VI. An importer should have a licence prior to the arrival of any of the product(s) covered under the Third Schedule of the Trade Act, Cap. 91:01.

VII. Import licence applications for some products may require the prior clearance of other agencies before the final issuance by the Ministry of Tourism, Industry and Commerce. (See Attachment II).

VIII. Any importer is eligible for a licence subject to the requirements. There are no laid down criteria based on performance or quotas.

IX. There are no bilateral quotas or export restraint arrangements. Export permits from exporting countries are not required.

XI. No licences are issued on condition that goods should be exported and not sold in the domestic market.

7. Where there is no quantitative limit on importation of a product or on imports from a particular country:

(a) Application for a licence must be submitted to the Ministry of Tourism, Industry and Commerce prior to the importation of the goods. An importer should obtain a licence prior to the arrival of any of the products covered under the Third Schedule of the Trade Act, Cap. 91:01.

(b) Under certain circumstances, a licence can be granted immediately on request.

(c) There are no limitations as to the period of the year during which application for licence and/or importation may be made.

(d) An importer may have to consult with more than one administrative organ depending on the products to be imported. (See 6.VII above).

8. None. In the event an application is refused (not approved), this is indicated to the applicant in writing.

Eligibility of importers to apply for licence

9. All persons, firms and institutions are eligible to apply for licences.

Documentational and other requirements for application for licence
