a DFA: direct financial assistance; FI: funding to institutions; TE: tax expenditures.

b Estimates are derived primarily from Australian Government budget papers, departmental annual reports and Treasury's 2005 TES.

c Estimate for 2004/05 based on the previous year's funding.

d Funding for the Australian Tourist Commission (ATC) was previously allocated across services industries based on international visitor expenditure data, while other tourism assistance measures were allocated to 'unallocated other'. For the 2004/05 Review, funding for the ATC/Tourism Australia together with other tourism-related assistance has been allocated to 'unallocated services'. The Commission intends to revise its treatment of tourism assistance in the context of 2005/06 Review.
