**Committee on Subsidies and Countervailing Measures**

Original: English

**SUBSIDIES**NEW AND FULL NOTIFICATION PURSUANT TO ARTICLE XVI:1 OF  
THE GATT 1994 AND ARTICLE 25 OF THE AGREEMENT ON  
SUBSIDIES AND COUNTERVAILING MEASURES

## CHINA

The following communication, dated and received on 13 July 2021, is being circulated at the request of the delegation of China.

---

The following notification constitutes China's new and full notification of information on programmes granted or maintained at the central and sub-central government level during the period from 2019 to 2020.

The information provided in this notification serves the purpose of transparency. Pursuant to Article 25.7 of the SCM Agreement, this notification does not prejudice the legal status of the notified programmes under GATT 1994 and the SCM Agreement, the effects under the SCM Agreement or the nature of the programmes themselves, China has included certain programmes in this notification which arguably are not (or are not always) subsidies or specific subsidies subject to the notification obligation within the meaning of the SCM Agreement.

## TABLE OF CONTENTS

<b>I. SUBSIDIES AT THE CENTRAL GOVERNMENT LEVEL.....</b>	<b>5</b>
<b>1 PREFERENTIAL TAX POLICIES FOR ENTERPRISES ESTABLISHED IN SPECIAL ECONOMIC ZONES AND PUDONG NEW AREA OF SHANGHAI.....</b>	<b>5</b>
<b>2 PREFERENTIAL TAX POLICIES IN THE WESTERN REGIONS .....</b>	<b>6</b>
<b>3 PREFERENTIAL TAX POLICIES FOR HIGH-TECH ENTERPRISES .....</b>	<b>7</b>
<b>4 PREFERENTIAL TAX TREATMENT OF ADDITIONAL CALCULATION AND DEDUCTION OF RESEARCH AND DEVELOPMENT EXPENSES .....</b>	<b>8</b>
<b>5 PREFERENTIAL TAX POLICIES FOR ENTERPRISES TRANSFERRING TECHNOLOGY .....</b>	<b>9</b>
<b>6 PREFERENTIAL TAX POLICIES FOR HIGH-TECH BUSINESS INCUBATORS.....</b>	<b>10</b>
<b>7 PREFERENTIAL TAX POLICIES FOR NATIONAL UNIVERSITY SCIENCE PARKS .....</b>	<b>11</b>
<b>8 PREFERENTIAL TAX POLICIES FOR ADVANCED TECHNOLOGY SERVICE ENTERPRISES.....</b>	<b>12</b>
<b>9 PREFERENTIAL TAX TREATMENT FOR PUBLIC INFRASTRUCTURE PROJECTS THAT ARE PARTICULARLY SUPPORTED BY THE STATE .....</b>	<b>13</b>
<b>10 PREFERENTIAL TAX TREATMENT FOR PROJECTS FOR ENVIRONMENTAL PROTECTION, WATER AND ENERGY CONSERVATION .....</b>	<b>14</b>
<b>11 PREFERENTIAL TAX TREATMENT FOR ENTERPRISES WITH COMPREHENSIVE UTILIZATION OF RESOURCES .....</b>	<b>15</b>
<b>12 PREFERENTIAL VAT TREATMENT FOR INTEGRATED UTILIZATION OF RESOURCES.....</b>	<b>16</b>
<b>13 PREFERENTIAL VAT TREATMENT FOR NEW TYPE WALL MATERIAL PRODUCTS. ....</b>	<b>17</b>
<b>14 PREFERENTIAL CONSUMPTION TAX ON COMPREHENSIVELY UTILIZED AND PRODUCED PETROLEUM PRODUCTS .....</b>	<b>18</b>
<b>15 PREFERENTIAL TAX TREATMENT FOR ENERGY-SAVING AND NEW ENERGY VEHICLES AND VESSELS .....</b>	<b>19</b>
<b>16 PREFERENTIAL TAX TREATMENT FOR THE PUBLIC BUSES AND TROLLEYBUSES PURCHASED BY URBAN PUBLIC TRANSPORTATION ENTERPRISES.....</b>	<b>20</b>
<b>17 PREFERENTIAL TAX POLICIES FOR CLEAN DEVELOPMENT MECHANISM.....</b>	<b>21</b>
<b>18 GENERAL-BENEFIT TAX EXEMPTION FOR MICRO AND SMALL ENTERPRISES.....</b>	<b>22</b>
<b>19 EXEMPTION OF EMPLOYMENT SECURITY FUND AS FOR PEOPLE WITH DISABILITIES .....</b>	<b>23</b>
<b>20 EXEMPTION OF GOVERNMENT-MANAGED FUND .....</b>	<b>24</b>
<b>21 PREFERENTIAL VAT POLICIES FOR ENTERPRISES THAT EMPLOY PEOPLE WITH DISABILITIES .....</b>	<b>24</b>
<b>22 PREFERENTIAL INCOME TAX POLICIES FOR ENTERPRISES THAT EMPLOY PEOPLE WITH DISABILITIES .....</b>	<b>25</b>
<b>23 PREFERENTIAL TAX TREATMENT FOR IMPORTED PRODUCTS EXCLUSIVELY USED BY PEOPLE WITH DISABILITIES .....</b>	<b>26</b>
<b>24 PREFERENTIAL TAX TREATMENT FOR PRODUCTS USED BY PEOPLE WITH DISABILITIES .....</b>	<b>27</b>
<b>25 PREFERENTIAL TAX TREATMENT FOR ENTERPRISES PRODUCING PRODUCTS EXCLUSIVELY USED BY PEOPLE WITH DISABILITIES.....</b>	<b>28</b>
<b>26 PREFERENTIAL TAX TREATMENT FOR ANTI-HIV-AIDS MEDICINE .....</b>	<b>29</b>

<b>27 PREFERENTIAL TAX POLICIES FOR FARMING, FOREST, ANIMAL HUSBANDRY AND FISHERY PRODUCT PROJECTS .....</b>	<b>30</b>
<b>28 PREFERENTIAL TAX TREATMENT FOR BORDER-SELLING TEA .....</b>	<b>31</b>
<b>29 PREFERENTIAL TAX TREATMENT FOR IMPORTED PRODUCTS FOR THE PURPOSE OF REPLACING THE PLANTING OF POPPIES .....</b>	<b>31</b>
<b>30 PREFERENTIAL TAX POLICIES ON IMPORTS OF SEEDS AND BREEDS .....</b>	<b>32</b>
<b>31 PREFERENTIAL TAX POLICIES ON BACKFILLING MINING AND MINING RESOURCES OF DEPLETED MINES .....</b>	<b>33</b>
<b>32 PREFERENTIAL TAX TREATMENT FOR IMPORT OF EQUIPMENT .....</b>	<b>34</b>
<b>33 POLICIES ON THE URBAN LAND USE TAX OF OIL AND GAS PRODUCTION ENTERPRISES.....</b>	<b>35</b>
<b>34 PREFERENTIAL CONSUMPTION TAX ON REFINED OIL .....</b>	<b>36</b>
<b>35 PREFERENTIAL TAX POLICIES FOR INTEGRATED CIRCUIT INDUSTRY .....</b>	<b>37</b>
<b>36 PREFERENTIAL VAT FOR LARGE PASSENGER AIRCRAFT AND NEW REGIONAL AIRCRAFT .....</b>	<b>39</b>

## **I. SUBSIDIES AT THE CENTRAL GOVERNMENT LEVEL**

### **1 Preferential tax policies for enterprises established in special economic zones and Pudong New Area of Shanghai**

#### **1. Title of the subsidy programme**

Preferential tax policies for enterprises established in special economic zones and Pudong New Area of Shanghai.

#### **2. Policy objective and/or purpose of the subsidy**

To absorb foreign investment and expand the opening-up and enhance development of the area.

#### **3. Background and authority for the subsidy**

Ministry of Finance (MOF), State Administration of Taxation (SAT), Ministry of Commerce (MOFCOM).

#### **4. Legislation under which it is granted**

Law of the People's Republic of China on Enterprise Income Tax (2007);  
Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
State Council Circular Guo Fa No. 40 of 2007.

#### **5. Form of the subsidy**

Preferential tax treatment.

6. To whom the subsidy is provided

High or new technology enterprises, registered on and after 1 January 2008 in special economic zones and Pudong New Area of Shanghai, which need special support from the State.

7. How the subsidy is provided

Income obtained in special economic zones and Pudong New Area of Shanghai shall, starting from the year receiving the first income from enterprise operation or production, be exempted from enterprise income tax in the first and second years and allowed a tax reduction by half from the statutory rate of 25% in the third year through the fifth year.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

Starting from the year receiving the first income from their operation or production.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## 2 **Preferential tax policies in the western regions**

1. Title of the subsidy programme

Preferential tax policies in the western regions.

2. Policy objective and/or purpose of the subsidy

To accelerate the development of the western regions, expand the opening up, lessen the imbalance of economic development among different areas and enhance the development of the regions.

3. Background and authority for the subsidy

MOF, SAT, MOFCOM.

4. Legislation under which it is granted

State Council Circular Guo Fa No. 33 of 2000;  
General Office of State Council Circular Guo Ban Fa No. 73 of 2001;  
Law of the People's Republic of China on Enterprise Income Tax (2007);  
Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
MOF GAC SAT Announcement No. 43 of 2008;  
Catalogue of Encouraged Industries in Central and Western Regions (National Development and Reform Commission (NDRC) Order No. 15 of 2014);  
State Council Circular Guo Fa No. 39 of 2007;  
MOF Circular Cai Shui No. 1 of 2008;  
MOF SAT NDRC Announcement No. 23 of 2020.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

1) Enterprises established in the western regions that have the items included in the Catalogue of Encouraged Industries in Western Regions as their major business which contributes over 60% of the total revenue of the current year; 2) The imported equipment for self use within the total amount of the capital invested by domestic enterprises established in the western regions and engaged in the encouraged industries or by foreign-invested enterprises established in the western regions and engaged in the encouraged or advantageous industries, except for those listed in the Catalogue for Imported Products not Subject to Tax Exemption in Domestic Invested Projects, the Catalogue for Imported Products not Subject to Tax Exemption in Foreign Invested Projects, and the Catalogue for Imported Major Technical Equipment and Products not Subject to Tax Exemption.

(Note: The western regions refer to Chongqing Municipality, Sichuan Province, Guizhou Province, Yunnan Province, Tibet Autonomous Region, Shaanxi Province, Gansu Province, Ningxia Hui Autonomous Region, Qinghai Province, Xinjiang Production and Construction Corps, Xinjiang Uygur Autonomous Region, Inner Mongolia Autonomous Region and Guangxi Zhuang Autonomous Region. Starting from 1 January 2011, Hunan Xiangxi Tujia-Miao Autonomous Prefecture, Hubei Enshi Tujia-Miao Autonomous Prefecture and Jilin Yanbian Korean Autonomous Prefecture may enjoy the tax policies for the western regions. Starting from 1 January 2012, Ganzhou of Jiangxi Province began to enjoy the preferential policies for the Development of the Western Regions.)

7. How the subsidy is provided

1) From 1 January 2021 to 31 December 2030, the enterprise income tax shall be levied at the reduced rate of 15%;

2) Exempted from tariff from 2001 to present and import VAT from 2001 to 31 December 2008.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1) From 1 January 2021 to 31 December 2030;

2) From 2001 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### 3 Preferential tax policies for high-tech enterprises

1. Title of the subsidy programme

Preferential tax policies for high-tech enterprises.

2. Policy objective and/or purpose of the subsidy

To encourage high and new technology industrial development and enhance the technology progress.

3. Background and authority for the subsidy

Ministry of Science and Technology (MOST), MOF, SAT.

4. Legislation under which it is granted

Article 28 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
Article 93 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprises recognized as high or new technology enterprises.

7. How the subsidy is provided

The enterprise income tax shall be levied at the reduced rate of 15%.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**4 Preferential tax treatment of additional calculation and deduction of research and development expenses**

1. Title of the subsidy programme

Preferential tax treatment of additional calculation and deduction of research and development expenses.

2. Policy objective and/or purpose of the subsidy

To encourage the research and development of enterprises.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 30 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
Article 95 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
MOF Circular Cai Shui No. 119 of 2015;  
MOF Circular Cai Shui No. 34 of 2017;  
MOF Circular Cai Shui No. 64 of 2018;  
MOF Circular Cai Shui No. 99 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

The research and development expenses incurred by an enterprise for the development of new technologies, new products and new techniques.

7. How the subsidy is provided

From 1 January 2017 to 31 December 2019, for expenditure in R&D activities of technology-oriented SMEs, if intangible assets were yet to be included in the current profit and loss, another 75% of the actual real R&D expenditure was deducted before tax. If intangible assets were formed, 175% of the cost of intangible assets was to be amortized before tax during the above period. From 1 January 2018 to 31 December 2020, if the intangible assets of an enterprise were yet to be included in the current profit and loss, another 75% of the actual real R&D expenditure was deducted before tax. If intangible assets were formed, 175% of the cost of intangible assets were amortized before tax during the above period.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2017 - 31 December 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## 5 Preferential tax policies for enterprises transferring technology

1. Title of the subsidy programme

Preferential tax policies for enterprises transferring technology.

2. Policy objective and/or purpose of the subsidy

To encourage the transfers of technology.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 27 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
 Article 90 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
 SAT Circular Guo Shui Han No.212 of 2009;  
 MOF Circular Cai Shui No. 111 of 2010;  
 MOF Circular Cai Shui No. 116 of 2015.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Resident enterprises.

7. How the subsidy is provided

Income up to RMB 5 million from any transfer of technologies in a tax year shall be exempted from enterprise income tax. Income exceeding RMB 5 million shall be allowed a reduction by half of enterprise income tax.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**6 Preferential tax policies for high-tech business incubators**1. Title of the subsidy programme

Preferential tax policies for high-tech business incubators.

2. Policy objective and/or purpose of the subsidy

To encourage scientific and technological innovation and promote employment and entrepreneurship.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 120 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible incubators.

7. How the subsidy is provided

1) Self-used house properties and land or house properties and land provided to incubating enterprises through leasing and other means shall be exempted from the real estate tax and the urban land use tax;

2) VAT shall be exempted from the incomes from providing services to the enterprises being incubated.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2019 - 31 December 2021.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**7 Preferential tax policies for national university science parks**

1. Title of the subsidy programme

Preferential tax policies for national university science parks.

2. Policy objective and/or purpose of the subsidy

To encourage scientific and technological innovation and promote employment and entrepreneurship.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 120 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible science parks.

7. How the subsidy is provided

- 1) Self-used house properties and land or house properties and land provided to national university science parks through leasing and other means shall be exempted from the real estate tax and the urban land use tax;
- 2) VAT shall be exempted from the incomes from providing services to the enterprises being incubated.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2019 – 31 December 2021.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**8 Preferential tax policies for advanced technology service enterprises**

1. Title of the subsidy programme

Preferential tax policies for advanced technology service enterprises.

2. Policy objective and/or purpose of the subsidy

To promote the development of advanced technology service enterprises.

3. Background and authority for the subsidy

MOF, SAT, MOFCOM, MOST, NDRC.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 122 of 2016;  
MOF Circular Cai Shui No. 79 of 2017;  
MOF Circular Cai Shui No. 44 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) Advanced technology service enterprises (service trade) identified in 15 pilot areas for service trade innovation and development from 1 January 2016 to 31 December 2017;
- 2) Advanced technology service enterprises (service outsourcing) identified nationwide as of 1 January 2017;
- 3) Advanced technology service enterprises (service trade) identified nationwide as of 1 January 2018.

7. How the subsidy is provided

1) The enterprise income tax shall be levied at the reduced rate of 15%;  
2), 3) The part not exceeding 8% of the total wage and salary is allowed to be deducted when calculating the taxable income; the part exceeding 8% is allowed to be carried forward and deducted in subsequent tax years.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1) 1 January 2016 – 31 December 2017;  
2) as of 1 January 2017;  
3) as of 1 January 2018.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**9 Preferential tax treatment for public infrastructure projects that are particularly supported by the state**

1. Title of the subsidy programme

Preferential tax treatment for public infrastructure projects that are particularly supported by the State.

2. Policy objective and/or purpose of the subsidy

To promote the construction of infrastructure projects.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 27 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
Article 87 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
MOF Circular Cai Shui No. 46 of 2008;  
MOF Circular Cai Shui No. 10 of 2012;  
SAT Circular Guo Shui Fa No. 80 of 2009;  
MOF Circular Cai Shui No. 55 of 2014.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprise income derived from investment in and operation of public infrastructure projects such as harbors, wharves, airports, railways, highways, urban public transportation, electric power and water conservancy projects as specified in the Catalogue of Public Infrastructure Projects for Preferential Enterprise Income Tax Treatment.

7. How the subsidy is provided

Starting from the year receiving income from the project's operation or production, the enterprise shall be exempted from enterprise income tax in the first through the third year and allowed a tax reduction by half in the fourth year through the sixth year.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **10 Preferential tax TREATMENT for projects for environmental protection, water and energy conservation**

1. Title of the subsidy programme

Preferential tax treatment for projects for environmental protection, water and energy conservation.

