NOTIFICATION

Corrigendum¹

The following communication, dated 29 April 2021, is being circulated at the request of the delegation of **Morocco**. The corrigendum concerns imports under tariff quotas (**Table MA:2**) during the **calendar year 2018**.

The tariff quota for "Ground-nuts" (MARQ011) was mistakenly included in the original notification (G/AG/N/MAR/58). The tariff line for MARQ011 on page 2 should therefore be excluded from the table in this notification.
