

Committee on Sanitary and Phytosanitary Measures

**SPS TECHNICAL ASSISTANCE AND TRAINING ACTIVITIES
1 SEPTEMBER 1994 TO 31 DECEMBER 2017**

NOTE BY THE SECRETARIAT¹

Revision

1. This document provides an update of all the SPS technical assistance (TA) and training activities undertaken by the Secretariat from 1 September 1994 to 31 December 2017. Detailed information is provided in the annexed table on the TA activities undertaken by the Secretariat for the last three years (2015-2017).²
2. The main objective of SPS technical assistance and training activities undertaken by the WTO Secretariat is to increase participants' awareness about Members' rights and obligations under the Agreement on the Application of Sanitary and Phytosanitary Measures (SPS Agreement) and its implications for national policymaking. The SPS technical assistance activities also provide an opportunity to inform participants on the discussions held and latest documents considered by the SPS Committee. In addition, participants are informed about upcoming SPS workshops and technical assistance initiatives available to their countries on SPS matters.
3. The programme is adapted to take into account the specific needs identified by the countries, the participants' knowledge of the SPS Agreement, the level of development of the countries, and any specific concerns relating to the implementation of the SPS Agreement, in order to adequately respond to individual requests. SPS technical assistance and training activities typically include presentations on the basic provisions of the SPS Agreement, the transparency provisions, specific trade concerns raised at the SPS Committee, the WTO dispute settlement and SPS-related cases, and specific issues such as risk analysis, regionalization or equivalence.
4. Altogether, 386 SPS training activities have been undertaken by the WTO Secretariat from 1 September 1994 to 31 December 2017. In 2017, 22 SPS training activities were undertaken: one regional or sub-regional workshop, 12 national seminars, eight other activities (including one Thematic SPS workshop held back-to-back with the October SPS Committee meeting) and one Advanced SPS Course.³
5. The annexed table identifies, for the period 2015-2017, the type of technical assistance activity, the region and venue where it took place, its dates, participating countries, language used, and whether representatives from the FAO/WHO Codex Alimentarius Commission (Codex), the World Organisation for Animal Health (OIE), and the International Plant Protection Convention (IPPC) Secretariat participated in the activity.
6. A regional workshop refers to an activity organized by the WTO in which a region or sub-region was invited to participate. A national seminar refers to a WTO-organized activity undertaken at the national level only. The "other" category refers to all other SPS TA and training activities that do not fall under either of the first two categories. This includes other types of SPS-specific activities

¹ This document has been prepared under the Secretariat's own responsibility and is without prejudice to the positions of Members or to their rights and obligations under the WTO.

² Detailed information on TA activities from previous years is available from the Secretariat upon request. In addition, G/SPS/GEN/521/Rev.7 includes details of TA activities from 1994.

³ The Advanced SPS Course includes a follow-up activity which is held back-to-back with the June/July SPS Committee meeting of the following year.

organized by the WTO Secretariat as well as activities organized by Members or other bodies in which the WTO Secretariat participated. Training sessions on the SPS Agreement also take place within other general WTO training courses, such as Trade Policy Courses, Regional Trade Policy Courses, Geneva Weeks, Introduction Courses and Agriculture Courses for least-developed countries; which are not included in the list of SPS TA activities in this document.

7. The information provided in the Annex below is organized on an annual basis and in alphabetical order, based on the region where the activity was undertaken, with the more recent activities listed first.

8. SPS TA activities are organized in close collaboration with Members, the three international standard-setting bodies referenced in the SPS Agreement (Codex, IPPC and OIE), as well as with regional organizations, when appropriate. Since 1994, the Codex has participated in 115 activities, while the IPPC secretariat participated in 99 activities and the OIE in 113 activities.

9. To meet the demands for more advanced SPS TA and training activities, a three-week Advanced Course on the SPS Agreement has been offered each year since 2005.⁴ This Advanced SPS Course provides in-depth and "hands-on" SPS training. During the course, participants must elaborate an action plan to address identified SPS needs in their countries. The implementation of the action plans is monitored after the course, and participants are invited to return to Geneva about eight months after the end of the course to present the achievements reached through their action plans. The next Advanced SPS Course is scheduled for October 2018, and it will be held in Spanish.

10. In addition to the above-mentioned SPS TA and training activities, the WTO offers an E-Learning course on the SPS Agreement. The course is offered each year in all three official languages of the WTO: English, French and Spanish.