2. Policy objective and/or purpose of the subsidy

To protect the environment and encourage the recycling of resources.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 27 and 34 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
Article 88 and 100 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
MOF Circular Cai Shui No. 48 of 2008;  
MOF Circular Cai Shui No. 10 of 2012;  
MOF Circular Cai Shui No. 69 of 2009;  
MOF Circular Cai Shui No. 131 of 2016;  
MOF Circular Cai Shui No. 71 of 2017;  
MOF Circular Cai Shui No. 84 of 2018.

5. Form of the subsidy

- 2) The VAT shall be refunded by 70% upon collection;
- 3) The VAT shall be refunded by 50% upon collection;
- 4) The VAT shall be refunded by 30% upon collection.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 July 2015 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**13 Preferential VAT treatment for new type wall material products.**1. Title of the subsidy programme

Preferential VAT treatment for new type wall material products.

2. Policy objective and/or purpose of the subsidy

To promote new type wall material products, facilitate energy conservation and the protection of cultivated land.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 73 of 2015;  
MOF Circular Cai Shui No. 90 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Self-produced new type wall materials listed in the Catalogue of New Type Wall Materials That Enjoy the Refund upon Collection of Value-added Tax sold by a taxpayer.

7. How the subsidy is provided

The VAT shall be refunded by 50% upon collection.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 July 2015 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

#### **14 Preferential consumption tax on comprehensively utilized and produced petroleum products**

1. Title of the subsidy programme

Preferential consumption tax on comprehensively utilized and produced petroleum products.

2. Policy objective and/or purpose of the subsidy

To promote comprehensive utilization of resources and protect environment.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 118 of 2010;  
MOF Circular Cai Shui No. 105 of 2013;  
MOF Circular Cai Shui No. 79 of 2013;  
MOF Circular Cai Shui No. 144 of 2018.

5. Form of the subsidy

Preferential tax treatment.

- 1) The pure biodiesel produced in accordance with the national standard of Biodiesel Blend Stock (BD100) for Diesel Engine Fuels and from raw materials of which the amount of the waste animal oil and vegetable oil is no less than 70%;
- 2) The imported biodiesel and blend meeting the national standard of Biodiesel Blend Stock (BD100) for Diesel Engine Fuels;
- 3) Industrial oils such as lubricant base oil, gasoline and diesel which are made from reclaimed used mineral oils.

7. How the subsidy is provided

The consumption tax shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1) and 2) 1 January 2009 to present; 3) 1 November 2013 – 31 October 2018. 1 November 2018 – 31 October 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**15 Preferential tax treatment for energy-saving and new energy vehicles and vessels**1. Title of the subsidy programme

Preferential tax treatment for energy-saving and new energy vehicles and vessels.

2. Policy objective and/or purpose of the subsidy

To promote utilization of energy-saving and new energy products and protect environment.

3. Background and authority for the subsidy

MOF, SAT, Ministry of Industry and Information Technology (MIIT), Ministry of Transport (MOT).

4. Legislation under which it is granted

MOF, SAT and MIIT Announcement No. 53 of 2014;  
MOF, SAT, MIIT and MOST Announcement No. 172 of 2017;  
MOF and SAT Announcement No. 75 of 2019;  
Article 4 of Vehicle and Vessel Tax Law;  
Article 10 of Implementing Regulations of the Vehicle and Vessel Tax Law;  
MOF Circular Cai shui No. 74 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) The new energy vehicles that are listed in the Catalogue of the Models of New Energy Vehicles Exempted from Vehicle Purchase Tax;
- 2) The energy-saving vehicles conforming to the standards;
- 3) The new energy vehicles and vessels conforming to the standards.

7. How the subsidy is provided

- 1) The vehicle purchase tax shall be exempted;
- 2) The vehicle and vessel tax shall be allowed a reduction by half;
- 3) The vehicle and vessel tax shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1) 1 September 2014 – 31 December 2020. 2) and 3) 7 May 2015 – 9 July 2018, MOF Circular Cai Shui No. 51 of 2015 was implemented; 10 July 2018 to present, MOF Circular Cai Shui No. 74 of 2018 is implemented.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**16 Preferential tax treatment for the public buses and trolleybuses purchased by urban public transportation enterprises**

1. Title of the subsidy programme

Preferential tax treatment for the public buses and trolleybuses purchased by urban public transportation enterprises.

2. Policy objective and/or purpose of the subsidy

To alleviate the burden of urban public transportation enterprises, and promote the healthy and stable development of road transportation industry.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 51 of 2012;  
MOF Circular Cai Shui No. 84 of 2016;  
Article 9 of Vehicle Purchase Tax Law (as of 1 July 2019).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

The public buses and trolleybuses purchased by urban public transportation enterprises.

7. How the subsidy is provided

The vehicle purchase tax shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2012 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**17 Preferential tax policies for clean development mechanism**1. Title of the subsidy programme

Preferential tax policies for Clean Development Mechanism.

2. Policy objective and/or purpose of the subsidy

To reduce the emission of greenhouse gas (GHG).

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 30 of 2009.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) Specified income derived from the China Clean Development Mechanism Fund (CDMFUND);
- 2) The portion of income derived from the transfer of greenhouse gas emission reductions by CDM project enterprises which is paid to the State;

1 January 2019 - 31 December 2021.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**19 Exemption of employment security fund as for people with disabilities**

1. Title of the subsidy programme

Exemption of employment security fund as for people with disabilities.

2. Policy objective and/or purpose of the subsidy

To support the development of small enterprises making little profits.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 18 of 2017.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Small enterprises making little profits with less than 30 employees and the number of people with disabilities employed being below the specified proportion within three years from the date of industrial and commercial registration.

7. How the subsidy is provided

Employment security fund for people with disabilities shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

December 2014 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**20 Exemption of government-managed fund**

1. Title of the subsidy programme

Exemption of government-managed fund.

2. Policy objective and/or purpose of the subsidy

To support the development of small enterprises making little profits.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 12 of 2016.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers who pay their taxes on a monthly basis and whose monthly sales or turnovers are not more than RMB 100,000 (whose quarterly sales or turnovers are not more than RMB 300,000 if they pay their taxes on a quarterly basis).

7. How the subsidy is provided

Educational surtax, local educational surtax and water conservancy construction fund shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 February 2016 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**21 Preferential vat policies for enterprises that employ people with disabilities**

1. Title of the subsidy programme

Preferential VAT policies for enterprises that employ people with disabilities.

2. Policy objective and/or purpose of the subsidy

To encourage the increase of job opportunities and help the employment of people with disabilities.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 52 of 2016.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible enterprises that employ people with disabilities.

7. How the subsidy is provided

The specific amount of VAT refundable per month for each person with a disability employed shall be determined by the tax authorities at or above the county level according to four times of the monthly minimum wage standard approved by the people's government of the province (including autonomous region, municipality directly under the central government and municipality under separate planning) applicable to the taxpayer's district or county (including county-level city or banner).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible enterprises that employ people with disabilities.

7. How the subsidy is provided

100% of the wages paid to disabled employees shall be additionally calculated and deducted from the taxable income.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 July 2007 to present, and 1 January 2008 to present for foreign invested enterprises.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **23 Preferential tax treatment for imported products exclusively used by people with disabilities**

1. Title of the subsidy programme

Preferential tax treatment for imported products exclusively used by people with disabilities.

2. Policy objective and/or purpose of the subsidy

To facilitate the recovery of people with disabilities.

3. Background and authority for the subsidy

MOF, GAC.

4. Legislation under which it is granted

State Council Circular Guo Han No. 3 of 1997;  
 GAC Decree No. 61 of 1997;  
 Article 15 of the Provisional Regulations on Value-Added Tax (2017).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Products imported exclusively used by people with disabilities within the scope of regulations.

7. How the subsidy is provided

The tariff, import VAT and consumption tax shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1997 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**24 Preferential tax treatment for products used by people with disabilities**

1. Title of the subsidy programme

Preferential tax treatment for products used by people with disabilities.

2. Policy objective and/or purpose of the subsidy

To facilitate the recovery of people with disabilities.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 60 of 1994.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Artificial limbs, wheelchairs, orthopaedic appliances (including those for upper limbs, lower limbs and spinal bend and lean) etc. exclusively used by people with disabilities.

7. How the subsidy is provided

The VAT shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1994 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**25 Preferential tax treatment for enterprises producing products exclusively used by people with disabilities**

1. Title of the subsidy programme

Preferential tax treatment for enterprises producing products exclusively used by people with disabilities.

2. Policy objective and/or purpose of the subsidy

To facilitate the recovery of people with disabilities.

3. Background and authority for the subsidy

MOF, Ministry for Civil Affairs (MCA), SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 132 of 2004;  
MOF Circular Cai Shui No. 148 of 2006;  
MOF Circular Cai Shui No. 1 of 2008;  
MOF Circular Cai Shui No. 131 of 2009;  
MOF Circular Cai Shui No. 81 of 2011;  
MOF Circular Cai Shui No. 111 of 2016.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible enterprises producing or assembling products exclusively used by people with disabilities.

7. How the subsidy is provided

The enterprise income tax shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

2004-2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**26 Preferential tax treatment for anti-hiv-aids medicine**

1. Title of the subsidy programme

Preferential tax treatment for anti-HIV-AIDS medicine.

2. Policy objective and/or purpose of the subsidy

To promote the prevention and treatment of HIV-AIDS.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Guan Shui No. 11 of 2016;  
MOF, SAT Announcement No. 73 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) Imported anti-HIV-AIDS medicine;
- 2) Domestically produced anti-HIV-AIDS medicine by designated domestic producers.

7. How the subsidy is provided

- 1) Tariff and import VAT shall be exempted;
- 2) VAT in the production and circulation stages shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2016 - 31 December 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**27 Preferential tax policies for farming, forest, animal husbandry and fishery product projects**

1. Title of the subsidy programme

Preferential tax policies for farming, forest, animal husbandry and fishery product projects.

2. Policy objective and/or purpose of the subsidy

To support the development of agriculture.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 27 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
Article 86 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
MOF Circular Cai Shui No. 149 of 2008;  
MOF Circular Cai Shui No. 26 of 2011.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprise income derived from farming, forestry, animal husbandry and fishery projects.

7. How the subsidy is provided

The enterprise income tax may be exempted or reduced.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **28 Preferential tax treatment for border-selling tea**

1. Title of the subsidy programme

Preferential tax treatment for border-selling tea.

2. Policy objective and/or purpose of the subsidy

To reduce the costs of ethnic minorities living in border areas to purchase border-selling tea, and ensure the supply of border-selling tea at the border areas inhabited by ethnic minorities.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF SAT Announcement No. 83 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

The border-selling tea sold and manufactured by its manufacturers and distributed by its distributors.

7. How the subsidy is provided

The VAT shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2016 - 31 December 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **29 Preferential tax treatment for imported products for the purpose of replacing the planting of poppies**

1. Title of the subsidy programme

Preferential tax treatment for imported products for the purpose of replacing the planting of poppies.

2. Policy objective and/or purpose of the subsidy

To support the replacement of the planting of poppies.

3. Background and authority for the subsidy

MOFCOM, NDRC, MOF, GAC.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 63 of 2000.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Imported agricultural products within the approved scope for the purpose of replacing the planting of poppies in the border areas of Yunnan Province.

7. How the subsidy is provided

Tariffs and import VAT shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2000 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### **30 Preferential tax policies on imports of seeds and breeds**

1. Title of the subsidy programme

Preferential tax policies on imports of seeds and breeds.

2. Policy objective and/or purpose of the subsidy

To introduce and promote improved breeds, to strengthen the protection of species resources, and to develop high-quality, productive and efficient agriculture and forestry industries.

3. Background and authority for the subsidy

MOF, GAC, SAT.

4. Legislation under which it is granted

MOF Circular Cai Guan Shui No. 26 of 2016;

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Imported seeds (seedlings), breeding stock (fowl), fish fries (breeds) and wild animals and plants kept as breeds which are within the scope of the approved species and quantities.

7. How the subsidy is provided

The import VAT shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2016 - 31 December 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**31 Preferential tax policies on backfilling mining and mining resources of depleted mines**1. Title of the subsidy programme

Preferential tax policies on backfilling mining and mining resources of depleted mines.

2. Policy objective and/or purpose of the subsidy

To promote the sustainable and healthy development of the resources industry, and promote the economic restructuring and the transformation of the mode of development.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 72 of 2014;  
MOF Circular Cai Shui No. 53 of 2016;  
Article 6 of the Resource Tax Law (2020);  
MOF, SAT Announcement No. 32 of 2020.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) The mineral resources mined through backfill mining that meet the requirements;
- 2) The mineral resources of depleted mines that meet the requirements;

- 3) The coal replaced through backfill mining;
- 4) The coal mined from depleted coal mines.

7. How the subsidy is provided

- 1) The resource tax shall be reduced by 50%;
- 2) The resource tax shall be reduced by 30%;
- 3) The resource tax shall be reduced by 50%;
- 4) The resource tax shall be reduced by 30%.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

- 1) 1 July 2016 - 31 August 2020;
- 2) 1 July 2016 to present;
- 3) 1 December 2014 - 31 August 2023;
- 4) 1 December 2014 - 31 August 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### **32 Preferential tax treatment for import of equipment**

1. Title of the subsidy programme

Preferential tax treatment for import of equipment.

2. Policy objective and/or purpose of the subsidy

To attract foreign investment, encourage domestic investment and promote structural adjustment and industrial upgrading.

3. Background and authority for the subsidy

MOF, SAT, GAC, NDRC, MOFCOM.

4. Legislation under which it is granted

State Council Circular Guo Fa No. 37 of 1997;  
MOF GAC SAT Announcement No. 43 of 2008.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Tariff on the equipment imported for self use by domestically and foreign-invested projects encouraged by the State pursuant to Circular of the State Council on the Adjustment of Taxation Policies for Imported Equipment (Guo Fa [1997] No. 37); imported for the projects using loans provided by foreign governments or international financial organizations, and non-priced equipment

imported from foreign processing merchants shall be exempted within the originally prescribed scope.

7. How the subsidy is provided

The tariff shall be exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1998 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### **33 Policies on the urban land use tax of oil and gas production enterprises**

1. Title of the subsidy programme

Policies on the urban land use tax of oil and gas production enterprises.

2. Policy objective and/or purpose of the subsidy

To ensure energy supply.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 76 of 2015.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Oil and natural gas (including shale gas and coal-bed methane) production enterprises.

7. How the subsidy is provided

1) The following land for the construction of oil and gas production facilities shall be temporarily exempted from urban land use tax: geological exploration, drilling, down-hole operation, surface engineering of oil and gas field, etc; land for special railway lines, highways and oil (gas and water) pipelines outside the plant areas of enterprises; land for long distance oil and gas pipelines;

2) land for fire control, flood control and drainage, wind and sand prevention facilities in industrial and mining areas outside cities, county seats and organic towns shall be temporarily exempted from urban land use tax.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 July 2015 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### 34 Preferential consumption tax on refined oil

1. Title of the subsidy programme

Preferential consumption tax on refined oil.

2. Policy objective and/or purpose of the subsidy

To facilitate the sound development of olefin chemical industry and fair competition among enterprises producing like products.

3. Background and authority for the subsidy

MOF, SAT, GAC.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 87 of 2011;  
MOF Circular Cai Shui No. 2 of 2013.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

From 1 October 2011, the consumption tax on the enterprises which produce ethylene and aromatic products by using naphtha and fuel oil purchase and use the same to produce the ethylene and aromatic hydrocarbon chemical products (including domestic and imported naphtha and fuel oil) shall be temporarily refunded according to the actual consumption quantity.

7. How the subsidy is provided

The consumption tax shall be returned.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 October 2011 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### **35 Preferential tax policies for integrated circuit industry**

1. Title of the subsidy programme

Preferential tax policies for integrated circuit industry.

2. Policy objective and/or purpose of the subsidy

To encourage the development of integrated circuit industry.

3. Background and authority for the subsidy

MOF, SAT, NDRC, MIIT, GAC.

