NOTIFICATION

Addendum

The following communication, dated 6 October 2016, is being circulated at the request of the delegation of Argentina.

Active pharmaceutical ingredient (APIs)

Please be advised that National Drug, Food and Medical Technology Administration (ANMAT) Resolution No. 5260/2008 "Active pharmaceutical ingredients (APIs) - Authorization and control" (notified in document G/TBT/N/ARG/243) has been supplemented by ANMAT Resolution No. 10692/2016.

The notified Resolution establishes reporting obligations in relation to weighing and mixing activities for laboratories that have a register of medicinal preparations that contain chemical precursors.

Please note that APIs are referred to as both "chemical precursors" and "substances subject to special control".