11. Since 2010, Members have been informed at the beginning of each year of all SPS-related planned technical assistance activities, and interested officials are invited to submit applications for specific events. In 2017, this was done via document G/SPS/GEN/997/Rev.7. The Codex, IPPC and OIE secretariats also drew attention to this information on SPS training activities in their respective meetings to encourage interested candidates to apply. Almost 400 applications were received for SPS-related activities (aside from national seminars and E-Learning courses) offered by the WTO Secretariat in 2017. For the Advanced SPS Course, candidates were required to have successfully completed the WTO E-Learning course on the SPS Agreement at the time of their application. All applicants were requested to provide information that indicated how their professional responsibilities were related to the SPS Agreement, and the endorsement of Members' permanent representations to the WTO was sought before the final selection of participants. The Secretariat endeavoured to ensure that the selected participants represented a balance of officials with responsibilities in their national administrations' food safety, animal health or plant protection areas, as well as SPS enquiry points and national notification authorities, and other officials responsible for the coordination of WTO trade issues and SPS matters within their governments.

12. The Secretariat considers that this more "demand-driven" approach, based on applications from interested officials, together with the pre-requisite of completion of the SPS E-Learning course, has resulted in a more homogeneous and higher level of background knowledge by participants, and permitted the delivery of more advanced and effective training activities since 2010. The Secretariat will again organize its 2018 training activities in this manner, as indicated in document G/SPS/GEN/997/Rev.8.

13. Chart 1 below lists the breakdown of the type of activities undertaken in 2017 and Chart 2 shows the number of activities per year.

⁴ See Chart 7 for a breakdown of participants who have attended the Advanced SPS Course by region.

Chart 1 - SPS TA and Training Activities in 2017

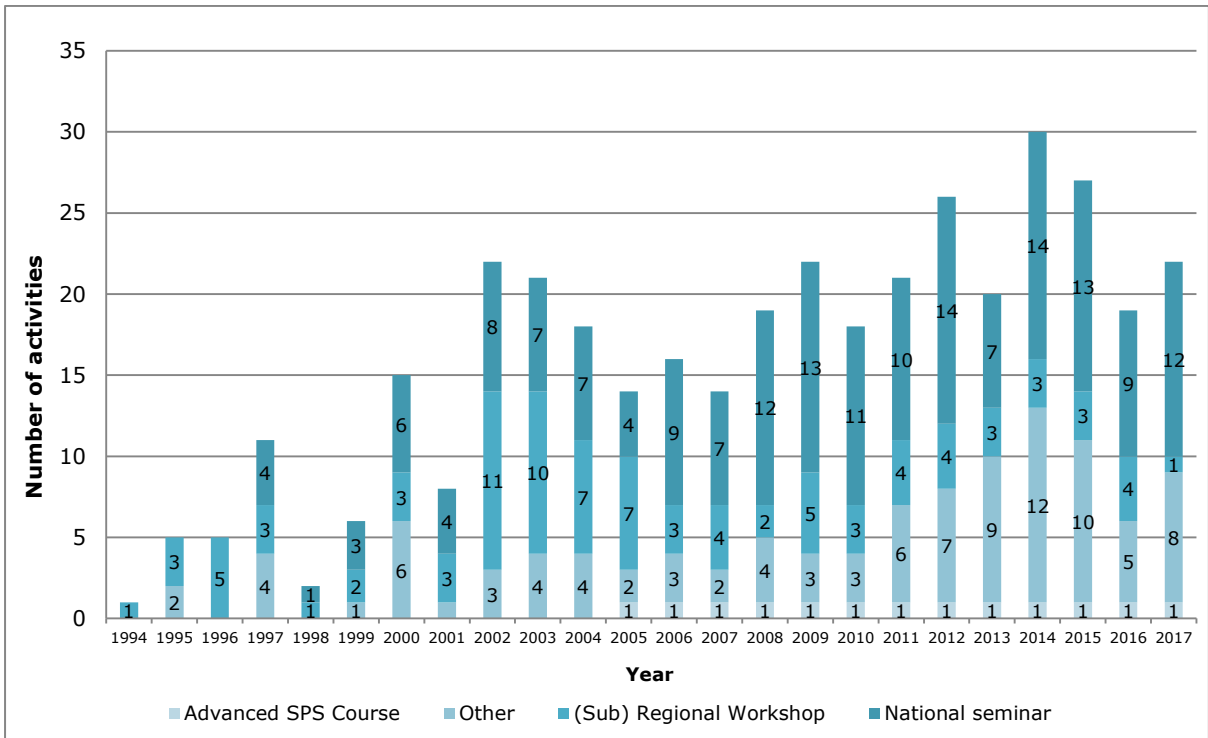

Chart 2 - SPS TA and Training Activities per year from 1994 to 2017

14. Chart 3 presents a breakdown of the type of activities undertaken since 1994: 175 national seminars, 95 regional or sub-regional workshops, 103 "other" activities and thirteen Advanced Courses on the SPS Agreement.

