COMMUNICATION FROM THAILAND

Conditional Offer on Maritime Transport Services

Addendum

The following communication dated 28 June 1996 is being circulated at the request of Thailand to members of the Negotiating Group on Maritime Transport Services.

"I have the honour to refer to our note No. 0204 (GE)/851 dated 14 June 1996, concerning Thailand's conditional improved offer on maritime transport services.

The Government of Thailand has the honour to inform you that as of now it was clear that the major negotiating partner would not table its matching offer. The Government of Thailand, therefore, deems that it is necessary to withdraw its improved offer contained in document S/NGMTS/W/26".