4. Legislation under which it is granted

MOF Circular Cai Shui No.136 of 2002;  
MOF Circular Cai Shui No. 152 of 2002;  
MOF Circular Cai Guan Shui No. 45 of 2004;  
Article 36 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
MOF Circular Cai Shui No. 1 of 2008;  
MOF GAC SAT Announcement No. 43 of 2008;  
MOF Decree No. 62 of 2011;  
State Council Circular Guo Fa No. 4 of 2011;  
MOF Circular Cai Shui No .27 of 2012;  
MOF Circular Cai Shui No. 6 of 2015;  
MOF Circular Cai Shui No. 49 of 2016;  
MOF Circular Cai Guan Shui No. 46 of 2015;  
MOF Circular Cai Shui No. 27 of 2018;  
Announcement No. 45 of 2020.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) The integrated circuit producing enterprises with investment of more than RMB 8 billion or producing integrated circuit with a line width less than 0.25 um;
- 2) The integrated circuit producing enterprises with investment of more than RMB 8 billion or producing integrated circuit with a line width less than 0.25 um;
- 3) The recognized integrated circuit producing enterprises producing integrated circuit with a line width less than 0.8 um;
- 4) The recognized integrated circuit producing enterprises producing integrated circuit with a line width less than 0.5 um;
- 5) The recognized integrated circuit producing enterprises;
- 6) Integrated circuit producing enterprises;
- 7) The eligible integrated circuit packaging and testing enterprises, the enterprises manufacturing the key special-purpose materials for integrated circuits, and the enterprises manufacturing the key equipment for integrated circuits;
- 8) The recognized integrated circuit producing enterprises producing integrated circuit with a line width less than 0.5 um;

- 9) The integrated circuit producing enterprises newly invested and established after 1 January 2018 producing integrated circuit with a line width less than 130 nm, and their operating cycle is no less than 10 years;
- 10) The integrated circuit producing enterprises newly invested and established after 1 January 2018 producing integrated circuit with a line width less than 65 nm or with investment of more than RMB 15 billion, and their operating cycle is no less than 15 years;
- 11) The eligible integrated circuit producing enterprises and relevant enterprises based on the provisions of Announcement No. 45 of 2020.

#### 7. How the subsidy is provided

- 1) Enterprise income tax shall be levied at the reduced rate of 15%. Enterprises with an operating cycle of no less than 15 years shall, starting from the year beginning to make profit, be exempted from enterprise income tax in the first year through the fifth year and allowed a tax reduction by half in the sixth year through the tenth year (5 years of exemption and 5 years of reduction by half);
- 2) The specified imported raw materials and consumables for self production from 1 July 2000 shall be exempted from tariff and import VAT from 1 July 2001 to present; the specified special building materials and supporting systems for clean rooms, and parts and components of integrated circuit manufacturing equipment from 1 January 2001 shall be exempted from tariff and import VAT from 1 January 2001 to present;
- 3) The income tax shall, starting from the year beginning to make profit, be exempted in the first and second year and allowed a tax reduction by half in the third year through the fifth year (2 years of exemption and 3 years of reduction by half);
- 4) The specified imported raw materials and consumables for self production from 1 October 2004 shall be exempted from tariff and import VAT from 1 October 2004 to 19 November 2015;
- 5) Imported technology and complete production units of integrated circuit, and separately imported special equipment and apparatus for integrated circuit shall be exempted from tariff from 1 July 2000 to present, and from import VAT from 1 July 2000 to 31 December 2008, except for those listed in the Catalogue for the imported products not subject to tax exemption in foreign invested projects or in the Catalogue for the imported products not subject to tax exemption in domestic invested projects stipulated in the document of State Council Circular Guo Fa No. 37 of 1997;
- 6) The depreciation period for manufacturing equipment may be appropriately shortened upon approval, with the shortest depreciation period of 2 to 3 years;
- 7) The enterprise income tax shall, starting from the year beginning to make profit, be exempted in the first and second year and allowed a reduction by half in the third year through the fifth years till its expiration on them. For those that have made no profit before 2017, the starting year for them to enjoy the treatment shall be 2017 till its expiration on them;
- 8) The specified imported raw materials and consumables for self production from 20 November 2015 shall be exempted from tariff and import VAT from 20 November 2015 to present;
- 9) From the first year to the second year, the enterprise income tax shall be exempted. From the third year to the fifth year, the enterprise income tax shall be reduced by half at the statutory rate of 25% until the expiration of the period;
- 10) From the first year to the fifth year, the enterprise income tax shall be exempted. From the sixth year to the tenth year, the enterprise income tax shall be levied at the statutory rate of 25% until the expiration of the period;
- 11) According to Announcement No. 45 of 2020: (1) The integrated circuit producing enterprises or projects encouraged by the State producing integrated circuit with a line width less than 28 nm with operating periods of no less than 15 years shall be exempted from enterprise income tax in the first to the tenth year; the integrated circuit producing enterprises or projects encouraged by the State producing integrated circuit with a line width less than 65 nm with operating periods of no less than 15 years shall be exempted from enterprise income tax in the first to the fifth year, and the enterprise income tax shall be reduced by half at the statutory rate of 25% from the sixth to the tenth year; the integrated circuit producing enterprises or projects encouraged by the State producing integrated circuit with a line width less than 130 nm with operating periods of no less than 10 years shall be exempted from enterprise income tax in the first to the second year, and the enterprise income tax shall be reduced by half at the statutory rate of 25% from the third to the fifth year. (2) For the integrated circuit producing enterprises producing integrated circuit with a line width less than 130 nm encouraged by the State, the losses incurred in five tax years before the list year of integrated circuit producing enterprises encouraged by the State that have not been made up shall be allowed to be carried forward to subsequent years, and the total number of years in which the losses are carried forward shall not exceed 10 years. (3) The integrated circuit designing, equipment, materials, packaging and testing enterprises encouraged by the State shall, starting

from the year in which they begin to make profit, be exempted from enterprise income tax in the first and second years and allowed a tax reduction by half from the statutory rate of 25% in the third year through the fifth year. (4) The key integrated circuit designing enterprises encouraged by the State shall, starting from the year in which they begin to make profit, be exempted from enterprise income tax in the first to the fifth year, and then enterprise income tax shall be levied at a reduced rate of 10% in the following years.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

- 1) 1 January 2008 to present;
- 2) 1 July 2000 and 1 January 2001 to present;
- 3) 2008 to present;
- 4) 1 October 2004 to 19 November 2015;
- 5) 1 July 2000 to present;
- 6) 1 January 2008 to present;
- 7) 1 January 2014 to present;
- 8) 20 November 2015 to present;
- 9) After 1 January 2018;
- 10) After 1 January 2018;
- 11) After 1 January 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### **36 Preferential vat for large passenger aircraft and new regional aircraft**

1. Title of the subsidy programme

Preferential VAT for large passenger aircraft and new regional aircraft.

2. Policy objective and/or purpose of the subsidy

To encourage R&D in aircraft manufacturing industry.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF SAT Announcement No. 88 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) Taxpayers engaged in large civil aircraft engine, medium- to high-power civil turboshaft and turboprop engine development projects;

- 2) Taxpayers producing and selling new regional aircraft;
- 3) Taxpayers engaged in development projects of large passenger aircraft.

7. How the subsidy is provided

- 1) The remaining amount of VAT at the end of the period shall be refunded;
- 2) The VAT shall be temporarily levied at a reduced 5%, and the remaining amount of VAT at the end of the period due to the production and sales of new regional aircraft shall be refunded;
- 3) The remaining amount of VAT at the end of the period shall be refunded.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

- 1) 1 January 2018 - 31 December 2023;
- 2) From 1 January 2019 to 31 December 2020;
- 3) From 1 January 2019 to 31 December 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**37 Policies on house property tax and urban land use tax for enterprises designing and manufacturing large passenger aircraft and its engine**

1. Title of the subsidy programme

Policies on house property tax and urban land use tax for enterprises designing and manufacturing large passenger aircraft and its engine.

2. Policy objective and/or purpose of the subsidy

To encourage R&D in aircraft manufacturing industry.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF SAT Announcement No. 88 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

1) Taxpayers engaged in large civil aircraft engine, high-power civil turboshaft and turboprop engine development projects; the above-mentioned taxpayers and their wholly-owned subsidiaries engaged in large civil aircraft engine, medium- to high-power civil turboshaft and turboprop engine development projects;

2) Taxpayers engaged in development projects of large passenger aircraft. (Large passenger aircraft refers to a civil airliner with an unloaded weight of more than 45 tons); the above-mentioned taxpayers and their wholly-owned subsidiaries.

7. How the subsidy is provided

Self-use house properties and land for scientific research, production and offices shall be exempted from house property tax and urban land use tax.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1) From 1 January 2018 to 31 December 2023;

2) From 1 January 2019 to 31 December 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### **38 Promoting entrepreneurship and employment of key groups**

1. Title of the subsidy programme

Promoting entrepreneurship and employment of key groups.

2. Policy objective and/or purpose of the subsidy

To support and promote the entrepreneurship and employment of key groups.

3. Background and authority for the subsidy

MOF, SAT, Ministry of Human Resources and Social Security (MOHRSS).

4. Legislation under which it is granted

MOF Circular Cai Shui No. 22 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

1) Registered poor people and those with the Employment and Entrepreneurship Certificate (with indication of "tax policy for independent entrepreneurship" or "tax policy for independent entrepreneurship within graduation year") or the Employment Unemployment Registration Certificate (with indication of "tax policy for independent entrepreneurship") who engage in individual business operation;

2) An enterprise recruits a registered poor person or one who has been registered as being unemployed with the public employment service agency of the human resources and social security department for more than half a year and holds the Employment and Entrepreneurship Certificate

or the Employment Unemployment Registration Certificate, and signs with him a labor contract with a term of more than one year and pays the social insurance premium according to law.

7. How the subsidy is provided

1) From the month of registration as individual industrial and commercial households, the VAT, urban maintenance and construction tax, educational surtax, local educational surtax and individual income tax actually payable in the current year shall be deducted within 3 years (36 months, the same below) according to the annual limit of RMB 12,000 per household. The maximum limit can be raised by 20%. The people's governments of provinces, autonomous regions and municipalities directly under the central government can determine the specific limits within this range according to their own actual situations.

2) From the month when the labor contract is signed and social insurance premium is paid, the preferential VAT, urban maintenance and construction tax, educational surtax, local educational surtax and enterprise income tax shall be deducted in proper order and in quotas according to the actual number of employees within three years. The quota is RMB 6,000 per person per year, and the maximum limit can be raised by 30%. The people's governments of provinces, autonomous regions and municipalities directly under the central government can determine the specific quota standards within this range according to their own actual situations. The tax basis of urban maintenance and construction fees, educational surtax and local educational surtax shall be the amount of VAT payable before implementation of this preferential tax policy.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2019 - 31 December 2021.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

### **39 Accelerated depreciation of fixed assets**

1. Title of the subsidy programme

Accelerated depreciation of fixed assets.

2. Policy objective and/or purpose of the subsidy

To Speed up industrial restructuring.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 75 of 2014;  
MOF Circular Cai Shui No. 106 of 2015;  
MOF Circular Cai Shui No. 54 of 2018;  
MOF Circular Cai Shui No. 66 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- 1) Enterprises in six industries: biological medicine manufacturing, special equipment manufacturing, manufacturing of railway, shipping, aerospace and other transportation equipment, computer, communication and other electronic equipment manufacturing, instrument manufacturing, information transmission, software and information technology services;
- 2) Small enterprises making little profits in six industries: biological medicine manufacturing, special equipment manufacturing, manufacturing of railway, shipping, aerospace and other transportation equipment, computer, communication and other electronic equipment manufacturing, instrument manufacturing, information transmission, software and information technology services;
- 3) Enterprises in all industries;
- 4) Enterprises in all industries;
- 5) Enterprises in the four key industries: light industry, textile, machinery and automobile;
- 6) Small enterprises making little profits in the four industries specified in (5).
- 7) Enterprises in all industries;
- 8) All manufacturing industries.

7. How the subsidy is provided

- 1) For fixed assets newly purchased after 1 January 2014, the depreciation period can be shortened or the depreciation may be accelerated;
- 2) For instruments and equipment newly purchased for both R&D and production and operation purposes after 1 January 2014, if the unit value does not exceed RMB 1 million, they are allowed to be included in the current cost in a one-off manner, and the expenses may be deducted when calculating the taxable income, and the depreciation will no longer be calculated by year; if the unit value exceeds RMB 1 million, the depreciation period can be shortened or the depreciation may be accelerated;
- 3) For instruments and equipment exclusively for R&D purposes newly purchased by enterprises in all industries after 1 January 2014, if the unit price does not exceed RMB 1 million, they are allowed to be included in the current cost in a one-off manner, and the expenses may be deducted when calculating the taxable income, and the depreciation will no longer be calculated by year; if the unit value exceeds RMB 1 million, the depreciation life can be shortened or the depreciation may be accelerated;
- 4) For the fixed assets with a unit value of no more than RMB 5,000 held by enterprises in all industries, they are allowed to be included in the current cost in a one-off manner, and the expenses may be deducted when calculating the taxable income, and the depreciation will no longer be calculated by year;
- 5) For the fixed assets newly purchased after 1 January 2015, the depreciation life can be shortened or the depreciation may be accelerated by the enterprise;
- 6) For instruments and equipment newly purchased for both R&D and production and operation purposes after 1 January 2015, if the unit price does not exceed RMB 1 million, they are allowed to be included in the current cost in a one-off manner, and the expenses may be deducted when calculating the taxable income, and the depreciation will no longer be calculated by year; if the unit value exceeds RMB 1 million, the depreciation life can be shortened or the depreciation may be accelerated by the enterprise;
- 7) For newly purchased equipment and appliances, if the unit price does not exceed RMB 5 million, they are allowed to be included in the current cost in a one-off manner, and the expenses may be deducted when calculating the taxable income, and the depreciation will no longer be calculated by year;
- 8) The scope of preferential industries for accelerated depreciation of fixed assets will be extended to cover all manufacturing industries.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

- 1)-4) Starting from 1 January 2014;
- 5)-6) Starting from 1 January 2015;
- 7) 1 January 2018 - 31 December 2020;
- 8) After 1 January 2019.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

#### **40 Preferential vehicle purchase tax on trailers**

1. Title of the subsidy programme

Preferential vehicle purchase tax on trailers.

2. Policy objective and/or purpose of the subsidy

To promote the development of swap trailer transport, improve the efficiency of logistics and reduce the costs of logistics.

3. Background and authority for the subsidy

MOF, SAT, MIIT.

4. Legislation under which it is granted

MOF, SAT and MIIT Announcement No. 69 of 2018;  
MOF, SAT Announcement No. 75 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Trailers.

7. How the subsidy is provided

The vehicle purchase tax shall be exempted by half.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1 July 2018 - 30 June 2021.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**41 Special central fiscal fund to alleviate poverty**1. Title of the subsidy programme

Special central fiscal fund to alleviate poverty.

2. Policy objective and/or purpose of the subsidy

To support targeted poverty alleviation in all provinces.

3. Background and authority for the subsidy

MOF, National Administration for Rural Revitalization, NDRC, MOA, National Forestry and Grassland Administration (NFGA), National Ethnic Affairs Commission (NEAC).

4. Legislation under which it is granted

MOF Circular Cai Nong No. 8 of 2017.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Poverty-stricken areas.

7. How the subsidy is provided

Special central fiscal fund to alleviate poverty is appropriated to various provinces upon estimation by MOF and other authorities based on a factor approach, where it will be further distributed into cities and counties by the provincial governments. In combination with the actual situations of local poverty alleviation and development, the local governments arrange the use of the fund in terms of cultivating and expanding characteristic industries in poverty-stricken areas, improving the conditions of small public welfare production and living facilities, and enhancing the self-development ability and risk resistance ability of the poverty-stricken people.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1980-2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
126,095	146,095

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## 42 Fund for the development of agricultural production

### 1. Title of the subsidy programme

Fund for the development of agricultural production.

### 2. Policy objective and/or purpose of the subsidy

To promote agricultural production, optimize industrial structure, promote industrial integration, and improve agricultural efficiency, etc.

### 3. Background and authority for the subsidy

MOF, MOA.

### 4. Legislation under which it is granted

MOF Circular Cai Shui No. 41 of 2017 (2019);  
MOF Circular Cai Shui No. 10 of 2020 (2020).

### 5. Form of the subsidy

Financial appropriations.

### 6. To whom the subsidy is provided

Mainly farmers, new types of agribusiness, and units and individuals undertaking project tasks.

### 7. How the subsidy is provided

1) Farmland productivity protection subsidy. The basis for subsidy can include the area of second round contracted farmland, the area of taxed farmland, the area of farmland of confirmed ownership or the planting area of grains, etc., which shall be determined by the provincial people's government by taking into account local particular situations; the amount of subsidy is determined by the local government according to the total amount of subsidy and confirmed subsidy basis;  
2) Subsidies for purchasing agricultural machinery and tools are provided to farmers or agricultural machinery service organizations that purchase agricultural machinery and tools;  
3) Agricultural green development and technical service expenditure. Mainly used to support the green, high quality and high efficiency of key crops, water-saving dry farming agriculture, pilot in replacing chemical fertilizers with organic fertilizers in fruit tree, vegetable and tea planting, subsoiling and soil preparation with agricultural machinery, reform and construction of the primary agricultural technology extension system, and technology extension for improved varieties and fine methods;  
4) Expenditures in innovations in agricultural management modes. Mainly used to support the cultivation of new types of agribusiness, socialized service for agricultural production, cultivation plan of high-quality farmers, and supplementary award for agricultural credit guarantee;  
5) Expenditures on the development of the agricultural industry. Mainly used to support the development of advantageous and characteristic industries, the revitalization of dairy industry and the healthy breeding of livestock and poultry, the integrated development of primary, secondary and tertiary industries in rural areas such as national modern agricultural industrial parks and major agricultural towns, the protection of agricultural products with geographical indications, and the entry of information into villages and households.

