B. SUMMARY OF THE MAIN DEVELOPMENTS IN THE WORK OF THE COMMITTEE DURING THE PERIOD COVERED

4. During the reporting period, the Committee held its thirty-third, thirty-fourth, thirty-fifth and thirty-sixth meetings on 11 April and 14 October 2011, and 27 April and 29 October 2012. The minutes of these meetings are contained in documents G/LIC/M/33-36, respectively.

5. During the period covered, the Committee: (i) received notifications of legislation and/or publications submitted by [23] (up to 09.10.12) Members, notifications relating to the institution of import licensing procedures or changes in these procedures submitted by [14] (up to 09.10.12) Members, and replies to the Questionnaire on Import Licensing Procedures submitted by [59] (up to 09.10.12) Members.² The complete list of notifications submitted by Members during the reporting period is contained in Annex I; (ii) discussed the matter of compliance with notification obligations and how the issue of transparency could be improved; (iii) adopted its annual reports for 2011 and 2012 to the Council for Trade in Goods in accordance with Article 7.4 of the Agreement (G/L/968 and G/L/[]); (iv) carried out the ninth biennial review of the implementation and operation of the Agreement under Article 7.1 on the basis of a factual report prepared by the Secretariat (G/LIC/W/37 and G/L/[]); and, (v) conducted the ninth and final transitional review of the implementation of China's commitments in the import licensing area pursuant to Paragraph 18 of its Protocol of Accession³. The report of the Committee to the Council for Trade in Goods on this review was circulated in document G/LIC/23 (G/LIC/M/34, paragraphs 4.1 – 4.13).

6. The Chairs noted that progress had taken place with regard to Members' notification obligations; some Members had now submitted for the first time their notifications under Articles 1.4(a) and/or 8.2(b) and under Articles 5 and 7.3 of the Agreement. Nevertheless, the Chairs expressed that there were still many Members who failed to submit the required notifications on time. In this regard, the Committee was informed of the steps taken by the Chairs and the Secretariat with a view to improving the situation. It was recalled that since 2009, at the request of the Chairperson and

³ WT/L/432.

in light of the suggestions and ideas proposed and discussed at the informal meetings, the Secretariat had prepared and sent specific letters to each one of the WTO Members; this was to remind them of their transparency obligations, highlighting the date of the last notification received from their authorities, especially under Article 7.3 of the Agreement. These letters also contained an invitation to Members to review the status of their notifications in general and update them whenever necessary; they also included samples of statements to be used by those Members which had not introduced any changes or only minor changes to their import licensing regimes already notified to the Committee. The latter had proved to be acceptable and easily applicable and some Members have already adopted such short statements in their notifications.

7. At its meeting on 11 April 2011, the Chair for 2010 also informed the Committee that, as a result of the informal discussions on transparency related to the Agreement, she had requested the Secretariat, under her own responsibility, to prepare two notification forms relating to the notification procedures under Articles 1.4(a) and/or 8.2(b), and Article 5 of the Agreement and that in an informal meeting, delegations who intervened reiterated and highlighted the importance of the forms, the benefits that would be derived from use thereof, such as upgrading the quality and standardizing the information submitted by Members, facilitating the tasks of officers responsible for notifications in their capitals, and therefore encouraged the use of forms, on a voluntary basis, to notify under Article 1.4(a) and/or 8.2(b) and Article 5 of the Agreement. Few delegations highlighted these benefits and advantages but indicated they were still not in a position to adopt such forms, but that they would not oppose to their use by Members who wish to do so. She concluded that as a result of two years of informal discussions, there was wide support for the use of the forms on a voluntary basis, which in real terms meant that if some Members decided to use the forms, they could do so to fulfil their notification obligations under the Agreement, while the ones who would like to continue using the formats they had customarily been using would continue to do so. In light of the above, she requested the Secretariat to circulate the forms in the G/LIC document series and to make them available to Members, indicating that these were forms that could be used on a voluntary basis by Members who would like to fulfil their notification obligations under the said provisions; she also requested the Secretariat to post the forms on the Members' website to facilitate usage. The Committee took note of the information and agreed that the forms be circulated in the G/LIC document series⁴ and posted on the WTO Members website. Since then the majority of notifications submitted under Articles 1.4(a) and/or 8.2(b) and under Article 5 of the Agreement had been circulated using these forms⁵.

8. At the 27 April 2012 meeting the Chair drew the Committee's attention to the recommendations concerning cost savings contained in paragraphs 29–30 of document WT/BFA/128 drawn up by the Committee on Budget, Finance and Administration which were adopted by the General Council on 30 November 2011. He stated that the main message was that the WTO was moving to a paperless environment where distribution of hard copies of documentation within the Secretariat and to Members had been or would soon cease. Additionally, there was a directive to reduce the overall volume of official documents, which would include reducing the length of reports, annexes and statements; this, with a view to cutting back on translation and interpretation costs. There was also a request to all Chairs to systematically seek to improve the scheduling and conducting of meetings with a view to reducing the number and length of such meetings. So for example, Chairs had been requested to start the meeting on time and to try and avoid the cancellation of meetings. He invited the Committee to take note of the recommendations listed in paragraphs 29 to 31 of document WT/BFA/128 and to agree to follow them wherever possible.