Chart 3 - Type of SPS TA and Training Activities from 1994 to 2017

15. Chart 4 shows the number and type of TA activities per region, while Chart 5 presents the total number of participants who have attended SPS TA and training activities per region and per type of activity. Overall, a total of 14,729 people have been given training by the WTO Secretariat on the SPS Agreement since 1994.

Chart 4 - SPS TA and Training Activities per Region from 1994 to 2017

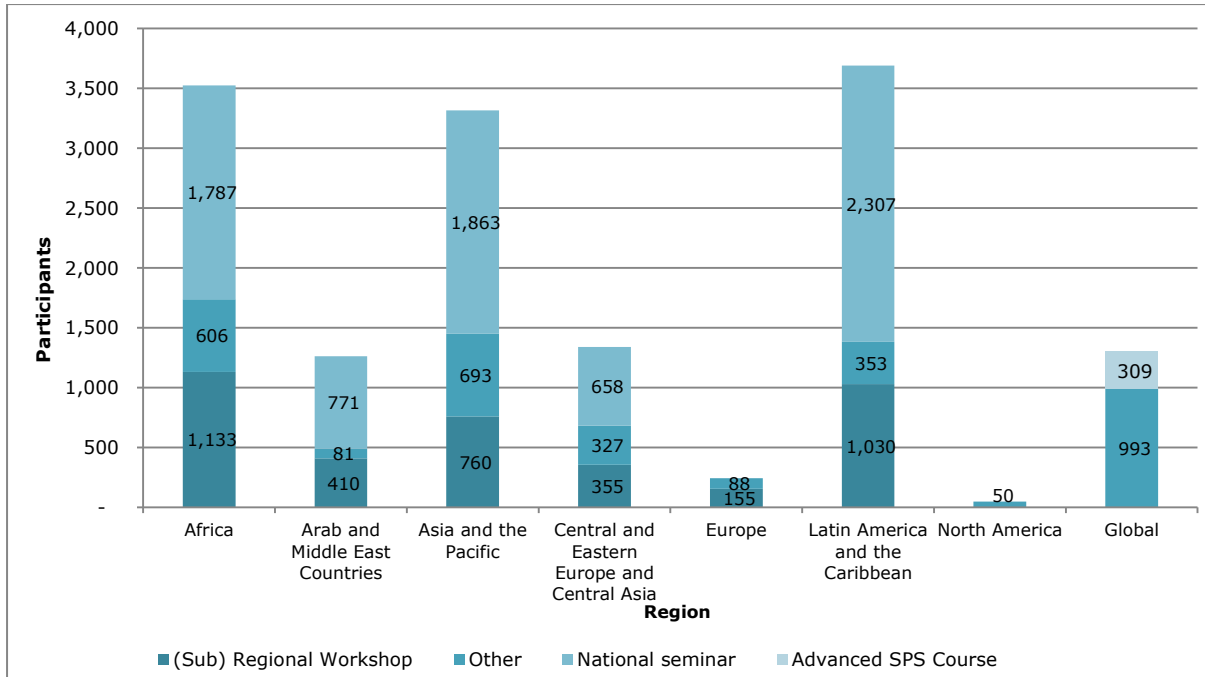

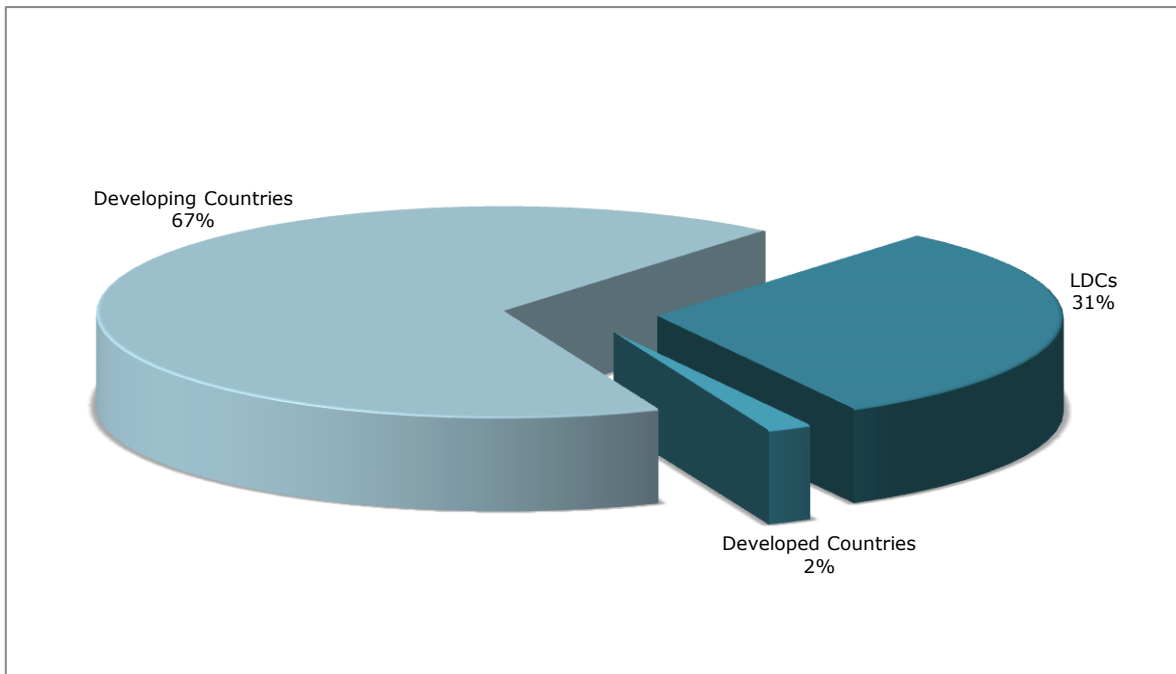

Chart 5 - Participants per Region from 1994 to 2017

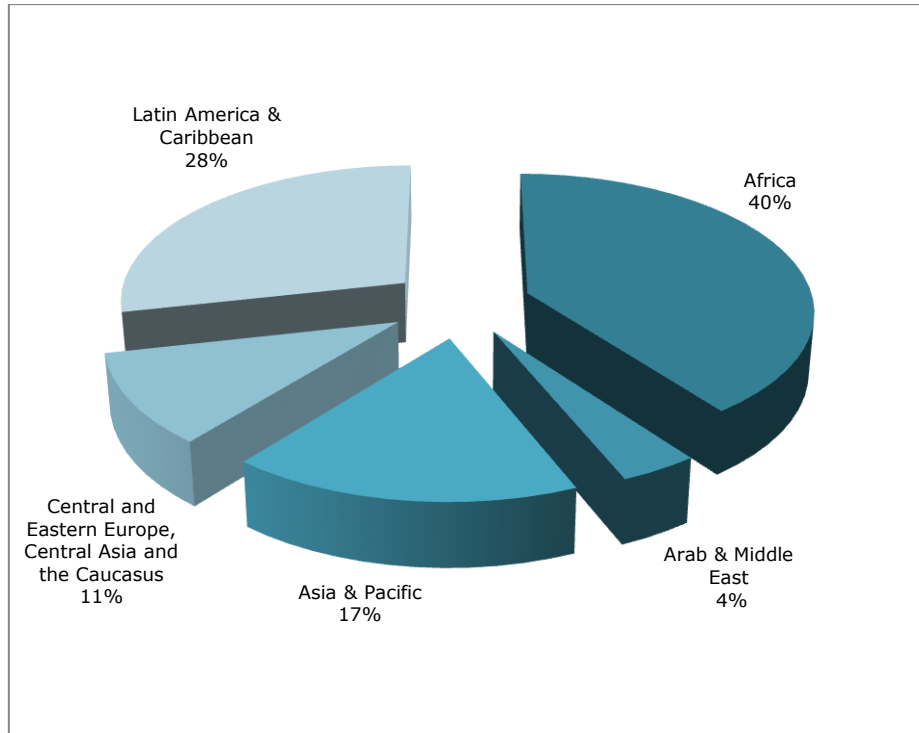

16. As shown in Chart 6, 31% of the beneficiaries of all SPS TA and training activities undertaken by the Secretariat have been from least-developed countries (LDCs), 67% from developing countries, and 2% from developed countries.

Chart 6 - Breakdown of country participation from 1994 to 2017

17. Chart 7 presents a breakdown by region of participants who have attended the Advanced SPS Course. Over the period 2005 to 2017, 310 officials have participated in the Advanced SPS Course from the following regions: 40% from Africa; 28% from Latin America and the Caribbean; 17% from Asia and Pacific; 11% from Central and Eastern Europe, Central Asia and the Caucasus; and 4% from Arab and Middle East countries.

Chart 7 – Breakdown of participants in the Advanced SPS Course by region from 2005 to 2017

18. Chart 8 presents the language breakdown of all SPS TA and training activities that have been undertaken. Overall, 63% of activities have been conducted in English, 18% in Spanish, and 13% in French. The remaining 6% have been undertaken in other languages, including Arabic, Portuguese, Turkish and Russian.⁵

Chart 8 - Language breakdown of SPS TA and Training activities from 1994 to 2017

⁵ For all the SPS TA and training activities undertaken in other languages, at least one of the official WTO languages was also used (with the exception of activities conducted in Portuguese).

ANNEX

**SPS TECHNICAL ASSISTANCE AND TRAINING ACTIVITIES