### 8. Period covered by the notification

2019-2020.

### 9. Duration of the subsidy and/or any other time-limits attached to it

This project was integrated and established in 2017.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
198,238	187,012

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

#### **43 Fund for water conservancy development**

1. Title of the subsidy programme

Fund for water conservancy development.

2. Policy objective and/or purpose of the subsidy

To support the construction of soil and water conservation projects and prevent and control soil erosion.

3. Background and authority for the subsidy

MOF, Ministry of Water Resources (MWR).

4. Legislation under which it is granted

MOF Circular Cai Nong No. 54 of 2019.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

The Water and land conservation project.

7. How the subsidy is provided

The central government determines the allocation of subsidies to each province according to the budget scale and relevant factors. The project is mainly organized and implemented by city and county level water conservancy departments, and can also be implemented by new types of agribusiness such as farmers, village groups and farmers' professional cooperation organizations by means of subsidy after construction, rewards instead of grants and self construction by villagers.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

1983 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
4,380	4,515

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**44 Fund for disaster prevention and relief in agricultural production**1. Title of the subsidy programme

Fund for disaster prevention and relief in agricultural production.

2. Policy objective and/or purpose of the subsidy

To support the response to agricultural disasters, floods and droughts.

3. Background and authority for the subsidy

MOF, MARA, MWR.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 117 of 2019.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

The expenditure on agricultural production and disaster relief is used for the prevention, control and post disaster relief of agricultural natural disasters and agricultural biological disasters; the expenditure on flood and drought relief is used to spend flood seasons safely, repair water conservancy facilities destroyed by flood and fight drought.

7. How the subsidy is provided

The fund for disaster relief will be distributed according to the situation of a disaster and based on a factor approach.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time-limits attached to it

2019 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
6,311	5,950

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

#### 45 Subsidy fund for agricultural resources and ecological protection

1. Title of the subsidy programme

Subsidy fund for agricultural resources and ecological protection.

2. Policy objective and/or purpose of the subsidy

To be used for agricultural resources conservation, ecological protection and compensation of interest, etc.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 42 of 2017 (2019);  
MOF Circular Cai Shui No. 10 of 2020 (2020).

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Mainly farmers, herdsman, fishermen, new types of agribusiness, and units and individuals undertaking project tasks.

7. How the subsidy is provided

- 1) Expenditure on the protection of farmland resources, mainly used to support the protection of black soil in northeastern China, conservative tillage, farmland rotation fallow and other aspects of agricultural structural adjustment, and farmland protection and quality improvement;
- 2) Pilots in banning fishing in the key waters of the Yangtze River Basin;
- 3) Reward and subsidy for grassland protection and utilization, mainly used to subsidize and reward the farmers and herdsman who give up grazing on grassland and maintain the livestock balance of grassland according to relevant regulations;
- 4) Expenditure on resource utilization of agricultural wastes, mainly used for comprehensive treatment of livestock and poultry manures, comprehensive utilization of crop straws and the recycling of waste plastic films.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2011 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
24,313	42,161

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

#### 46 Subsidy fund for a new round of returning cultivated land to forests and grassland

1. Title of the subsidy programme

Subsidy fund for a new round of returning cultivated land to forests and grassland.

2. Policy objective and/or purpose of the subsidy

To promote the construction of ecological civilization and sustainable development.

3. Background and authority for the subsidy

NDRC, MOF, NFGA, Ministry of Natural Resources (MNR).

4. Legislation under which it is granted

MOF Circular Cai Zi Huan No. 22 of 2020.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Farmers who return cultivated land to forests and grassland.

7. How the subsidy is provided

The fund will be distributed to the provincial level according to tasks and the calculation and arrangement of the subsidy.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2014 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
13,552	12,984

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

#### 47 Subsidy fund for energy conservation and emission reduction

1. Title of the subsidy programme

Subsidy fund for energy conservation and emission reduction.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation, improve energy efficiency, protect and improve the environment.

3. Background and authority for the subsidy

MIIT, Ministry of Transport (MOT), MOF.

4. Legislation under which it is granted

The Energy Conservation Law.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

- 1) Innovation in energy conservation and emission reduction systems and mechanisms;
- 2) Building of basic capacity and public platforms for energy conservation and emission reduction;
- 3) Energy conservation and emission reduction in key areas, industries and regions;
- 4) Demonstration, promotion, transformation and upgrading of key energy conservation and emission reduction technologies;
- 5) Other areas of support approved by the State Council.

7. How the subsidy is provided

Special fund.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2015 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
52,008.11	43,230

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**48 Fund for atmospheric pollution prevention and control**1. Title of the subsidy programme

Fund for atmospheric pollution prevention and control.

2. Policy objective and/or purpose of the subsidy

To improve the quality of atmospheric environment.

3. Background and authority for the subsidy

MOF, Ministry of Ecology and Environment (MEE).

4. Legislation under which it is granted

MOF Circular Cai Jian No. 600 of 2016;  
MOF Circular Cai Jian No. 578 of 2018.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

- 1) Pilot cities of clean heating in winter in northern China;
- 2) Key areas;
- 3) HFCs elimination enterprises.

7. How the subsidy is provided

Fund support.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

Starting from 2013.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
25,000	25,000

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**49 Special fund for foreign economic and trade development**1. Title of the subsidy programme

Special fund for foreign economic and trade development.

2. Policy objective and/or purpose of the subsidy

To optimize the structure of international trade, promote international investment cooperation, and improve public services for international economy and trade.

3. Background and authority for the subsidy

MOF, MOFCOM.

4. Legislation under which it is granted

Measures for the Administration of Special Funds for Foreign Economic and Trade Development (MOF Circular Cai Qi No. 36 of 2014).

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

- 1) Support underdeveloped regions and other weak areas in foreign trade and economic development to improve international business operation capacities;
- 2) Promote the optimization of trade structure and develop trade in services and trade in technology;
- 3) Orderly carry out overseas investment and cooperation businesses such as overseas investment, overseas contracted projects and overseas labor cooperation;
- 4) Encourage the expansion of imports of advanced equipment and technology, key parts and components, and resource based products that are in short supply in China;
- 5) Improve the service systems of trade and investment cooperation facilitation and public business information;
- 6) Other matters conducive to China's foreign economic and trade development.

7. How the subsidy is provided

1. The factor approach. Distribute parts to local authorities which will plan and arrange the use of the fund as a whole;
2. The project approach. Mainly provided in forms of interest discounts, etc.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2014 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
12,331.56	10,617.54

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**50 Special fund for the development of renewable energy**1. Title of the subsidy programme

Special fund for the development of renewable energy.

2. Policy objective and/or purpose of the subsidy

To promote the utilization of renewable energy.

3. Background and authority for the subsidy

National Energy Administration (NEA), MWR, MOF.

4. Legislation under which it is granted

The Renewable Energy Law.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

- 1) Subsidy for the exploitation and utilization of unconventional natural gas (coal bed methane, shale gas and tight gas);
- 2) Rural hydro power efficiency increase and volume expansion and transformation.

7. How the subsidy is provided

Special fund.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2016-2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
8,600	5,000

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**51 Additional subsidy for renewable energy tariffs**1. Title of the subsidy programme

Additional subsidy for renewable energy tariffs.

2. Policy objective and/or purpose of the subsidy

To promote the utilization of renewable energy.

3. Background and authority for the subsidy

NDRC, NEA, MOF.

4. Legislation under which it is granted

The Renewable Energy Law.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Grid enterprises.

7. How the subsidy is provided

Subsidies are provided in accordance with the amount of on grid electricity generated by renewable energy.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2012 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
86,609.99	92,355

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **52 Award and subsidy for reducing the fees for the financing guarantee businesses of small and micro enterprises**

1. Title of the subsidy programme

Award and subsidy for reducing the fees for the financing guarantee businesses of small and micro enterprises.

2. Policy objective and/or purpose of the subsidy

To expand the scale of financing guarantee businesses for small and micro enterprises in the real economy. Reduce the financing guarantee costs of small and micro enterprises, and promote the sustainable development of financing guarantee institutions focusing on serving small and micro enterprises.

3. Background and authority for the subsidy

MOF, MIIT.

4. Legislation under which it is granted

MOF Circular Cai Jian No. 547 of 2018.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

The financing guarantee institutions with strong policy guidance and good effect in serving small and micro enterprises.

7. How the subsidy is provided

- 1) In 2018, 37 provinces and municipalities were allocated with awards and subsidy funds;
- 2) From 2019 to 2020, eligible provinces and municipalities were allocated with awards and subsidy funds respectively.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2018-2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
3,000	3,000

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**53 Resource tax reduction for shale gas**1. Title of the subsidy programme

Resource tax reduction for shale gas.

2. Policy objective and/or purpose of the subsidy

To promote development and utilization.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF SAT Announcement No. 26 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprises that exploit shale gas.

7. How the subsidy is provided

Resource tax (at the prescribed rate of 6%) for shale gas is reduced by 30%.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 April 2018 - 31 March 2021.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**54 Preferential tax treatment on environmental protection in agricultural production (excluding large scale breeding)**

1. Title of the subsidy programme

Preferential tax treatment on environmental protection in agricultural production (excluding large scale breeding).

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, SAT, MEE.

4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers engaged in agricultural production (excluding large scale breeding).

7. How the subsidy is provided

The environmental protection tax shall be temporarily exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **55 Preferential tax treatment for environmental protection of specific mobile pollution sources**

### 1. Title of the subsidy programme

Preferential tax treatment for environmental protection of specific mobile pollution sources.

### 2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

### 3. Background and authority for the subsidy

MOF, SAT.

### 4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018).

### 5. Form of the subsidy

Preferential tax treatment.

### 6. To whom the subsidy is provided

Taxpayers who own mobile pollution sources such as motor vehicles, railway locomotives, non road mobile machinery, ships and aircraft and discharge taxable pollutants.

### 7. How the subsidy is provided

The environmental protection tax shall be temporarily exempted.

### 8. Period covered by the notification

2019-2020.

### 9. Duration of the subsidy and/or any other time limits attached to it

1 January 2018 to present.

### 10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

### 11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **56 Preferential tax treatment for environmental protection in urban and rural centralized sewage treatment and domestic waste treatment plants**

### 1. Title of the subsidy programme

Preferential tax treatment for environmental protection in urban and rural centralized sewage treatment and domestic waste treatment plants.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018),  
Article 3 of the Implementing Regulations of the Environmental Protection Tax Law.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Urban and rural centralized sewage treatment and domestic waste treatment plants established according to laws.

7. How the subsidy is provided

Those that are within the national and local emission standards shall be temporarily exempted from environmental protection tax.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**57 Preferential tax treatment on environmental protection for comprehensive utilization of solid waste**

1. Title of the subsidy programme

Preferential tax treatment on environmental protection for comprehensive utilization of solid waste.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers of comprehensive utilization of solid waste.

7. How the subsidy is provided

The environmental protection tax shall be temporarily exempted.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**58 Preferential environment protection tax for enterprises that are below pollutant discharge standards prescribed by the central and local governments**

1. Title of the subsidy programme

Preferential environment protection tax for enterprises that are below pollutant discharge standards prescribed by the central and local governments.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 13 of the Environmental Protection Tax Law (2018).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers who discharge taxable air or water pollutants with concentration values lower than 30% or 50% of the national and local standards.

7. How the subsidy is provided

If the concentration of taxable air or water pollutants discharged by a taxpayer is less than 30% of the national or local pollutant discharge standards, the environmental protection tax shall be levied at a reduced rate of 75%. If the concentration of taxable air or water pollutants discharged by a taxpayer is less than 50% of the pollutant discharge standards set by the central or the local government, the environmental protection tax shall be levied at a reduced rate of 50%.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **59 Preferential tax treatment on the house property tax and urban land use tax of enterprises engaged in capacity reduction and structural adjustment**

1. Title of the subsidy programme

Preferential tax treatment on the house property tax and urban land use tax of enterprises engaged in capacity reduction and structural adjustment.

2. Policy objective and/or purpose of the subsidy

To facilitate capacity reduction and structural adjustment, and promote industrial transformation and upgrading.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 107 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

For the enterprises that suspend production and business or close down according to the policy on capacity reduction and structural adjustment.

7. How the subsidy is provided

The house property tax and urban land use tax shall be exempted from the next month after the suspension of production and business. The accumulative period for an enterprise to enjoy the tax exemption policy shall not exceed two years.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

October 2018 - 31 December 2020. The accumulated period of enjoying the tax exemption policy shall not exceed two years from the next month of production and business suspension.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**60 Preferential tax treatment on financing**1. Title of the subsidy programme

Preferential tax treatment on financing.

2. Policy objective and/or purpose of the subsidy

To support the financing of small enterprises making little profits.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 77 of 2017;  
MOF, SAT Announcement No. 22 of 2020.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Small enterprises making little profits, financial institutions.

7. How the subsidy is provided

1) From 1 January 2018 to 31 December 2020, the loan contracts signed between financial institutions and small and micro enterprises shall be exempted from stamp tax.

2) From 1 December 2017 to 31 December 2019, the interest incomes from small loans granted by financial institutions to farmers, small enterprises, micro enterprises and individual industrial and commercial households shall be exempted from VAT. Before the date of issuance of MOF SAT Announcement No. 22 of 2020, the VAT that has been collected but shall be exempted according to

the provisions of this Announcement may offset against the VAT that the taxpayer shall pay in the following months or the collected VAT shall be refunded.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

- 1) 1 January 2018 - 31 December 2020. Extended to 31 December 2023.
- 2) 1 December 2017 - 31 December 2019. Extended to 31 December 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **61 VAT policy on anti-cancer drugs**

1. Title of the subsidy programme

VAT policy on anti-cancer drugs.

2. Policy objective and/or purpose of the subsidy

To encourage the development of anti-cancer pharmaceutical industries and reduce the cost of patients.

3. Background and authority for the subsidy

MOF, GAC, SAT, National Medical Products Administration (NMPA).

4. Legislation under which it is granted

MOF Circular Cai Shui No. 47 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

General taxpayers of VAT for the production, sale, wholesale and retail of anti-cancer drugs.

7. How the subsidy is provided

The VAT can be calculated and paid according to the simple method and at a collection rate of 3%. The import VAT of imported anti-cancer drugs shall be reduced to 3%.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 May 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

## **62 Preferential tax treatment for relocation from inhospitable areas for poverty alleviation**

1. Title of the subsidy programme

Preferential tax treatment for relocation from inhospitable areas for poverty alleviation.

2. Policy objective and/or purpose of the subsidy

To facilitate relocation from inhospitable areas.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 135 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Poverty stricken people eligible for relocation from inhospitable areas and resettlement housing for relocation from inhospitable areas.

7. How the subsidy is provided

## 1. On the tax policy for relocation from inhospitable areas

(1) Individual income tax shall be exempted from the housing construction subsidy funds, demolition and reclamation incentive funds and other monetized compensation related to the relocation from inhospitable areas obtained by the poverty stricken people relocated from inhospitable areas and the resettlement housing for relocation from inhospitable areas (hereinafter referred to as resettlement housing);

(2) Deed tax shall be exempted for the resettlement housing obtained by the poverty stricken people relocated from inhospitable areas.

## 2. On the tax policy for resettlement housing of relocation from inhospitable areas

(1) The land obtained by the implementation subject of the relocation project (hereinafter referred to as the project implementation subject) for the construction of resettlement housing shall be exempted from deed tax and stamp tax;

(2) The stamp tax paid by the project implementation subject and project unit in the construction and distribution processes of resettlement housing shall be exempted;

- (3) The land for resettlement housing shall be exempted from urban land use tax;
- (4) If resettlement housing is built in commercial housing and other development projects, according to the proportion of the construction area of resettlement housing in the total construction area, the deed tax and urban land use tax related to the land of resettlement housing, as well as the stamp tax related to the project implementation subject and the project unit shall be calculated and then exempted;
- (5) The deed tax and stamp tax shall be exempted from project implementation entities who purchase commercial housing or buys back basic need housing as the source of resettlement housing.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 January 2018 - 31 December 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

Not available.

### **63 Preferential tax treatment for third party enterprises engaged in pollution prevention and control**

1. Title of the subsidy programme

Preferential tax treatment for third party enterprises engaged in pollution prevention and control.

2. Policy objective and/or purpose of the subsidy

To encourage the professional and large scale development of pollution prevention and control enterprises, and better support the construction of ecological civilization.

3. Background and authority for the subsidy

MOF, SAT, NDRC, MEE.

4. Legislation under which it is granted

MOF SAT NDRC MEE Announcement No.60 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Third party enterprises engaged in pollution prevention and control.

7. How the subsidy is provided

The enterprise income tax of an eligible third party enterprise engaged in pollution prevention and control shall be levied at a reduced rate of 15%.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 January 2019 - 31 December 2021.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**64 Subsidy fund for farmland construction**1. Title of the subsidy programme

Subsidy fund for farmland construction.

