#### Notice Amending the Canadian Food Inspection Agency User Fees: Destination Inspection Service

The proposal notified in G/TBT/N/CAN/356/Add.1 (dated 9 January 2013) was adopted with amendments coming into force on 1 April 2014.

This notice implements the final step of a three-year phased-in approach to fully cost recover the Destination Inspection Service (DIS) program. The fully cost recovered fees will allow for the continued provision of a high quality and respected inspection service that is of direct benefit to the fresh produce industry.

The CFIA re-examined its business model in response to comments received and an adjusted business model has been adopted. The adjusted business model results in a decreased hourly rate and elimination of the separate call-out fee. A summary of respondent comments and CFIA responses are available from the Internet addresses below:
