

AUSTRALIA - MEASURES AFFECTING IMPORTATION OF SALMON

Communication from the Chairman of the Panel

The following communication, dated 24 November 1997, addressed to the Dispute Settlement Body (DSB), is circulated in accordance with Article 12.9 of the DSU.

---

Article 12.8 of the DSU stipulates that the period in which the panel shall conduct its examination, from the date that the composition and terms of reference of the panel has been agreed upon until the date the final report is issued to the parties shall, as a general rule, not exceed six months. Pursuant to Article 12.9 of the DSU, when a panel considers that it cannot issue its report within six months, it shall inform the DSB in writing of the reasons for the delay together with an estimate of the period within which it will issue its report.

The Panel on "Australia - Measures Affecting Importation of Salmon" was established by the DSB on 10 April 1997, and parties agreed on its composition and terms of reference on 28 May 1997 (WT/DS18/3/Rev.1). I wish to inform you that the Panel will not be able to complete its work within the six months provided for in the DSU. The complexity of the matter and the Panel's decision to seek technical and scientific expertise pursuant to Article 11 of the Agreement on Sanitary and Phytosanitary Measures and Article 13 of the DSU are responsible for this delay.

The Panel intends to finalize its work by the end of April 1998.
