**NOTIFICATION UNDER ARTICLE 12.1(A) OF THE AGREEMENT  
ON SAFEGUARDS ON INITIATION OF AN INVESTIGATION  
AND THE REASONS FOR IT**

JORDAN

*Aluminium Bars, Rods and Profiles*

The following communication, dated 22 July 2016, is being circulated at the request of the Delegation of Jordan.

---

In accordance with Article 12.1(a) of the WTO Agreement on Safeguards, Jordan hereby notifies the Committee on Safeguards that the National Production Protection Directorate (NPPD) in the Ministry of Industry, Trade and Supply has initiated its safeguards investigation on "Aluminium bars, rods and Profiles" as the following:

**1. Specify the date when the investigation was initiated**

In accordance with Article 12(c) of the "Jordanian Regulation on Safeguard No. (55) of the year 2000", the date of initiation of the safeguards investigation is 24 July 2016.

**2. Specify the product subject to investigation**

The product subject to investigation is: Aluminium bars, rods and profiles, under the tariff heading (7604) of the Jordanian Harmonised Tariff System.

**3. Provide the reasons for the initiation of investigation**

(i) Was the investigation initiated pursuant to a petition from the domestic industry?

And

(ii) Evidence on the basis of which the investigation was initiated.

The National Production Protection Directorate (NPPD) in the Ministry of Industry, Trade and Supply initiated the investigation based on a petition filed by domestic industry for aluminium bar, rods and profiles, in which it alleged that the increase of imports had caused serious injury to the domestic industry producing similar products. The application has been examined and it was concluded that there was sufficient evidence on increasing imports of the subject product, sufficient evidence of injury on the industry, and evidence of causality between the increased imports and the injury.

National Production Protection Directorate (NPPD) analysed imports data submitted in the application for the period of investigation from 2010 to 2015.

It has been found that the increase, both in absolute terms and relative to production in imports, was recent, sudden, sharp and significant.

Regarding injury factors, NPPD found that declines in the economic indicators of production, sales, employments and capacity utilization were recorded in the domestic industry, in conjunction with the increase in imports.

The Competent Authority (NPPD) is satisfied that the information it examined discloses a reasonable indication that the goods that are the subject of the complaint are being imported in such increased quantities and under such conditions as to cause injury to domestic producers of like or directly competitive goods.

**4. Point of contact for the investigation**

**5. Deadlines and procedures for importers, exporters and other interested parties to present evidence and their view**

- (i) Deadlines and procedures for Members and exporters to identify themselves as interested parties, if so required, to participate in the investigation:
  - Deadline for the identification of the interested parties: 14 August 2016.
  - Deadline for providing written statements, information, etc. to NPPD: 12 September 2016.
- (ii) The date of an intended public hearing as provided for in Article 3.1.

According to the Jordanian legislation, public hearing will be held upon the request of any of the interested parties and all the parties will be informed and invited to participate.