2. Policy objective and/or purpose of the subsidy

To support high standard farmland and construction of water conservancy works.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

Measures for the Administration of Subsidy Fund for Farmland Construction (MOF Circular Cai Nong No. 46 of 2019).

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Farmers are the main beneficiaries of farmland construction, and the objects of support include household farmers, rural collective economic organizations, family farms, farmers' cooperatives, large professional households and agriculture related enterprises and units.

7. How the subsidy is provided

Support methods such as direct subsidy, interest discounts, construction before subsidy can be taken.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2019-2022.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
68,307	69,480

11. Statistical data permitting an assessment of the trade effects of a subsidy

## 65 VAT policy on orphan drugs

1. Title of the subsidy programme

VAT policy on orphan drugs.

2. Policy objective and/or purpose of the subsidy

To encourage the development of enterprises producing orphan drugs and reduce the drug costs of patients.

3. Background and authority for the subsidy

MOF, GAC, SAT, NMPA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 24 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

General taxpayers of VAT for the production, sale, wholesale and retail of orphan drugs.

7. How the subsidy is provided

The VAT can be calculated and paid according to the simple method and at a rate of 3%. Import VAT of imported orphan drugs shall be levied at a reduced rate of 3%.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 March 2019 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

**FISHERIES****66 Preferential tax policies for enterprises engaged in projects of agricultural, forestry, animal husbandry and fishery**1. Title of the subsidy programme

Preferential tax policies for enterprises engaged in projects of agricultural, forestry, animal husbandry and fishery.

2. Policy objective and/or purpose of the subsidy

To support the development of agriculture.

3. Background and authority for the subsidy

MOF, SAT.

4. Legislation under which it is granted

Article 27 of the Law of the People's Republic of China on Enterprise Income Tax (2007);  
Article 86 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);  
MOF Circular Cai Shui No. 149 of 2008;  
MOF Circular Cai Shui No. 26 of 2011.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprise income derived from stipulated projects related to farming, forestry, animal husbandry and fishery projects.

7. How the subsidy is provided

The enterprise income tax may be exempted or reduced.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

**69 Subsidy fund for fishery development and the scrapping, dismantling and renovating of vessels**1. Title of the subsidy programme

Subsidy fund for fishery development and the scrapping, dismantling and renovating of vessels.

## 2. Policy objective and/or purpose of the subsidy

- 1) To reduce the intensity of marine fishery, and promote reduction of the number of fishing vessels and encourage the fishermen to quit the capture industry;
- 2) To rehabilitate the ecological environment of waters, restore marine fishery resources, and promote the development of aquaculture, recreational fishery and other industries;
- 3) To improve the safety performance of fishing vessels, enhance disaster resistance mitigation capacity of fishing ports, improve the safety in fishery production, and safeguard fishermen' life and property;
- 4) To optimize and adjust the industrial layout, protect the ecological environment of coastal waters, and reserve the space of aquaculture;
- 5) To promote the sustainable and healthy development of distant water fishing and improve the stability, safety, pollution prevention ability and habitability of distant water fishing vessels;
- 6) To accelerate the transformation of the structure of the shipbuilding industry by phasing out vessels with high energy consumption, high emissions and poor safety performance.

## 3. Background and authority for the subsidy

MOF, MARA.

## 4. Legislation under which it is granted

Circular on Issuing the Measures on the Management of Subsidy Funds for the Scrapping and Dismantling of Vessels and Ship Type Standardization (MOF Circular Cai Jian No. 977 of 2015); Supplementary Circular concerning the Measures on the Management of Subsidy Funds for Scrapping and Dismantling of Vessels and Ship Type Standardization (MOF Circular Cai Jian No. 418 of 2016.

## 5. Form of the subsidy

Financial appropriations.

## 6. To whom the subsidy is provided

- 1) Fishermen involved in reduction in the number of fishing vessels and quitting marine fishing;
- 2) Scrapping, dismantling, renovation of fishing vessels, focusing on: old and wooden fishing vessels, and fishing vessels inconsistent with national fishing vessel inspection standards, fishing vessels with poor safety and pollution prevention performance, fishing vessels not meeting energy saving and environment protection standards, and fishing vessels causing destructive effects on marine fishery resources. When a fishing vessel has been scrapped and dismantled, the owner of the fishing vessel shall provide a letter of commitment of not building another vessel and not to engage in illegal fishing. When a fishing vessel is renovated, the owner of the fishing vessel shall provide a letter of commitment that the fishing vessel renovated will not engage in the illegal fishing. When a fishing vessel is renovated, its engine power shall not be increased. The policy is subject to of "double control" of the total number of fishing vessels and total engine power, in accordance with the national policy of reducing the number of motorized marine fishing vessels by 20,000 marine and reducing the total engine power by 1.5 GW by 2020. For the specialization and standardization of distant water fishing vessel, if a regional fisheries management organization that China has joined or acceded to or the government of the costal countries that China has a fishing access agreement with, has provisions on the parameters of newly built fishing vessels, these provisions shall prevail.
- 3) Subsidies for the construction of fishery equipment and facilities (such as artificial reefs, deep water cages, and public projects in offshore fishery bases).
- 4) The conservation and utilization of international fishery resources meet the requirements after examination and approval, and no violation of laws and regulations has occurred during the utilization of resources.
- 5) The scrapping and renovation of sea going transport vessels ahead of schedule, the dismantling of inland vessels, and the renovation and building of new model vessels.

## 7. How the subsidy is provided

- 1) The reduction of the number of marine fishing vessels is subsidized by RMB 5,000 yuan/kW;

- 2) For a fishing vessel that is scrapped, dismantled and renovated, the amount of subsidy shall be determined in accordance with the length of the vessel, the materials with which the vessel is made, and the effect of the fishing vessel on the ecological environment after dismantling;
- 3) For the construction of fishery equipment and facilities, the amount of subsidy shall be determined in accordance with the types of fishery equipment and facilities.
- 4) The conservation and utilization of international fishery resources is subsidized in accordance with the status of legal operation of the fishing vessels. In case of illegal fishing, the subsidy shall be canceled;
- 5) The subsidy fund for a seagoing or inland transport vessel is determined in accordance with its total tonnage, age and type, etc.

8. Period covered by the notification

2019-2020.

9. Duration of the subsidy and/or any other time limits attached to it

1 October 2015 - 31 December 2019. Some of the funds were provided in 2020.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2019	2020
1) - 4) are for fishery, with the total fund amounting 8,000 million, of which 1,500 million is provided for reduction in the number of fishing vessels and fishermen quitting marine fishing capture. The amount of funds to be used in fisheries includes the amounts to support inland fisheries and aquaculture fisheries. If it is used to estimate the amount of support for wild marine fishing, it will be significantly overestimated. The fund for item 5): 397.26 million.	1) - 4) are for fishery, with the total fund amounting 7,556.27 million, of which, 1,500 million is provided for reduction in the number of fishing vessels and fishermen quitting marine fishing capture. The amount of funds to be used in fisheries includes the amounts to support inland fisheries and aquaculture fisheries. If it is used to estimate the amount of support for wild marine fishing, it will be significantly overestimated. The fund for item 5): 367.7 million.

- 2.7. Circular on Organizing the Application for Alternative Projects of the Subsidy for Thermoelectric Decoupling Retrofitting of the cogeneration Units of Tianjin Municipality in 2019 (Jin Gong Xin Dian Li No. 22 of 2019), Circular on Organizing the Application for Alternative Projects of the Subsidy for Thermoelectric Decoupling Retrofitting of the Heating Units of Tianjin Municipality in 2020 (Jin Gong Xin Dian Li No. 10 of 2020)

2.8. Circular on issuing the Implementation Rules of Beichen District for the Use of the Special Fund for Energy Conservation and Emission Reduction (Jin Chen Jie Neng Jian Pai Ban No. 1 of 2014)

2.9. Circular on issuing the Work Plan of Beichen District for the Use of the Special Fund for Energy Conservation and Emission Reduction (Bei Chen Zheng Ban Han No. 5 of 2020)

2.10. Circular on issuing the Work Plan of Beichen District for the Use of the Special Fund for Energy Conservation and Emission Reduction

2.11. Circular on Financial Support Policies on Supporting the Financing from Stock Market and the Accelerated Development of Enterprises (He Bei Zheng Fu Ban No. 5 of 2016)

2.12. Circular on issuing the Measures of Jinnan District for the Administration of the Use of the Special Fund for Industrial Energy Conservation (Jin Nan Zheng Fa No. 25 of 2009)

2.13. Implementation Details of Policies of Nankai District on Supporting the Development of Science and Technology Industries (Nan Kai Zheng Fa No. 2 of 2017)

2.14. Interim Measures of Tianjin Economic-Technological Development Area for the Promotion of Green Development

2.15. Implementation Plan of Tianjin Municipality to Upgrade Small High-tech Enterprises (2016-2020)

2.16. Circular on issuing Eight Measures for Accelerating the Introduction and Cultivation of New Growth Drivers to Promote the High-quality Development of Technology Enterprises

2.17. Circular on issuing Several Measures of Tianjin Binhai Hi-tech Industrial Development Area on Further Supporting the Financing and Development of Science and Technology Small and Medium-sized enterprises (Jin Gao Xin Qu Guan Fa No. 2 of 2019)

2.18. Measures of Dongli District for the Use and Management of the Special Fund for Energy Conservation (Dong Li Zheng Fa No. 7 of 2009)

2.19. Jin Zheng Fa No. 38 of 2017

### **3. HEBEI PROVINCE**

3.1. Circular on issuing the Measures of Hebei Province on the Administration of the Financial Subsidy at the Provincial Level for the Comprehensive Control of Atmospheric Pollution (Ji Cai Jian No. 179 of 2017)

3.2. Circular on issuing Measures of Hebei Province on Reward and Subsidy to Resolve Overcapacity in Coal (2019-2020) (Ji Fa Gai Neng Yuan No. 505 of 2019)

3.3. Circular on issuing Several Measures for Accelerate Scientific and Technological Innovation (Ji Zheng Ban Fa No. 5 of 2017)

3.4. Nine Measures of Hengshui City on Promoting the Development of Scientific, Technological Innovation (Heng Zheng Zi No. 19 of 2018)

3.5. Policies and Measures of Handan City on Promoting the Development of Industrial Design (Han Zheng Gui No. 3 of 2018)

3.6. Opinions on Promoting the Development of the Industrial Design Industry (Tang Zheng Fa No. 20 of 2017)

3.7. Circular on issuing the Implementation Measures of Tangshan City for Further Improving the resettlement of Employees in Enterprises addressing overcapacity (Tang Zheng Ban Zi No. 144 of 2017)

3.8. Measures of Tangshan City for the Administration of the Special Fund for the Development of Emerging Industries (Tang Zheng Ban Zi No. 86 of 2018)

3.9. Circular on issuing the Measures of Baoding City for the Administration of the Use of the Special Fund for Industrial Transformation and Upgrading (Bao Cai Jian No. 54 of 2020)

3.10. Administrative Measures of Baoding City for the Recognition of High-tech Business Incubators (Bao Shi Zheng Ke Zi No.21 of 2018)

3.11. Implementation Opinions on Developing Maker Spaces to Promote Business Start-up and Innovation (Qin Zheng Fa No.33 of 2015)

3.12. Implementation Opinions on Accelerating the Listing of Enterprises (Qin Zheng Zi No. 1 of 2016)

3.13. Implementation Opinions on Further Promoting the High Quality and Healthy Development of High-tech Business Incubation Carriers (Shi Zheng Ban Fa No. 12 of 2019)

3.14. Circular on issuing the Measures of Shijiazhuang City for the Administration of the Use of the Fund for Water Conservancy Development (Shi Cai Nong No. 28 of 2020)

3.15. Circular on issuing the Financial Subsidy Policy for Clean Heating in Rural Areas (Jin Cai Jian No. 4 of 2019)

3.16. Several Policies of Shijiazhuang Hi-tech Industrial Development Zone on Further Supporting the Development of the Biomedical Industry (Shi Gao Guan Zi No. 37 of 2019)

3.17. Circular on Matters Relevant to the Financial Subsidy Policy on Clean Heating in Winter in Rural Areas (Xing Dai Mei Ban No. 73 of 2019), Circular on Adjusting and Optimizing the Standard of the Subsidy for Clean Heating Operation in Winter in Rural Areas (Xing Dai Mei Ban No. 89 of 2020)

3.18. Implementation Plan to Support the Development of Efficient Bass Culture in the Aquaculture Industry

#### **4. SHANXI PROVINCE**

4.1. Circular on the issuing the Measures for the Administration of the Subsidy Fund for the Protection of Agricultural Resources and the Ecology (Jin Cai Nong No. 129 of 2020)

4.2. Circular on the Measures of Taiyuan City for the Administration of the Reward and Subsidy Fund for the Treatment and Resource Utilization of Manure in Large-scale Livestock and Poultry Farms (Trial Implementation) (Bing Cai Nong No. 119 of 2019)

4.3. Measures for the Administration of the Special Fund for the Development of Private Economies (SMEs) (Bing Cai Jian No. 201 of 2020)

4.4. Guiding Opinions on Strengthening the Building of Teams of Facility Vegetable Production Technicians (Bing Cai Nong Fa No. 12 of 2020)

4.5. Interim Measures of Taiyuan City for the Management and Use of the Fund for High Quality Industrial Development (Bing Cai Jian No. 241 of 2020)

#### **5. INNER MONGOLIA AUTONOMOUS REGION**

5.1. Implementation Opinions of the General Office of the People's Government of Inner Mongolia Autonomous Region on Improving the Compensation Mechanism for Ecological Protection (Nei Zheng Ban Fa No. 183 of 2016)

5.2. Measures of Inner Mongolia Autonomous Region for the Administration of Public Welfare forests (Order No. 152 of the People's Government of Inner Mongolia Autonomous Region)

5.3. Opinions on Fiscal Fund to Alleviate Poverty by Supporting the Construction of Small Public Welfare Production and Living Facilities in Non-poverty-stricken Villages with Poverty-stricken Populations (Nei Fu Zu Fa No. 22 of 2019)

5.4. Circular on issuing the Scheme of Inner Mongolia Autonomous Region for the Use of Supporting Reward and Subsidy Fund for Resolving the Overcapacity in steel and coal industries and the Refund for the Residue Resources (Nei Zheng Ban Fa No. 102 of 2016)

5.5. Measures of Inner Mongolia Autonomous Region for the Administration of the Fund for the Research and Development of Applied Technologies (Nei Cai Gui No. 2 of 2018)

5.6. Measures of Inner Mongolia Autonomous Region for the Administration of the Fund for Science and Technology Major Projects (Nei Cai Ke Gui No. 12 of 2018)

5.7. Measures of Inner Mongolia Autonomous Region for the Administration of the Special Fund for the Transformation of Scientific Achievements (Nei Cai Ke Gui No. 11 of 2018)

5.8. Circular on Transmitting to Lower Levels the 2019 Budget Target of the Subsidy Fund for Employment ahead of Schedule (Nei Cai She No. 1741 of 2018); Circular on Transmitting to Lower Levels the 2020 Budget Target of the Subsidy Fund for Employment ahead of Schedule (Nei Cai She No. 1763 of 2019); Circular on issuing the Measures for the Administration of the Subsidy Fund for Employment (Nei Cai She No. 289 of 2019)

5.9. Measures of Baotou City for the Administration of the Fund for the Research and Development of Applied Technologies (Nei Cai Ke No. 977 of 2018)

5.10. Several Policies on the Promotion of Scientific and Technological Innovation

5.11. Ten Opinions on Accelerating the Development of the Economic Forest Industry of the Whole City (Ba Zheng Ban Fa No. 127 of 2017)

5.12. 2019 Work plan for Ecological Construction of Forestry and Prataculture of the Whole City (Wu Zheng Ban Fa No. 26 of 2019)

5.13. Implementation Plan of Chifeng City on the Passageway Greening (Chi Zheng Ban Zi No. 114 of 2018)

5.14. Circular on Transmitting to Lower Levels the 2019 Budget Target of the Fund for Atmospheric Pollution Prevention and Control (Nei Cai Jian No. 371 of 2019)

## **6. LIAONING PROVINCE**

6.1. Measures of Liaoning Province for the Administration of Air Pollution Control Projects and Funds (Liao Huan Fa No. 7 of 2017)

6.2. Measures of Liaoning Province on the Assessment, Reward and Punishment of the Work on the Phasing out of Small Coal-fired Boilers (Liao Lan Tian Fa No. 4 of 2017)

6.3. Measures of Liaoning Province for the Administration of the Special Fund for Renovation of Rural Environment (Liao Cai Huan No. 400 of 2019)

6.4. Interim Measures of Liaoning Province for the Administration of the Fund for Forestry Reform and Development (Liao Cai Huan No. 280 of 2017)

6.5. Circular on issuing the Implementation Scheme of Shenyang City of the Coal-fired Boiler Denitration Project of the 2019 Urban Construction Plan (Shen Huan Fa No. 68 of 2019)

6.6. Fisheries Law of the People's Republic of China, Regulations of Liaoning Province on the Administration of Fisheries

