### **QUESTIONS POSED BY THE UNITED STATES REGARDING THE NEW AND FULL NOTIFICATION OF THE EUROPEAN UNION (DENMARK)<sup>1</sup>**

The following communication, dated and received on 24 January 2022, is being circulated at the request of the delegation of the United States.

The United States appreciates the European Union's 2021 subsidy notification regarding subsidy programs in Denmark and poses the following questions regarding programs contained in the notification.

#### **Questions on Fishery Programs**

- a. For the program entitled "Investments on fishing vessels," the program provides support for the purchase of new fishing vessels. How does Denmark ensure that this does not result in increased fishing capacity?
  - b. How does the program "Preparation and implementation in relation to production- and marketing plans" support implementation of fishery production plans?
  - c. For the program entitled "Aid for Young Fishermen," the program provides support for young fishery workers to start up a business. How does Denmark ensure that encouraging new fishers does not increase overall fishing capacity?
