General note:

In certain cases, even though the corresponding quota tender process was opened, there was no seller, or there was no buyer, or there was neither a buyer nor a seller, or there was both a buyer and a seller but the transaction was not closed, and the tender was therefore declared void and the quota remained unallocated.

EXPLANATORY NOTES:

1 "None" means that there were no in-quota imports under the tariff subheading for either of the following reasons:

- The product was imported under another tariff subheading covered by the same quota.
- In certain cases, even though the corresponding quota tender process was opened, there was no seller, or there was no buyer, or there was neither a buyer nor a seller, or there was both a buyer and a seller but the transaction was not closed, and the tender was therefore declared void and the quota remained unallocated.