⁴ See document G/LIC/22.

⁵ Since August 2011 when the notification forms were filed electronically, 16 out of a total of 20 notifications circulated under Articles 1.4 (a) and/or 8.2(b) used the new notification form and 19 out of a total of 22 notifications circulated under Article 5 used the new notification form.

9. Additionally and with regard to notifications, he recalled that at the informal meeting that took place immediately before the formal meeting, the Secretariat was asked to prepare, for Members' consideration in informal mode, a draft notification form for notifying under Article 7.3 of the Agreement and a draft text on the use of electronic versions of attachments to notifications submitted under the different provisions in the Agreement. [To be updated according to the developments of the meeting on 29 October 2012]

10. As at 29 October 2012, there remained 18 Members⁶, including the recently acceding Members, that had not submitted any notifications under the Agreement only [101] Members had submitted notifications of laws, regulations and administrative procedures relevant to import licensing under Articles 1.4(a) and 8.2(b); only [40] Members⁷ had notified the institution of new licensing procedures or changes in existing procedures under paragraphs 1-4 of Article 5; and a cumulative total of [104] Members had submitted replies to the Questionnaire under Article 7.3 since the entry into force of the WTO Agreement (See Figure 1).

FIGURE 1: NUMBER OF MEMBERS HAVING SUBMITTED NOTIFICATIONS SINCE 1995.

11. Though the Agreement required all Members to provide replies to the Questionnaire on an annual basis, the total notified each year was much less than the Membership of the WTO (11 Members in 1995, 22 Members in 1996, 25 Members in 1997, 26 Members in 1998, 20 Members in 1999, 32 Members in 2000, 23 Members in 2001, 41 Members in 2002, 25 Members in 2003, 21 Members in 2004, 19 Members in 2005, 46 Members in 2006, 37 Members in 2007; 31 Members in 2008, 42 Members in 2009, 41 Members in 2010, 43 in 2011 and [32] up to now (09.10.2012) in 2012 (See Figure 2).

12. Members who had not yet submitted the required notifications or provided clarifications sought by other Members were urged to do so without any further delay. Members who had technical problems in preparing the notifications were requested to consult the Secretariat in order to assist them in complying with the requirements. The Secretariat had been contacted by some delegations requesting its assistance in the notifying process. Responses and explanations have been provided and most of these delegations have now submitted notifications or had expressed that they are in the process of preparing their notifications and will submit them soon. During the period under review several Members submitted, for the first time, their notifications under various provisions of the Agreement⁸.

14. Paragraph 4(a) of Article 1 and paragraphs 3, 4, 5(b), 5(c) and 5(d) of Article 3 require Members to publish certain information "for other Members and traders to know the basis for granting and/or allocating licences", or "in such a manner as to enable governments and traders to become acquainted with them". Article 1.4(a) requires Members to notify to the Committee the sources in which the information concerning import licensing procedures are published, and to make copies of these publications available to the Secretariat.

16. The Committee agreed that in cases where the publications or legislation were not in a WTO official language, Members shall provide, together with such publications or legislation, a summary of the notification in one of the WTO languages. Other Members may ask for a full translation if they so wish, or seek any additional information on a bilateral basis. Any issues that cannot be solved on a bilateral basis may be brought to the attention of the Committee. It was also agreed that the first notification under Article 8.2(b) shall contain the full text of relevant laws and regulations in effect on the entry into force of the WTO Agreement for the Member concerned (G/LIC/M/2 and G/LIC/3).

17. During the period covered, the Committee received [28] (up to 09.10.12) notifications of legislation and/or publications pursuant to Articles 1.4(a) and/or 8.2(b) of the Agreement from [23] (up to 09.10.12) Members. Paragraph 2(a) of Article 2 states that "automatic import licensing procedures shall not be administered in such a manner as to have restricting effects on imports subject to automatic licensing. Automatic licensing procedures shall be deemed to have trade-restricting effects unless, *inter alia*: (i) any person, firm or institution which fulfils the legal requirements of the importing Member for engaging in import operations involving products subject to automatic licensing is equally eligible to apply for and to obtain import licences; (ii) applications for licences may be submitted on any working day prior to the customs clearance of the goods; (iii) applications for licences when submitted in appropriate and complete form are approved immediately on receipt, to the extent administratively feasible, but within a maximum of 10 working days".¹¹ Article 3 defines