## **7. JILIN PROVINCE**

7.1. Circular on Revising, issuing the Measures of Jilin Province for the Administration of the Recognition of Hi-tech Business Incubators and Maker Spaces (Ji Ke Fa Ren Cai No. 220 of 2019)

7.2. Circular on issuing the Measures of Jilin Province for the Administration of the Support for Small High-tech Enterprises (Ji Ke Fa Gao No. 122 of 2017)

7.3. Circular on issuing the Implementation Measures of Jilin Province for the Administration of the Special Fiscal Fund to Alleviate Poverty (Ji Cai Nong No. 309 of 2017)

7.4. Measures of Jilin Province for the Administration of the Subsidy Fund for Forestry Protection and Development (Ji Cai Zi Huan No. 638 of 2019)

7.5. Interim Measures of Jilin Province for the Administration of the Provincial Fiscal Subsidy Fund for the Construction of Charging infrastructures of Electric Vehicles (Ji Cai Chan Ye No. 619 of 2018)

## **8. HEILONGJIANG PROVINCE**

8.1. Detailed Rules of Heilongjiang Province for the Implementation of the Post-input Subsidy for the Research and Development Expenses of Science and Technology Enterprises (Hei Ke Gui Fa No. 6 of 2018)

8.2. Detailed Rules of Heilongjiang Province for the Implementation of Subsidies and Rewards for Technology Trading (Hei Ke Gui No. 3 of 2018)

8.3. Detailed Rules of Heilongjiang Province for the Implementation of Transformation Projects of Major Scientific Achievements (Hei Ke Gui No. 4 of 2018)

8.4. Circular on issuing the Measures of Heilongjiang Province for the Application for and the Distribution of the Unemployment Insurance Subsidy for Skills Improvement (Hei Ren She Gui No. 21 of 2017)

8.5. Hei Zheng Gui No. 18 of 2018

8.6. Circular on issuing the Implementation Plan of Vocational Skills Improvement Action (2019-2021) (Hei Zheng Ban Gui No. 12 of 2019)

8.7. Circular on issuing Several Policies of Harbin City on Promoting the Healthy Development of the Bio-medical Industry (Ha Zheng Gui No. 29 of 2017)

8.8. Circular on issuing Several Policies of Harbin City on Promoting the High Quality Development of innovation and entrepreneurship platforms (Ha Zheng Gui No. 9 of 2020)

8.9. Circular on issuing the Detailed Rules of Jiamusi City on the Implementation of the Management and Use of the Subsidy Fund for Employment (Jia Cai Gui Shen No. 2 of 2018)

8.10. Supportive Measures of Suifenhe City for Promoting Economic Development (Sui Zheng Fa No. 32 of 2017); Circular on issuing the Supportive Measures of Suifenhe City for Promoting Economic Development (Sui Ban Fa No. 18 of 2018)

8.11. Special Policy on the Development of Metal and New Materials Industries (Qi Ban Fa No. 32 of 2017)

8.12. Detailed Rules of Heilongjiang Province for the Implementation of the Post-input Subsidy for the Research and Development Expenses of High-tech Enterprises (Hei Gui Fa No. 6 of 2018)

8.13. Several Policies of Qitaihe City in Support of Scientific and Technological Innovation (Qi Fa No. 15 of 2018)

8.14. Circular on Transmitting to Lower Levels the 2017 Subsidy Fund for Patented Technology Projects (Yi Ke Lian Fa No. 4 of 2018)

8.15. The sixth detailed rule of Yi Fa No. 4 of 2020

8.16. The eighth detailed rule of Yi Fa No. 4 of 2020

## **9. SHANGHAI MUNICIPALITY**

9.1. Measures of Shanghai Municipality for the Use and Management of the Special Fund for Foreign Economic and Trade Development (Hu Shang Cai No. 207 of 2016)

9.2. Measures of Shanghai Municipality for the Administration of the Special Fund for Industrial Transformation and Development (Hu Jing Xin Gui No. 101 of 2015)

9.3. Measures of Shanghai Municipality for the Administration of the Special Fund for Information-based Development (Hu Jing Xin Gui No. 841 of 2015)

9.4. Measures of Shanghai Municipality for the Administration of the Special Supportive Fund for the Transformation of Hi-tech Achievements (Hu Ke Gui No. 10 of 2020)

9.5. Measures of Shanghai Municipality for the Administration of the Special Fund for the Development of SMEs (Hu Jing Xin Gui No. 9 of 2019)

9.6. Measures of Qingpu District for the Administration of the Special Fund for the Development of SMEs (Qing Fu Ban Fa No. 50 of 2015)

9.7. Implementation Opinions on Promoting energy conservation, emission reduction and carbon reduction (Hong Fa Gai No. 35 of 2015)

9.8. Opinions of Hongkou District on Accelerating the Cultivation and Development of Emerging Industries (Hong Fa Gai No. 42 of 2015)

9.9. Several Opinions on Adjusting the Subsidy and Incentive Policies for Vocational Skills Training in Baoshan District (Bao Ren She No. 66 of 2014)

9.10. Detailed Rules for the Supporting Policies of the Implementation Opinions of Jing'an District on Promoting Science and Technology Innovation and Development (Jing Ke Wei Gui No. 1 of 2018)

9.11. Measures of Jing'an District for the Administration of Technology Centers of Enterprises (Jing Shang Gui No. 2 of 2020)

9.12. Implementing Measures of Jing'an District to Promote the Development of Headquarters Economy (Jing Shang Gui No. 1 of 2019)

9.13. Measures of Songjiang District for the Recognition and Management of Pilots of Industrial Innovation Clusters (Song Ke Wei Gui No. 2 of 2020)

9.14. Special Policy Opinions of Minhang District on Accelerating the Development of the Biomedical Industry (Min Fu Gui Fa No. 1 of 2018)

9.15. Policy Opinions on Promoting Scientific and Technological Innovation and Entrepreneurship and the Transformation of Achievements (Min Fu Gui Fa No. 1 of 2019)

9.16. Several Opinions of Jiading District on Promoting the Listing of Enterprises (Jia Shang No. 9 of 2020)

## 10. JIANGSU PROVINCE

10.1. Measures of Jiangsu Province for the Administration of the Special Fund for the Development of Green Building (Su Cai Gui No. 14 of 2019)

10.2. Circular on issuing the Implementation Opinions of China (Nanjing) Software Valley on Promoting the Construction and Development of New Research and Development Institutions (Gu Guan Wei No. 42 of 2018)

10.3. Circular on Transmitting to Lower Levels the First Batch of Municipal Agricultural Special Fund Plans of Nanjing in 2019 (Ning Nong Cai [2019] No.13)

10.4. Circular on Transmitting to Lower Levels the First Batch of Municipal Agricultural Special Fund Plans of Nanjing in 2020 (Ning Nong Ji No. 15 of 2020)

10.5 Circular on Transmitting to Lower Levels the 2019 Municipal Subsidy Fund for Fishermen Who quit marine fishing and the Fishing Ban in the Yangtze River (Ning Nong Ji No. 59 of 2019)

10.6. Circular on the Arrangement of the Special Fund for Environmental Protection in 2019 (Cheng Huan Fa No. 74 of 2019)

10.7. Circular on Issues related to Unemployment Insurance and Supporting Enterprises to Keep Payrolls Stable (Cheng Ren She No. 53 of 2019)

10.8. Implementation Opinions on the Deepening of the Closing down of Outdated Production Facilities and the Shutting down and Rectification of Enterprises with Low Added Values, Low Technology Levels, High Energy Consumption, High Pollutant Emissions and High Safety Production Risks (Cheng Zheng Fa No. 2 of 2019)

10.9 Circular on issuing the Action Plan of Zhenjiang City on the Upgrading of New Materials (2018-2020) (Zhen Zheng Ban Fa No. 93 of 2018)

10.10. Fisheries Law of the People's Republic of China (amended in 2013)

10.11. Implementation Plan of Zhenjiang City for the Creation of Municipal Level "Green Plants" (Zhen Zheng Ban Fa No. 7 of 2017)

10.12. Measures of Zhenjiang City for the Assessment and Recognition of Crafts and Artisan Masters (Zhen Zheng Ban Fa No. 92 of 2018)

10.13. Regulations of Jiangsu Province on Progress of Science and Technology (Announcement No.94 of the Standing Committee of Jiangsu Provincial People's Congress)

10.14. Circular of the Office of Suzhou City on Forwarding the 2018 Detailed Rules of Suzhou City for the Implementation of the Financial Subsidy for the Promotion and Application of New Energy Vehicles (Su Fu Ban No. 92 of 2019);

Circular of the Office of Suzhou City on Forwarding the 2019 Detailed Rules of Suzhou City for the Implementation of the Financial Subsidy for the Promotion and Application of New Energy Vehicles (Su Fu Ban No. 150 of 2020)

10.15. Detailed Rules of Suzhou City for the Implementation of the Subsidy for the Construction of the Technology Transfer System (Su Ke Gui No. 3 of 2019)

10.16. Circular of Ministry of Finance and Ministry of Agriculture on Adjusting the Oil Price Subsidy Policy on Domestic Fishery and Aquaculture Industry and Promote the Sustained and Healthy Development of Fishery (Cai Jian No. 499 of 2015)

10.17. Fisheries Law of the People's Republic of China (amended in 2013)

---

Measures of Suzhou Industrial Park for the Administration of the Special Guiding

10.18 Fund for Green Development (Su Yuan Guan Gui No. 1 of 2019)

10.19. Several Policy Measures of Changshu City on the Development of the Hydrogen Fuel Cell Industry (Chang Zheng Ban Fa No. 50 of 2020)

10.20. Implementation Opinions of Taicang City on Promoting the High Quality Development of High-tech Enterprises (Trial) (Tai Zheng Fa No. 19 of 2020)

10.21. Circular of the Office of Taicang City on Forwarding the 2019 Detailed Rules of Taicang City for the Implementation of the Financial Subsidy for the Promotion and Application of New Energy Vehicles (Tai Zheng Ban No. 97 of 2020); Circular of the Office of Taicang City on Forwarding the 2018 Detailed Rules of Taicang City for the Implementation of the Financial Subsidy for the Promotion and Application of New Energy Vehicles (Tai Zheng Ban No. 134 of 2019)

10.22. Detailed Rules of Taicang City for the Implementation of the Financial Subsidy for the Promotion and Application of New Energy Vehicles in 2019 (Tai Zheng Ban No. 97 of 2020)

10.23. Regulations of Suzhou City on Ecological Compensation

10.24. Work plan for standardized transformation of aquaculture ponds in Wuzhong District (Wu Zheng Fa No. 139 of 2017)

10.25. Measures of Lianyungang Economic and Technological Development Area on Supporting Scientific and Technological Innovation (Lian Kai Gong Wei No. 73 of 2019)

10.26. Circular on Implementing the Policy of Reward Instead of Subsidy for Public-Private-Partnership (PPP) Projects (Tai Cai Jin No. 58 of 2019)

10.27. Circular on issuing the Implementation Plan for the Fishing Ban and the Establishment of Compensation System in Xinbei District in Changzhou City of the Watershed of the Yangtze River (Chang Xin Zheng No. 152 of 2019)

10.28. Detailed Rules of Huaian City for the Implementation of the Reward and Subsidy Fund for Technology Transfer (Trial) (Huai Ke No. 105 of 2019)

10.29. Opinions on Encouraging and Supporting the Technical Transformation of Industrial Enterprises (Yang Fu Fa No. 83 of 2020)

10.30. Circular on issuing the Key Support Direction of the Special Fund of Yangzhou City for the Development of SMEs (Yang Gong Xin Fu Jian No. 160 of 2020)

10.31. Circular on issuing the 2018 Detailed Rules of Yangzhou City for the Implementation of the Local Financial Subsidy for the Promotion and Application of New Energy Vehicles (Yang Cai Gong Mao No. 12 of 2019);

Circular on issuing the 2019 Detailed Rules of Yangzhou City for the Implementation of the Local Financial Subsidy for the Promotion and Application of New Energy Vehicles (Yang Cai Gong Mao No. 41 of 2020)

10.32. Circular on issuing the 2019 Detailed Rules of Suqian City for the Implementation of the Local Financial Subsidy for the Promotion and Application of New Energy Vehicles (Su Cai Gong Mao No.8 of 2020)

## **11. ZHEJIANG PROVINCE**

11.1. Circular on issuing the Interim Measures of Zhejiang Province for the Administration of the Special Fund for Policy-based Fishery Mutual Insurance (Zhe Cai Nong No. 55 of 2012)

11.2. Circular on issuing the Measures of Zhejiang Province for the Administration of the Special Fund for Integrated Management and Industrial Development of Marine and Fishery (Zhe Cai Nong No. 47 of 2015)

11.3. Financial Reward and Subsidy Policy on the Promotion and Application of New Energy Vehicles and the Construction of Charging Infrastructures in Zhejiang Province during the 13th Five-Year Plan Period (Zhe Cai Qi No. 63 of 2016)

11.4. Circular on Transmitting to Lower Levels ahead of Schedule the 2019 Special Fund for the Development of Ethnic Minorities (Zhe Cai Hang No. 52 of 2018)

Circular on Transmitting to Lower Levels ahead of Schedule the 2020 Special Fund for the Development of Ethnic Minorities (Zhe Cai Hang No. 47 of 2019)

11.5. Circular on issuing the Opinions of Hangzhou City on the Implementation of the "Eyas Plan" Enterprise Cultivation Project (Hang Ke Gao No. 71 of 2020)

11.6. Implementation Opinions on Promoting the High-quality Development of Innovation and Entrepreneurship and Building a National Model City in Entrepreneurship and Innovation (Hang Zheng No. 55 of 2019), Circular on issuing the Measures of Hangzhou City for the Recognition and Management of Science and Technology Business Incubators (Hang Ke Gao No. 74 of 2020)

11.7. Circular on issuing the Measures for the Administration of the Subsidy Funds for the scrapping and dismantling of vessels and ship-type Standardization (Cai Jian No. 997 of 2015);

Circular on Adjusting the Subsidy Policy for Domestic Fishery Oil Price in Zhejiang Province (Zhe Cai Jian No. 14 of 2016)

11.8. Measures of Hangzhou City for the Administration of the Fund for Major Science and Technology Innovation Projects (Hang Ke Ji No. 137 of 2016)

Circular on the Measures of Hangzhou City for the Administration of the Municipal

11.9. Level Financial Science and Technology Support Fund for National and Provincial Science and Technology Projects (Hang Ke Ji No. 278 of 2017)

11.10. Announcement of the List of Winners of the Second Science and Technology Incubation Enterprise Innovation and Entrepreneurship Competition of Jiaxing City (Jia Ke Gao No. 91 of 2019);

Announcement of the List of Winners of the Third Science and Technology Incubation Enterprise Innovation and Entrepreneurship Competition of Jiaxing City (Jia Ke Gao No. 58 of 2020)

11.11. Measures of Jiaxing City for the Implementation of the Subsidy for Science and Technology Insurance (Jia Ke Zong No. 47 of 2018)

11.12. Opinions of Jinhua Municipal People's Government on the "Peak Action" that Promotes Enterprises to Enter Multi-level Capital Markets (Jin Zheng Fa No. 60 of 2017)

11.13. Measures of Zhoushan City for the Administration of Science and Technology Plans and Projects (Zhou Ke Ji No. 51 of 2018)

## **12. ANHUI PROVINCE**

12.1. Circular on Transmitting to Lower Levels of the 2019 Special Central Financial Fund for Water Pollution Control (Wan Ca Zi Huan No. 807 of 2019);

Circular on Transmitting to Lower Levels ahead of Schedule the 2020 Special Central Financial Fund for Water Pollution Control (Wan Ca Zi Huan No. 1328 of 2019)

12.2. Circular on Transmitting to Lower Levels the 2019 Special Central Financial Fund for Air Pollution Control (Wan Ca Zi Huan No. 1032 of 2019);

Circular on Transmitting to Lower Levels ahead of Schedule the 2020 Special Central Financial Fund for Air Pollution Control (Wan Ca Zi Huan No. 1524 of 2019)

12.3. Circular on the Appropriation of the 2019 Provincial Special Reward and Subsidy Funds to Resolve Overcapacity in Steel and Coal Industries (Wan Cai Qi No. 897 of 2019);

Circular on the Appropriation of the 2020 Central and Provincial Special Reward and Subsidy Funds to Resolve Overcapacity in Steel and Coal Industries (Wan Cai Qi No. 1054 of 2020)

12.4. Circular on issuing the Implementation Plan on the Development of Fish Culture with Running Water of Mountain Springs

12.5. Circular on Implementing the Anti-pollution Transformation of the Domestic Sewage of 100-400 GT Transport Vessels of Anhui Province (Wan Jiao Gang Hang No. 59 of 2020)

12.6. Circular on issuing the Implementation Plan of Tongling City for Banning Fishing in Key Waters of the Yangtze River and Establishing a Compensation System (Nong Nong No. 93 of 2019);

Circular on Forwarding the Circular on Doing Well in Ensuring the Participation by Fishermen of the Watershed of the Yangtze River in Anhui Province Who quit marine fishings in Urban and Rural Basic Endowment Insurance (Tong Ren She Mi No. 140 of 2020)

