1 INVESTMENT PREFERENCES

Title of the subsidy program

Investment preferences.

Period covered by the notification

2020.

Policy objective and/or purpose of the subsidy

Investment support is aimed at creation of favorable investment climate for economic development and to stimulate investment to set up new production, expansion and renovation of existing production facilities, training of Kazakhstani personnel, and protection of the environment.

Background and authority for the subsidy

Investment preferences are administered by the Ministry of Foreign Affairs of the Republic of Kazakhstan and the Ministry of Finance the Republic of Kazakhstan.

Legislation under which it is granted

- 1) Code of the Republic of Kazakhstan No. 375-V "The Entrepreneurial Code of the Republic of Kazakhstan" of 29 October 2015;
- 2) Code of the Republic of Kazakhstan No. 120-VI "On Taxes and Other Obligatory Payments in the Budget" of 25 December 2017.

Form of the subsidy

Preferences within the investment projects: customs duty exemption for imported goods, exemption from the VAT payment on imported raw material and (or) supplies, in-kind state grants.

Preferences within the priority investment projects: customs duty exemption for imported goods; in-kind state grants, tax preferences (zero rate for corporate, land and property taxes).

To whom and how the subsidy is provided

Investment preferences are granted based on an investment contract concluded between authorized investment body and juridical person of the Republic of Kazakhstan implementing an investment project.

Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy

35.245 billion tenge.

Duration of the subsidy and/or any other time-limits attached to it

Investment preferences are granted for the duration of the investment contract, except customs duty exemption which is granted for a period not exceeding five years from the date of registration of the investment contract and tax preferences which are granted for a period of 3 to 10 years.

Statistical data permitting an assessment of the trade effects of a subsidy

It is not possible to estimate what, if any, trade effects may result from the use of this program.

2 PREFERENCES WITHIN SPECIAL ECONOMIC ZONES

Title of the subsidy program

Preferences within Special Economic Zones (hereinafter- SEZs).

Period covered by the notification

2020.

Policy objective and/or purpose of the subsidy

Preferences within SEZs are aimed at attracting investments.

Background and authority for the subsidy

Preferences within SEZs are administered by the Ministry of Finance of the Republic of Kazakhstan.

Legislation under which it is granted

- 1) Law of the Republic of Kazakhstan No. 242-VI "On Special Economic and Industrial Zones" of 3 April 2019;
- 2) Code of the Republic of Kazakhstan No. 375-V "The Entrepreneurial Code of the Republic of Kazakhstan" of 29 October 2015;
- 3) Code of the Republic of Kazakhstan No. 120-VI "On Taxes and Other Obligatory Payments in the Budget" of 25 December 2017.

Form of the subsidy

Tax preferences.

To whom and how the subsidy is provided

Preferences are provided to juridical persons registered as SEZ participants.

The Tax Code provides customs duty exemption for imported goods and exemption from payment of the following taxes:

- corporate income tax;
- land tax or land use fees;
- property tax;
- VAT on goods.

Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy

58.836 billion tenge.

Duration of the subsidy and/or any other time-limits attached to it

Duration of application of tax preferences: until expiration of SEZ.
Exemption from import customs duties is granted for a fifteen-year period, but no more than the validity period of special economic zones.

Statistical data permitting an assessment of the trade effects of a subsidy

It is not possible to estimate what, if any, trade effects may result from the use of this program.

3 BUSINESS SUPPORT AND DEVELOPMENT STATE PROGRAM "BUSINESS ROAD MAP 2025"

Title of the subsidy program

Business Support and Development State Program "Business Road Map 2025".

Period covered by the notification

2020.

Policy objective and/or purpose of the subsidy

To facilitate balanced growth of entrepreneurship, and to create new permanent jobs.

Background and authority for the subsidy

The Program is administered by the Ministry of National Economy of the Republic of Kazakhstan.

Legislation under which it is granted

Resolution of the Government of the Republic of Kazakhstan No. 968 "On Approval of Business Support and Development State Program 'Business Road Map 2025'" of 24 December 2019.

Statistical data permitting an assessment of the trade effects of a subsidy

It is not possible to estimate what, if any, trade effects may result from the use of this program.

4 THE COMPONENT "INDUSTRIAL SUPPORT OF ENTREPRENEURS/SUBJECTS OF INDUSTRIAL AND INNOVATIVE ACTIVITIES"

Form of the subsidy

- 1) subsidizing part of the interest rate on loans/financial leasing agreements;
- 2) subsidizing of markups on products and lease payment which are income components of Islamic banks;
- 3) subsidizing part of the interest rate on loans for the manufacturing industry and services, as well as for processing in the agro-industrial complex;
- 4) subsidizing the coupon rate on bonds issued by business entities;
- 5) partial guarantee on loans of banks/development bank;
- 6) partial guarantee on loans issued by banks in the manufacturing industry and services, as well as for processing in the agro-industrial complex;
- 7) state grants;
- 8) development of production (industrial) infrastructure;
- 9) establishment of industrial zones.

To whom and how the subsidy is provided

Participants are effective entrepreneurs/subjects of industrial and innovative activities who implement and (or) plan to implement their own projects. Subsidizing part of the interest rate is provided for new loans/financial leasing agreements issued for the implementation of new effective investment projects, as well as projects aimed at modernisation, expansion of production, replenishment of working capital and franchising.

Subsidizing of markups on products/parts of the lease payment that make up the income of an Islamic bank is carried out on financing provided for the implementation of new investment projects, as well as projects aimed at modernising, expanding production and replenishing working capital.

Subsidizing part of the interest rate on loans for the manufacturing industry and services, as well as processing in the agro-industrial complex is carried out by subsidizing projects on loans/leasing transactions with a nominal interest rate not exceeding 15% per annum. Subsidizing the coupon rate on bonds issued by business entities is used to reimburse part of the expenses paid by issuers as bonuses. Subsidizing the coupon rate on bonds is carried out on bonds issued to finance the implementation of new investment projects, as well as projects aimed at modernisation, expansion of production and replenishment of working capital.

Partial guarantees are provided only for loans issued for the implementation of effective investment projects, as well as projects aimed at modernisation, expansion of production, replenishment of working capital and franchising.

State grants are provided to small businesses for the implementation of new business ideas.

The development of production (industrial) infrastructure consists in bringing the missing infrastructure to small and medium-sized enterprises projects aimed at creating new industries, modernising and expanding existing industries. The missing infrastructure is brought up to the border of the territory of the object of small and medium-sized enterprises without bringing the infrastructure inside the territory of the entrepreneur's object.

The establishment of industrial zones is carried out to accelerate the development of private entrepreneurship in the industrial sector, optimize the development of general infrastructure, increase production efficiency, and ensure employment of the population.

Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy:

4.831 billion tenge.
