Products	Purpose
<ul style="list-style-type: none"> - Clothing and uniforms, designed for military, naval, air force or police use 	Security
<ul style="list-style-type: none"> - Radioactive substances - Mist nets for capture of wild birds - Live fish 	Environmental, security, and public health protection

(f)–(g) Procedures for Application for Licence

Import licence is granted to all persons, firms and institutions that have fulfilled the statutory requirements pertaining to the importation of a specific product that requires a licence.

The documentation varies according to specific product. However, name of applicant, product to be imported, specifications of the product, and a pro forma invoice should be provided. Where an import licence gives conditions pertaining to health, an appropriate health certificate is also needed upon importation.

There is no administrative fee that is required to obtain the licence. The application can be made any working day throughout the year.

Where a licence issuance has been refused, reasons for refusal are granted and the applicant has the right to appeal.

(h) Expected duration of the licensing procedure if this can be estimated with some probability, and if not, reason why this information cannot be provided

The import licence is issued within 7 days upon receiving the application. The licence is valid for six months and can be extended for another six months with satisfactory reasons.

3. Other relevant data or information: *(i.e. complete title and data concerning the legislation, inclusion or exclusion of certain products from the import licensing regime and list thereof; changes related to the administrative body(ies) for submission of applications, etc.)*

[]

¹ "Members which institute licensing procedures or changes in these procedures shall notify the Committee of such within 60 days of publication [...]" (Art. 5.1).
