NOTIFICATIONS UNDER ARTICLE 22.2 OF THE AGREEMENT
ON IMPLEMENTATION OF ARTICLE VII OF THE GENERAL
AGREEMENT ON TARIFFS AND TRADE 1994

SWITZERLAND

The following communication, dated 3 July 1995, has been received from the Permanent Mission of Switzerland.

Switzerland does not have any particular legislation relating to customs valuation, as it levies only specific customs duties (by weight, in most cases). Consequently, Switzerland has made no changes in laws and regulations relating to the provisions of the Agreement on Implementation of Article VII of GATT 1994.
