Council for Trade in Goods Committee on Safeguards

IMMEDIATE NOTIFICATION UNDER ARTICLE 12.5 OF THE AGREEMENT ON SAFEGUARDS TO THE COUNCIL FOR TRADE IN GOODS OF PROPOSED SUSPENSION OF CONCESSIONS AND OTHER OBLIGATIONS REFERRED TO IN ARTICLE 8.2

OF THE AGREEMENT ON SAFEGUARDS

CHINA

The following communication, dated 29 March 2018, is being circulated at the request of the delegation of China.

Pursuant to Article 12.5 of the Agreement on Safeguards, and in accordance with the agreed format for notifications (G/SG/1, 1 July 1996), the Government of China provides the immediate notification to the Council for Trade in Goods of proposed suspension of concessions and other obligations referred to in paragraph 2 of Article 8.

1. Which Member is proposing suspension of concessions and other obligations referred to in Article 8.2?

China.

2. Specify the measures, the product subject to the measures, and the Member imposing the measures in relation to which the Member is proposing suspension of concessions and other obligations referred to in Article 8.2.

The applied measures imposed by the United States on imports of steel and aluminum from 23 March 2018.

China takes the view that the above-mentioned measures of the United States are safeguard measures although it's in the name of national security. We believe the measures taken by the United States are not consistent with its obligations under the relevant provisions of the GATT 1994 and Safeguards Agreement.

3. Describe the proposed suspension of concessions and other obligations referred to in Article 8.2 and the proposed date from which it will come into effect.

The proposed suspension of substantially equivalent concessions and other obligations under Article XIX:3 of the GATT 1994 and Article 8.2 of the Agreement on Safeguards takes the form of an increase in tariffs on selected products originating in the United States (as indicated in Annex I and calculated as indicated in Annex II), based on the part of the measures of the United States which were not taken as a result of an absolute increase for the last 3 years (2014-2016). China reserves its right to further suspend substantially equivalent concessions and other obligations based on the rest part of the measures of the United States.

Without prejudice to the effective exercise of its right to suspend substantially equivalent concessions or other obligations referred to in Article 8.2, China reserves its right to effectuate the proposed suspension immediately and adjust the products as well as the tariff rates.