12.7. Wan Shui Gui Ji No. 124 of 2017

12.8. Circular on Transmitting to Lower Levels the 2019 Fund for Air Pollution Control (Wan Cai Zi Huan No. 1032 of 2019);

Circular on Transmitting to Lower Levels the 2019 Provincial Comprehensive Reward and Subsidy Fund for Air Pollution Control (Wan Cai Zi Huan No. 958 of 2019);

Circular on Transmitting to Lower Levels ahead of Schedule the 2020 Central Financial Fund for Air Pollution Control (Wan Cai Zi Huan No. 1524 of 2019);

Circular on Transmitting to Lower Levels the Second Batch of the 2020 Central Financial Fund for Air Pollution Control (Wan Cai Zi Huan No. 780 of 2020)

### **13. FUJIAN PROVINCE**

13.1. Measures for the Administration of the Special Fund for Fishery Restructuring (Min Cai Nong No. 26 of 2019)

13.2. Interim Measures of Fujian Province for the Administration of the Special Fund for the Development of New Energy Vehicles (Min Cai Qi No. 19 of 2018)

13.3. Administrative Measures of Fuzhou City for the Implementation of the Special Financial Subsidy for the Construction of Standard Fishing Ports (Rong Hai Yu No. 211 of 2010)

13.4. 2019 Guidelines of Fuzhou City on the Application for Projects Supported by the Special Subsidy for Aquatic Product Processing (Rong Hai Yu No. 155 of 2019);

2020 Guidelines of Fuzhou City on the Application for Projects Supported by the Special Subsidy for Aquatic Product Processing (Rong Hai Yu No. 56 of 2020)

13.5. Circular on the issuing of the Circular on 2019 Guidelines of Fuzhou City on the Application for Projects Supported by the Special Subsidy for Aquaculture (Rong Hai Yu No. 144 of 2019);

Circular on the issuing of the Circular on 2020 Guidelines of Fuzhou City on the Application for Projects Supported by the Special Subsidy for Aquaculture (Rong Hai Yu No. 54 of 2020)

#### **14. JIANGXI PROVINCE**

14.1. Twelve Measures on Accelerating the High Quality Development of Scientific Innovation Platforms (Gan Fu Ting Zi No. 59 of 2018)

14.2. Detailed Rules of Jiangxi Province for the Administration "Kedaitong" (Gan Ke Fa Zi No. 95 of 2018)

14.3. Circular on issuing the Measures of Jiujiang City for the Administration of the Special Fund for Energy Conservation Technical Transformation (Jiu Fu Ting Fa No. 13 of 2018)

14.4. Implementation Measures of Pingxiang City for Accelerating the Promotion of the Construction of Entrepreneurship Incubation Bases (Ping Ren She Zi No. 46 of 2019)

#### **15. SHANDONG PROVINCE**

15.1. Measures of Shandong Province for the Administration of the reward Fund for the Cultivation of High-tech Enterprises by Science and Technology Business Incubators and Maker Spaces (Lu Cai Jiao No. 56 of 2017)

15.2. Circular on issuing the Implementation Plan of Rizhao City for the Promotion of the Development of Deep Sea Fishery (2017-2020) (Ri Zheng Zi No. 100 of 2017)

15.3. Financial Supportive Policies of Rizhao City for the Building of National Innovative City and Scientific Innovation (Ri Zheng Zi No. 23 of 2019)

15.4. Implementation Plan of Rushan City on Wind Index Insurance for Oyster Farming (Ru Jin Ban Fa No. 12 of 2018)

15.5. Several Policies on Providing Financial Support for the High Quality Development of High Energy-Consuming Industries (Lu Cai Gong No. 21 of 2019)

#### **16. HENAN PROVINCE**

16.1. Measures of Henan Province for the Administration of the Special Fund for the Construction of Provincial-level Scientific Innovation Systems (Platforms) (Yu Cai Ke No. 101 of 2018)

16.2. Circular on the Organization of and Application for Equipment Upgrading Projects of Scraped Vehicle Recycling and Dismantling Enterprises and the Subsidy for Dismantling (Yu Shang Jian No. 28 of 2017)

16.3. Implementation Plan on Key Projects to Promote Transformation and Development (Xin Jing Kai Guan No. 46 of 2017)

16.4. Measures of Henan Province for the Administration of the Provincial Special Fund for Energy Conservation and Resource Recycling and Project Construction (Yu Cai Jian No. 28 of 2019)

16.5. Measures of Henan Province for the Administration of the Provincial Special Fund for the Prevention and Control of Air Pollution (Yu Cai Huan No. 13 of 2019)

16.6. Circular on issuing the Implementation Plan of Henan Province for the Construction and Transformation of Domestic Sewage Collection or Treatment Equipment of Inter-provincial Transport Vessels (Yu Jiao Gui No. 1 of 2020)

16.7. Circular on issuing the Implementation Plan of Henan Province for the Phasing out of Diesel Trucks That Only Satisfy Emission Standards of China III and Below (Yu Jiao Wen No. 26 of 2020)

16.8. Circular on Transmitting to Lower Levels the 2019 Special Fund Plan for Environmental Protection (Jiao Fa Gai Zi Yuan No. 93 of 2019);

Circular on Transmitting to Lower Levels the Budget for the 2019 Municipal Special Fund for Environmental Protection (Jiao Cai Yu No. 85 of 2019);

Circular on Transmitting to Lower Levels the 2020 Municipal Special Fund Plan for Environmental Protection of Jiaozuo City (Jiao Fa Gai Zi Yuan No. 163 of 2020);

Circular on Transmitting to Lower Levels the Budget for the 2020 Municipal Special Fund for Environmental Protection (Jiao Cai Yu No. 165 of 2020)

16.9. Circular on issuing the Detailed Rules of Xuchang City on the Implementation of the Two-way Subsidy for the Opening up and Sharing of Scientific Research Facilities and Instruments (Trial) (Xu Ke Zi No. 67 of 2020)

16.10. Circular on issuing the Implementation Plan of the Demonstration Zone to Support Poverty Alleviation through Employment and Social Security (Luo Shi Fan Qu Ban No. 36 of 2017)

16.11. Circular on issuing the Measures of Zhaoling District for the Administration of Headquarters Economy (Trial) (Zhao Zheng Ban No. 26 of 2017)

16.12.Xin Cai Zhi No. 444 of 2019

Xin Cai Zhi No. 543 of 2020

16.13.Xin Huan Zhi Ban No. 92 of 2020

16.14. Measures for the Administration of the Municipal Special Fund for the Construction of Scientific Innovation Systems (Zhou Cai Ke No. 6 of 2019)

16.15. Implementation Opinions on the Development of High-tech Incubators by Making Use of Unoccupied Spaces (Bian Zheng No. 3 of 2019)

16.16. Circular on issuing the Measures of Puyang City for the Administration of the Fund for the Loan Risk Compensation of MSMEs (Trial) (Pu Zheng Ban No. 35 of 2020)

16.17. Implementation Measures of Luoyang City for the Creation of Favorable Ecology for Entrepreneurship and Innovation by the Public and the Acceleration of Gradient Cultivation of Innovative Subjects (Luo Zheng No. 26 of 2020)

## **17. HUBEI PROVINCE**

17.1. Circular on issuing the Measures of Hubei Province for the Administration of the Special Financial Fund for Poverty Alleviation (E Zheng Ban Fa No. 91 of 2017)

## **18. HUNAN PROVINCE**

18.1. Circular on issuing the 2016-2020 Reward and Subsidy Policy of Hunan Province on the Promotion and Application of New Energy Vehicles (Xiang Cai Qi No. 44 of 2016)

18.2. Circular on Implementing the Special Support Plan for Enterprises to Keep Payroll Stable and Create More Jobs (MOHRSS Ren She Bu Fa No. 30 of 2020)

## **19. GUANGDONG PROVINCE**

19.1. 2015 Guide of Guangdong Province to Application for the Special Fund for the Development of the Deep Sea Fish Cage Culture Industry (Yue Hai Yu Han No. 66 of 2015)

19.2. Yue Fu Ban No. 56 of 2011

19.3. Implementation Plan of Guangdong Province for the Provision of Production and Living Subsidy for Fishermen During Closed fishing periods (Yue Hai Yu No. 25 of 2018)

19.4. Circular on issuing the Detailed Rules of Zhaoqing City for the Implementation of the Post-reward and Subsidy for the Technical Transformation of Industrial Enterprises (Zhao Jing Xin Ji Shu No. 1 of 2017)

19.5. Ten Policies of Qingyuan City on Incentives for Scientific Innovation (Qing Fu No. 5 of 2018)

19.6. Measures of Qingyuan City for the Administration of Municipal-level Financial Subsidy Funds for Research and Development of Enterprises (Qing Cai Gong No. 62 of 2016)

19.7. Measures of Chaozhou City for the Administration of the Fund for Projects of Science and Technology Plans (Chao Fu Gui No. 15 of 2018)

19.8. Several Policy Measures on Further Promoting Scientific Innovation (Chao Fu No. 10 of 2019)

19.9. Eight Measures of Jieyang City on Scientific Innovation and Development (2017-2021) (Jie Fu No. 58 of 2017)

19.10. Implementation Opinions of Zhuhai Bonded area on the Administration of the Fund for Technical Transformation (Zhu Bao Ban No. 26 of 2019)

19.11. Implementation Opinions of Zhuhai Bonded area on Promoting the High Quality Development of the Real Economy through Scientific Innovation (Zhu Bao No. 25 of 2019)

19.12. Circular on issuing the Implementation Opinions of Zhuhai Bonded area on the Administration of the Special Fund for Energy Conservation and Emission Reduction (Zhu Bao Ban No. 34 of 2018)

19.13. Circular on issuing the Implementation Plan of Zhuhai City for the Provision of Production and Living Subsidy for Fishermen During Closed fishing periods (Zhu Hai Nong Shui No. 192 of 2017)

19.14. Interim Measures of Hengqin New Area on Supporting the Development of Software and Integrated Circuit Designing Industries (Zhu Heng Xin Ban No. 4 of 2018)

19.15. Measures of Xiangzhou District of Zhuhai City for the Administration of the Use of the Special Fund for Scientific Innovation (Zhu Xiang Ke Gong Xin No. 42 of 2017)

19.16. Interim Measures of Guangdong Province for the Administration of the Special Fund for the Development of Low Carbon Development (Yue Cai Gong No. 131 of 2011)

19.17. Interim Measures of Bureau of Development and Reform of Zhongshan City for the Administration of the Special Fund for Industrial Support (Zhong Fa Gai No. 393 of 2018)

19.18. Measures for Bureau of Marine and Fishery of Zhongshan City for the Administration of Subsidy Projects and Funds for the Construction of Aquatic Seed Demonstration Bases (Zhong Hai Yu No. 73 of 2017)

19.19. Implementation Plan of Guangdong Province for the Provision of Production and Living Subsidy for Fishermen During Closed fishing periods (Yue Hai Yu No. 25 of 2018)

19.20. Circular of Shaoguan City on issuing the Several Policy Measures on Further Promoting Scientific Innovation (Chao Fu No. 19 of 2019)

19.21. Implementation Opinions of Shaoguan City on Promoting Small Industrial Enterprises Making Little Profits to Grow (Shao Fu No. 2 of 2019)

19.22. Circular of Shaoguan City on issuing the Several Policy Measures on Further Promoting Scientific Innovation (Chao Fu No. 19 of 2019)

19.23. Circular on Amending the Measures of Heyuan City for the Administration of the Special Fund for Energy Conservation and Consumption Reduction (He Cai Gong No. 235 of 2015)

19.24. Circular on issuing the Implementation Plan of Heping County for Green and Clean Production during the 13th Five-Year Plan Period (He Fu Ban No. 13 of 2017); Circular on Transmitting to Lower Levels the 2017 Special Fund of Heyuan City for Energy Conservation (He Cai Gong No. 37 of 2018)

19.25. Circular on issuing the Implementation Plan of Guangzhou City for Policy Aquaculture Insurance Pilots (Sui Hong No. 179 of 2017)

19.26. The Implementation Plan of Dongguan City on the Financial subsidy for the Phasing out and Transformation of Biomass Boilers and Other Combustion Facilities (Dong Da Qi Ban No. 75 of 2018)

19.27. Circular on issuing the Detailed Rules of Huizhou City for the Implementation of the Post-reward and Subsidy for the Technical Transformation of Industrial Enterprises (Hui Shi Jing Xin No. 135 of 2016)

19.28. Circular on Further Increasing the Rewards for the "Newly Upscaled" and "High Growth" Backbone Enterprises in Huizhou City (Hui Shi Gong Xin Han No. 452 of 2019)

19.29. Circular on issuing the Measures of Huizhou City for the Administration of the Fund for the Recognition of and the Rewards for Headquarters Enterprises (Hui Fu No. 49 of 2018)

19.30. Circular on issuing the Measures of Longmen County for the Administration of the Special Fund for Energy-saving and Circular Economy (Long Fu Ban No. 36 of 2015)

19.31. Circular on issuing the Measures of Boluo County for the Administration of the Special Fund for Energy-saving and Circular Economy (Bo Ke Gong Xin No. 163 of 2015)

19.32. Circular on issuing the Comprehensive Remediation Plan of Boluo County for Heavily Polluting Enterprises (Bo Fu Ban Han No. 58 of 2019)

## **20. GUANGXI ZHUANG AUTONOMOUS REGION**

20.1. Circular on issuing the Measures of Guangxi Zhuang Autonomous Region for the Administration of the Special Fund for Industry and Information-based Development (Gui Gong Xin Tou Zi No. 198 of 2018)

20.2. Circular on issuing the Detailed Rules of Guangxi Zhuang Autonomous Region for the Administration of the Special Reward and Subsidy Fund for the Restructuring of Industrial Enterprises (Gui Cai Gong Jiao No. 68 of 2016)

20.3. Circular on issuing the Measures of Guangxi Province the Financial Subsidy for Charging Infrastructure Construction and Supporting Operation Services of New Energy Vehicles (Gui Cai Gong Jiao No. 17 of 2020)

20.4. Circular on issuing the Measures of Guangxi Zhuang Autonomous Region for the Administration of the Special Fund for Innovation-driven Development (Gui Cai Jiao No. 59 of 2017)

20.5. Several Opinions on Promoting the Technical Transformation of Industrial Enterprises (Nan Fu Gui No. 26 of 2018)

20.6. Circular on issuing the Detailed Rules of Nanning City for the Administration of the Construction of Incubation Platforms for Hi-tech Businesses (Nan Ke Gui No. 6 of 2020)

20.7. Implementation Opinions on the Cultivation of Gazelle Enterprises (Nan Fu Gui No. 4 of 2020)

20.8. Circular on issuing Several Policies on Promoting the Innovation and Development of Enterprises (Nan Gao Xin Guan Gui No. 4 of 2019)

20.9. Circular on issuing the Measures of Wuzhou City for the Recognition and Administration of Hi-tech Business Incubators (Wu Ke Zi No. 92 of 2017);

Circular on issuing the Measures of Wuzhou City for the Filing and Recognition of Hi-tech Business Incubators (Wu Ke Zi No. 93 of 2017)

20.10. Implementation Measures of Wuzhou City for Speeding up the Promotion of Scientific Innovation and Development (Wu Ban Fa No. 30 of 2017);

Interim Implementation Measures of Wuzhou City for the subsidy for Purchasing and Transformation of Scientific Achievements (Wu Ke Zi No. 84 of 2017)

20.11. Circular on issuing the Measures of Beihai City for the Post-subsidy for the Transformation of Scientific Achievements (Bei Zheng Ban Gui No. 5 of 2020)

20.12. Circular on issuing the Measures of Beihai City for the Funding and Incentive for Patents (Bei Zheng Ban No. 230 of 2017)

20.13. Circular on issuing the Implementation Measures of Beihai City for Further Enhancing the Dominant Positions of Enterprises in Innovation (Bei Zheng Ban No. 231 of 2017)

20.14. Circular on issuing the Measures of Beihai City for the Administration of the Special Fund for Industry and Information-based Development (Bei Cai Gui No. 1 of 2017)

20.15. Circular on Transmitting to Lower Levels the 2019 Special Fund within the Municipal Financial Budget for Climate Change, Energy Conservation and Emission Reduction (Bei Cai Jian No. 89 of 2019);

Circular on Transmitting to Lower Levels the 2020 Special Fund within the Municipal Financial Budget for Climate Change, Energy Conservation and Emission Reduction (Bei Cai Jian No. 8 of 2020)

20.16. Circular on Revising, issuing the Measures of Qinzhou City for the Recognition and Administration of Hi-tech Business Incubators (Qin Ke Fa No. 126 of 2017)

20.17. Circular on issuing the Implementation Plan for Speeding up the Development of Technology Markets across the City and Promoting the Transfer and Transformation of Scientific Achievements (Qin Ke Fa No. 146 of 2017)

