AND MARKETING OF BIOTECH PRODUCTS**

Reports of the Panel

Corrigendum

On page 1019, the sub-heading "Austria's safeguard measure on T25 maize" mistakenly carries a Roman numeral. The sub-heading should be of the same heading level as the sub-heading "Overall conclusions" on page 1020.

At para. 8.8, the third sentence contains an erroneous reference to "Belgium" and omits a necessary reference to "Greece". Accordingly, the third sentence should read as follows: "The safeguard measures challenged by the Complaining Parties have been taken by Austria, France, Germany, Greece, Italy and Luxembourg".
