

**REPORT (2021) OF THE COMMITTEE ON TRADE FACILITATION
TO THE COUNCIL FOR TRADE IN GOODS**

*Corrigendum**

Please note that a formatting correction has been introduced to the subheading "Global Express Association". This is to correct the inadvertent inclusion of the last sentence of paragraph 27 in the subheading. Paragraph 27 and the subsequent sub-heading should read as follows:

27. Tonga, Cambodia, the EU Commission plus four Member States (Finland, France, Netherlands and Sweden), Japan, and the UK, all took the floor. They were followed by the Annex D partner organizations - Global Alliance for Trade Facilitation, ITC, OECD, World Bank Group, WCO, UNTAD – who reported on their work to support Members in their implementation of the TFA.¹ The LDC group, called on development partners to provide additional support to LDCs for notified category C provisions.