20.18. Circular on issuing the Interim Measures of Guigang City for Incentives for the Innovation, Research and Development of Industrial Enterprises and the Integration of Informatization and Industrialization (Gui Zheng Ban Fa No. 23 of 2018)

20.19. Circular on issuing the Interim Measures of Guigang City for the Administration of the Construction of Platforms for Scientific Innovation (Gui Zheng Ban Fa No. 32 of 2019)

20.20. Circular on issuing the Implementation Measures of Guigang City for the Financial Reward and Subsidy to Stimulate the Whole Society to Invest More in Research and Development (Gui Ke Tong No. 12 of 2019)

20.21. Circular on issuing the 2019 Implementation Plan of Guiping City for the Provision of the Central Financial Subsidy Fund for Reform in Refined Oil Prices of Fishery;

2020 Implementation Plan of Guiping City for the Provision of the Central Financial Subsidy Fund for Reform in Refined Oil Prices of Fishery

20.22. Circular on issuing the Interim Measures for Supporting the Development of Platforms for Scientific Innovation (Yu Zheng Ban Gui No. 5 of 2017)

20.23. Circular on the Measures of Yulin City for the Incentive for the Recognition of High-tech Enterprises (Yu Shi Ke No. 18 of 2017)

20.24. Circular on the Implementation Plan of Yulin City for the Transformation Campaign of Scientific Achievements (2015-2020) (Yu Zheng Ban Han No. 29 of 2016)

20.25. Circular on issuing the Interim Measures of Yulin City for the Administration of the Post-subsidy for the Transformation of Scientific Achievements by Enterprises (Yu Shi Ke No. 32 of 2019)

20.26. Circular on issuing the Interim Implementation Measures of Liuzhou City for Incentivizing Enterprises to Invest More in Research and Development (Liu Zheng Gui No. 16 of 2019)

20.27. Circular on issuing Several Measures of Guilin National High tech Industrial Development Area on Promoting the Development of Small Enterprises Making Little Profits (Xin Xing Zheng Gui No. 4 of 2018)

20.28. Circular on issuing the Interim Measures of Chongzuo City for the Administration of the Post-subsidy for the Purchase and Transformation of Scientific Achievements by Enterprises (Chong Ke Fa No. 9 of 2018)

## **21. HAINAN PROVINCE**

21.1. Implementation Plan of Hainan Province on the Phasing out of Obsolete Vehicles and Pollution Control (Chong Huan Han No. 990 of 2018)

21.2. Measures of Hainan Province for the Implementation of the Provincial Financial Subsidy for the Promotion and Application of New Energy Vehicles (Qiong Cai Jian No. 1587 of 2017)

21.3. Interim Measures of Hainan Province for the Administration of the Special Financial Fund to Alleviate Poverty (Qiong Fu Ban No. 324 of 2016)

21.4. Interim Measures of Hainan Province for the Administration of the Construction and Operation of Charging infrastructures of Electric Vehicles (Qiong Fa Gai Jiao Neng No. 922 of 2019)

## **22. CHONGQING MUNICIPALITY**

22.1. Circular on the 2019 Policy of Chongqing Municipality on the Financial Subsidy for the Promotion and Application of New Energy Vehicles (Yu Cai Gui No. 10 of 2019);

2020 Policy of Chongqing Municipality on the Financial Subsidy for the Promotion and Application of New Energy Vehicles (Yu Cai Gui No. 8 of 2020)

Incentive Measures of Chongqing Municipality for the Promotion and Application of New Energy Vehicles (Yu Fu Ban Fa No. 106 of 2020)

22.2. Circular on the Policy Measures for Further Supporting the Development of MSMEs (Yu Zhong Xiao Qi No. 8 of 2018)

22.3. Circular on issuing the Measures of Fuling District for the Funding and Incentive for Patents (Fu Ling Fu Ban Fa No. 263 of 2017)

22.4. Circular on Transmitting to Lower Levels the 2017 Subsidy Fund for the Development of the Tobacco Industry (Fu Cai Zheng Fa No. 933 of 2017)

22.5. Fu Ling Fu Ban Fa No. 124 of 2019

22.6. Measures of Liangping District of Chongqing Municipality on Incentives and Support to Innovation-driven Development (revised in 2019) (Liang Ping Fu Ban Fa No. 76 of 2019)

22.7. Yu Cai Nong No. 42 of 2019

22.8. Yu Cai Gong No. 60 of 2019

22.9. Measures of Qianjiang District to Support Industrial Development (Qian Jiang Fu Fa No. 3 of 2020)

22.10. Implementation Plan of Chongqing Municipality for Fishing Bans in the Watershed of the Yangtze River and the Establishment of a Compensation System (Yu Nong Fa No. 126 of 2019)

22.11. Implementation Plan of Rongchang District for the 2019 Air Pollution Control Action (Rong Wei Fa No. 14 of 2019)

22.12. 2020 Work Plan of Rongchang District to Win the Blue Sky Protection Campaign (Rong Wei Fa No. 11 of 2020)

22.13. Circular on issuing the Implementation Plan of Rongchang District for Fishermen to quit marine fishing and Find New Ways of Living (Rong Nong Fa No. 46 of 2020)

22.14. Circular on issuing the Supportive Measures of Dianjiang County for Promoting Scientific Innovation (Dian Jiang Fu Ban Fa No. 29 of 2020)

22.15. Implementation Plan of Chongqing Municipality for 2015-2019 Policy Adjustment in the Subsidy for Fishery Oil Prices (Yu Nong Fa No. 222 of 2016)

### **23. SICHUAN PROVINCE**

23.1. Implementation Opinions of Sichuan Province on Energy Conservation, Emission Reduction, Upgrading and Transformation of Coal Power (Chuan Fa Gai Neng Yuan No. 1093 of 2014)

23.2. Measures of Sichuan Province for the Administration of the Special Fund for Projects of Science and Technology Plans (Chuan Cai Gui No. 10 of 2019)

23.3. Measures of Sichuan Province for the Administration of the Provincial Special Fund for Forestry and Grassland Reform and Development (Chuan Cai Zi Huan No. 60 of 2019)

23.4. Measures of Sichuan Province for the Administration of the Special Fund for the Development of SMEs (Chuan Cai Jian No. 340 of 2019)

23.5. Circular on Further Strengthening the Living Security of the Fishermen in the Yangtze River basin of Sichuan Province Who quit marine fishing and Find New Ways of Living (Chuan Nong Han No. 772 of 2020)

23.6. Circular on Transmitting to Lower Levels the 2019 Investment Plan for Capital Construction within the Provincial Budget (Chuan Fa Gai Tou Zi No. 484 of 2019)

23.7. Chuan She Xian Ban No. 23 of 2020

23.8. Measures of Chengdu City for the Administration of the Construction and Funding for Scientific Innovation Platforms (Cheng Ke Zi No. 52 of 2019)

23.9. Circular on issuing the Measures of Chengdu City for the Administration of the Financial Reward and Subsidy Fund for the Systems of Research and Development Reserves Encouraged to be Established by Science and Technology Enterprises (Cheng Cai Jiao No. 36 of 2019)

23.10. Measures of Chengdu City for the Administration of the Reward and Subsidy for the Recognition of High-tech Enterprises (Cheng Ke Zi No. 23 of 2020)

23.11. Policy Measures on Optimizing the Financing Environment of Private Enterprises (Trial) (Cheng Jing Kai Min Jing Ling Ban No. 16 of 2019)

23.12. Measures of Luzhou City for the Administration of the Recognition of and the Subsidy for Maker Spaces (Lu Shi Ke Zhi No. 30 of 2018)

23.13. Circular on issuing the Implementation Plan of Luzhou National Hi-tech Zone for Further Strengthening the Establishment of Safety Production Standards of Enterprises (Lu Gao Guan Ban Fa No. 29 of 2016)

23.14. Implementation Opinions on Supporting Entrepreneurship and Employment with Entrepreneurship Guarantee Loans (Mian Ren She Fa No. 14 of 2018)

23.15. Circular on Praising the Scientific Innovation Achievements of Jiangyou City (Jiang Wei Ban No. 72 of 2019)

23.16. Circular on issuing the Twenty Policy Measures of Pengxi County to Accelerate Industrial Development (revised in 2019) (Peng Wei No. 92 of 2019)

23.17. Measures of Nanchong City for the Administration of the Special Fund for Energy Conservation, Consumption Reduction and Low Carbon Development (Nan Cai Jian No. 17 of 2018); Measures of Nanchong City for the Administration of the Special Fund for Energy Conservation, Consumption Reduction and Low Carbon Development (Nan Cai Jian No. 62 of 2014)

23.18. Nan Cai Zhuan No. 686 of 2019

23.19. Peng Wei Ban No. 53 of 2020

23.20. Opinions on Promoting the Sustained and Healthy Development of the Famous Liquor Industry in Yibin (Yi Fu Fa No. 5 of 2015)

23.21. Circular on issuing Several Policies of Yibin City on Speeding up the Cultivation of High-tech Enterprises (Trial) (Yi Fu Ban Fa No. 17 of 2019)

23.22. Interim Measures of Yibin County on the Assessment of and the Incentive for Enterprise Development (Yi Xian Wei Ban No. 18 of 2014)

23.23. Circular on Transmitting to Lower Levels the 2019 Prefecture-level Fund for Projects of Science and Technology Plans (Liang Cai Jiao No. 169 of 2019)

Circular on Transmitting to Lower Levels the 2020 Subsidy Fund for Patented Technology Projects (Yi Ke Lian Fa No. 53 of 2020)

23.24. Hua Fu Ban Fa No. 12 of 2020

23.25. Mei Min Jing Fa No. 1 of 2019

23.26. Budget Law of the People's Republic of China

23.27. Measures of Guangan City for the Implementation of Incentivizing Enterprises to Conduct More Investment in Research and Development (Guang An Ke No. 69 of 2020)

23.28. Measures of Dazhou City for the Administration of the Fund for Science and Technology Projects (Da Shi Cai Jian No. 12 of 2020)

23.29. Measures of Neijiang City for the Administration of the Special Fund for Science and Technology Incubation and Achievement Transformation (Nei Cai Jiao No. 28 of 2019)

## **24. GUIZHOU PROVINCE**

24.1. Circular on Amending the Detailed Rules of Guizhou Province for the Implementation of the Administration of the Water Conservancy Development Fund (Qian Cai Nong No.191 of 2019)

24.2. Circular on issuing the Measures of Guizhou Province for the Administration of the Special Fiscal Fund to Alleviate Poverty (Qian Cai Nong No. 220 of 2017)

**25. YUNNAN PROVINCE**

25.1. Measures of Yunnan Province for the Administration of the Provincial Special Financial Reward and Subsidy Fund to Resolve Overcapacity (Yun Cai Chan Ye No. 165 of 2016)

25.2. The Detailed Rules of Yunnan Province for the Administration of the Fund for Grant of the Forestry Industry

**26. TIBET AUTONOMOUS REGION**

26.1. Measures for the Administration of the Central Special Financial Fund to Alleviate Poverty (Cai Nong No. 8 of 2017)

26.2. Circular on issuing the Measures of Tibet Autonomous Region for the Administration of the Special Fund for SMEs Development (Zang Cai Jian No. 27 of 2020)

**27. SHAANXI PROVINCE**

27.1. Circular on Soliciting First Batch Projects of using Key New Materials products of 2018 (Shaan Gong Xin Fa No. 137 of 2018)

27.2. Circular on issuing the 2019 Application Guidelines for the County Industrial Concentration Districts and Entrepreneurship and Innovation Base Projects of the Provincial Special Fund for the Development of SMEs (Shaan Zhong Qi Gong Ye Fa No. 118 of 2018)

27.3. Circular on issuing the Detailed Implementing Rules of Shaanxi Province for the Administration of the Special Reward and Subsidy Fund to Resolve Overcapacity in Steel and Coal Industries (Shaan Cai Ban Jian No. 3 of 2018)

27.4. Measures of Shaanxi Province for the Administration of the Special Reward Fund for the Technical Transformation of SMEs (Trial)(Shaan Cai Ban Zi No. 158 of 2019)

27.5. Circular on issuing the Detailed Rules of Shaanxi Province for the Administration of the Use of the Risk Compensation Fund for the Loans of Science and Technology MSMEs (Shaan Ke Fa No. 23 of 2017)

27.6. Circular on Further Improving the Work Relevant to Accelerating the Promotion and Application of New Energy Vehicles (Shi Gong Xin Fa No. 126 of 2020)

27.7. Circular on issuing the Measures of Xixian New Area of Shaanxi Province for the Implementation of Reward and Subsidy for PPP Projects (Shaan Xi Xian Ban Fa No. 127 of 2018)

27.8. Preferential Policies of Xixian New Area in Support of the Development of Headquarters Economy (Shaan Xi Xian Ban Fa No. 69 of 2017)

**28. GANSU PROVINCE**

28.1. Circular on issuing the Measures of Gansu Province for the Administration of the Subsidy Fund for Employment (Gan Cai She No. 67 of 2018);

Supplementary Circular on the Measures of Gansu Province for the Administration of the Subsidy Fund for Employment (Gan Cai She No. 33 of 2019)

28.2. Circular on issuing the Measures of Gansu Province for the Administration of the Special Fund for Environmental Protection (Gan Cai Jing Er No. 98 of 2015);

Circular on the Detailed Rules of Gansu Province for the Implementation of the Fund for Air Pollution Control and Others (Gan Cai Zi Huan No. 2 of 2020)

28.3. Circular on issuing the Measures of Gansu Province for the Administration of the Subsidy Fund for New Energy Vehicles (Gan Cai Jing Yi No. 61 of 2016);

Circular on Adjusting the Provincial Financial Subsidy Policy on the Promotion and Application of New Energy Vehicles (Gan Cai Jing Yi No. 27 of 2017);

Circular on Matters Relevant to the Financial Subsidy Policy on the Promotion and Application of New Energy Vehicles (Gan Cai Jian No. 154 of 2019)

28.4. Measures of Lanzhou City for the Administration of the Special Fund for Strategic Emerging Industries and Ecological Industries (Lan Gong Xin Fa No. 9 of 2019)

28.5. Circular on the issuing the Interim Measures of Jiayuguan City for the Administration of the Special Fund for Ecological Environment Protection (Jia Huan Fa No. 226 of 2020)

28.6. Circular on issuing the Implementing Measures of Qingyang City for Promoting the High Quality Development of MSMEs (Qing Ban Fa No. 38 of 2019)

## **29. QINGHAI PROVINCE**

29.1. Circular on issuing the Measures of Qinghai Province for the Administration of Agricultural Science Parks (Qing Ke Fa Nong No. 196 of 2017)

29.2. Circular on issuing the Measures of Qinghai Province for the Administration of the Investment Guidance Fund for College Students' Innovation and Entrepreneurship (Qing Cai Jiao Zi No. 803 of 2018)

29.3. Implementation Opinions on Speeding up the Construction of Supportive Platforms for Popular Entrepreneurship and Innovation to Serve the Transformation and Upgrading of the Real Economy (Qing Zheng Ban No. 2 of 2017)

29.4. Circular on issuing the Measures of Qinghai Province for the Recognition and Administration of Maker Spaces (Trial) (Qing Ke Fa Gao Xin No. 44 of 2017)

29.5. Circular on issuing the Measures of Qinghai Province for the Administration of the Special Financial Fund to Alleviate Poverty (Qing Cai Nong Zi No. 925 of 2017)

29.6. Circular on issuing the Detailed Rules of Qinghai Province for the Performance Assessment of Hi-tech Business Incubators and Maker Spaces (Trial) (Qing Ke Fa Gao Xin No. 589 of 2020)

## **30. NINGXIA HUI AUTONOMOUS REGION**

30.1. Several Opinions on Speeding up the Construction of the Capital Market (Ning Zheng Fa No. 59 of 2014)

30.2. Interim Measures of Ningxia Hui Autonomous Region for the Administration of the Special Fund for the Development of SMEs and Non-public Economy (Ning Cai Qi Fa No. 365 of 2016);

Several Opinions on Promoting the Healthy Development of Private Economy

30.3. Measures of Ningxia Hui Autonomous Region for the Administration of the Use of the Special Fund for Gas Control and Safety Technical Transformation of Coal Mines (Ning Cai Qi Fa No. 628 of 2010)

30.4. Opinions on Encouraging and Supporting Scientific Innovation of Enterprises and Promoting High Quality Development

30.5. Circular on issuing the Measures of Yinchuan City for the Administration of the Reward Fund for Low Nitrogen Transformation Projects of Gas-fired Boilers(Provisional) (Yin Zheng Ban Gui Fa No. 5 of 2020)

### **31. XINJIANG UYGUR AUTONOMOUS REGION**

31.1. Measures of Xinjiang Uygur Autonomous Region for Subsidized Interests of Pledge Loans on MSMEs' Patents (Provisional) (Xin Zhi Guan Zi No. 33 of 2017)

31.2. Detailed Rules of Xinjiang Uygur Autonomous Region for the Implementation of the Use and Administration of the Water Conservancy Development Fund of Central Finance (Xin Cai Nong No. 7 of 2018);
