June 2003 "On Rules Approval of Partial Compensation for the Interest Rates Charged for Credits Received from Russian Crediting Organizations from the Year 2005 Federal Budget to Commodity Producers in Fishing Industry and Other Enterprises which Produce Fishery Vessels".

Form of Subsidizing

Funds allocated from the Federal Budget for the purpose of partial compensation for the interest rates charged for credits received from Russian crediting organizations.

Subsidy Recipients and the Way Subsidies Were Granted

Commodity producers in fishing industry and other enterprises which produce fishery vessels which had taken credits from Russian credit organizations in years 2001-2004 under conditions established by the Government of the Russian Federation pursuant to Article 74 of the Federal Law No. 194-FZ of 30 December 2001 "On the Federal Budget for 2002"; Part of interest rate for this credits was compensated from the Federal Budget to commodity producers in fishing industry and other enterprises

Amount

Fiscal Year 2005 Annual Appropriations (approximate rubles in millions):

Total: Rubles 0.5 million.

Duration

Year 2005.

Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

3. Governmental Support of Light and Textile Industries

Purpose of Subsidizing

The main purpose of this programme is to support seasonal purchase of raw materials for production of consumer goods, technical and industrial goods.

- Legal Framework

- Federal Law No. 173-FZ of 23 December 2004 "On the Federal Budget for 2005";
- Federal Law No. 150-FZ of 27 December 2000 "On the Federal Budget for 2001"; and
- Resolution of the Government of the Russian Federation No. 616 of 22 August 2001.

- Form of Subsidizing

Funds allocated from the Federal Budget for the purpose of partial compensation for the interest rates charged for credits received from Russian crediting organizations.

- Subsidy Recipients and the Way Subsidies Were Granted

Light and textile industries producers which had taken credits from Russian credit organizations in years 2004-2005 under conditions established by the Government of the Russian Federation pursuant to Article 57 of the Federal Law No. 150-FZ of 27 December 2000 "On the Federal Budget for 2001"; Part of interest rate for this credits was compensated from the Federal Budget to light and textile industries producers.

- Amount

Fiscal Year 2005 Annual Appropriations (approximate rubles in millions):

Total: Rubles 30 million.

- Duration

Year 2005.

- Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

4. Governmental Support of Coal Industry

- Purpose of Subsidizing

The main purpose of this programme is to enhance social security of employees and secure work conditions in coal mining and liquidate major loss-making mines.

- Legal Framework

- Federal Law No. 173-FZ of 23 December 2004 "On the Federal Budget for 2005";
- Federal Law No. 150-FZ of 27 December 2000 "On the Federal Budget for 2001"; and
- Resolution of the Government of the Russian Federation No. 402 of 27 June 2005.

- Form of Subsidizing

Funds allocated from the Federal Budget for the purpose of partial compensation for the interest rates charged for credits received from Russian crediting organizations.

- Subsidy Recipients and the Way Subsidies Were Granted

Coal industry enterprises which had taken credits from Russian credit organizations in years 2004-2005 under conditions established by the Government of the Russian Federation pursuant to Article 57 of the Federal Law No. 150-FZ of 27 December 2000 "On the Federal Budget for 2001"; Part of interest rate for this credits was compensated from the Federal Budget to coal industry enterprises.

- Amount

Fiscal Year 2005 Annual Appropriations (approximate rubles in millions):

Total: Rubles 110 million.

- Duration

Year 2005.

- Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

5. Governmental Financial Support (Guarantees) of Industrial Products Export

- Purpose of Subsidizing

The main purpose of this programme is to equalization of costs for export credits which existed on foreign financial markets with respective costs in Russia.

- Legal Framework

- Federal Law No. 173-FZ of 23 December 2004 "On the Federal Budget for 2005";
- Federal Law No. 150-FZ of 27 December 2000 "On the Federal Budget for 2001";
- Resolution of the Government of the Russian Federation No. 1493-r of 14 October 2003; and
- Resolution of the Government of the Russian Federation No. 357 of 6 June 2005.

- Form of Subsidizing

Funds allocated from the Federal Budget for the purpose of partial compensation for the interest rates charged for credits received from Russian crediting organizations.

- Subsidy Recipients and the Way Subsidies Were Granted

Industrial products exporters which had taken credits from Russian credit organizations in years 2004-2005 under conditions established by the Government of the Russian Federation pursuant to Article 57 of the Federal Law No. 150-FZ of 27 December 2000 "On the Federal Budget for 2001"; Part of interest rate for this credits was compensated from the Federal Budget to industrial products exporters.

- Amount

Fiscal Year 2005 Annual Appropriations (approximate rubles in millions):

Total: Rubles 911.6 million.

- Duration

Year 2005.

- Statistical Data to Enable to Assess the Impact of Subsidy on Trade

It is not possible to estimate what, if any, trade effects may result from the use of this provision.

REGIONAL SUPPORT

Light Industry Support

Subsidy Recipient	Legal Authority	Way a Subsidy was Granted	Purposes of Financing	Amount (approx. million rubles)
