ON IMPORT LICENSING PROCEDURES FROM CHAD¹**

Question from the UNITED STATES to CHAD²

The following communication, dated 25 October 2000, has been received from the Permanent Mission of the United States.

According to G/LIC/N/1/TCD/2 and G/LIC/N/3/TCD/1, Chad has an import licensing regime for a handful of products. Its notifications under Articles 1.4(a)/ 8.2 and 7.3, however, have not provided the Committee either with information on the laws upon which the licensing is based nor the information requested in the Questionnaire³.

- Please cite and describe the legal instruments Chad uses to apply its few licensing requirements, and provide the description requested in Article 7.3 of the Agreement to the Committee, e.g., in an addendum to document G/LIC/N/1/TCD/2 and N/3/TCD/1.
