NOTIFICATION

Revision

The following notification is being circulated in accordance with Article 10.6.

1. Notifying Member: <u>UKRAINE</u> If applicable, name of local government involved (Articles 3.2 and 7.2):
2. Agency responsible: Ministry of Environmental Protection and Natural Resources of Ukraine Name and address (including telephone and fax numbers, email and website addresses, if available) of agency or authority designated to handle comments regarding the notification shall be indicated if different from above:
3. Notified under Article 2.9.2 [X], 2.10.1 [], 5.6.2 [X], 5.7.1 [], 3.2 [], 7.2 [], other:
4. Products covered (HS or CCCN where applicable, otherwise national tariff heading. ICS numbers may be provided in addition, where applicable): chemical products
5. Title, number of pages and language(s) of the notified document: Draft Resolution of the Cabinet of Ministers of Ukraine "On Approval of the Technical Regulation on Hazard Classification, Labeling and Packaging of Chemical Products"; (1450 page(s), in Ukrainian)
6. Description of content: The draft Technical Regulation on Hazard Classification, Labeling and Packaging of Chemical Products provides for the establishment of legal provisions to ensure effective protection of human health and the environment from the hazardous chemical products impacts, as well as to establish rules for free circulation of such products on the domestic market of Ukraine. It also envisages the establishment of National List of Approved Hazard Classifications and Warning Labeling Elements, State Register of Hazard Classifications and Warning Labeling Elements for Hazardous Chemicals and implementation of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS) at the national level. The introduced rules stipulate that manufacturers, importers, suppliers and other market operators have to ensure that the hazard classification of chemical products they provide on the market of Ukraine or export has been carried out in accordance with the criteria set out in the relevant paragraphs and annexes to the Technical Regulation. In case of classification of chemical products as hazardous according to one or more hazard classes, they have to ensure that such chemical products are properly packaged and labeled with appropriate information. To classify the hazards of chemical products, manufacturers, importers and other suppliers are required to collect all available information on the hazardous characteristics of chemicals from any reliable sources, assess its validity and apply to the selected

<p>information the hazard classification criteria for all classes, differentiations and categories within a class, as defined by the Technical Regulation.</p> <p>The Technical Regulation harmonizes Ukrainian legislation in the relevant field with EU legislation (Regulation No. 1272/2008) and international UN standards (GHS system).</p>
<p>7. Objective and rationale, including the nature of urgent problems where applicable: National security requirements; Consumer information, labelling; Prevention of deceptive practices and consumer protection; Protection of human health or safety; Protection of the environment; Quality requirements; Harmonization</p>
<p>8.
