DIALOGUE ON PLASTIC POLLUTION AND ENVIRONMENTALLY SUSTAINABLE PLASTICS TRADE

WTO PRESENTATION ON THE ANALYSIS ON THE DEFINITIONS OF SINGLE-USE PLASTIC PRODUCTS

Pre-Plenary Meeting – 12 April 2024

* In Original language only/En langue originale seulement/En el idioma original solamente.

¹ Documents issued in the RD series are not official WTO documents. They usually appear in their language of submission and will not be translated systematically into the working languages of the WTO. They are intended for use in WTO meeting rooms and are attributed an unofficial symbol for archiving purposes only.

Les documents de la série RD ne sont pas des documents officiels de l'OMC. Ils ne paraissent généralement que dans la langue dans laquelle ils ont été communiqués et ne seront pas systématiquement traduits dans les langues de travail de l'OMC. Ils sont destinés aux salles de réunion de l'OMC et une cote non officielle leur est attribuée à des fins d'archivage.

Los documentos de la serie RD no son documentos oficiales de la OMC. Por lo general se distribuyen en el idioma en que han sido presentados y no se traducen sistemáticamente a los idiomas de trabajo de la Organización. Se distribuyen para su uso en las salas de reunión de la OMC y se les asigna una firma no oficial a efectos de archivo únicamente.

WTO Dialogue on Plastic Pollution

Analysis on the definitions of single-use plastic products

12 April 2024

SINGLE-USE PLASTIC DEFINITIONS IN TRADE-RELATED PLASTICS MEASURES

- Based on the Dialogue Survey and Report on Trade-related Plastic Measures (TrPMs)
- Analysis of definitions of single-use plastic products most often targeted in TrPMs
- Identify main criteria used to define single-use plastic products in the measures

Cooperation with WCO Secretariat

- 2 communication letters from the Dialogue to WCO
- WCO has begun discussing potential changes in the 2028 Harmonized System reform
- Requested the WTO Secretariat to provide further information on how Members identified single-use plastic products in their TrPMs

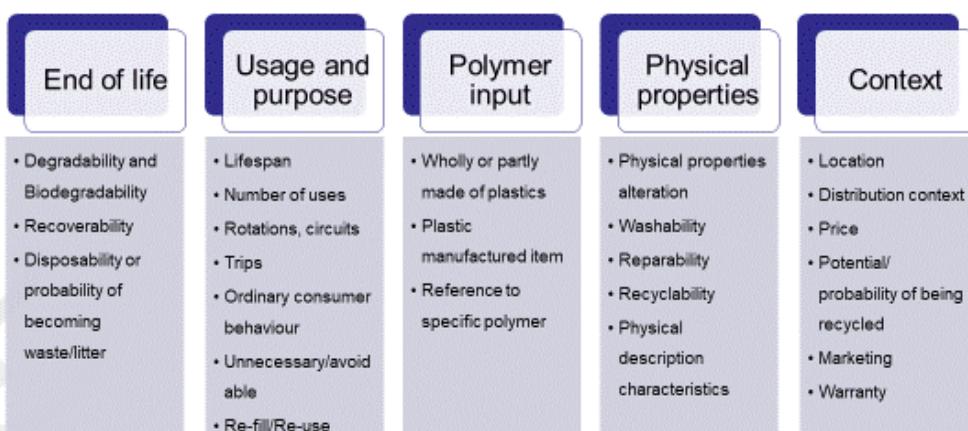

Single-use plastic products most often targeted (number of TrPMs used for the analysis of SUPs definitions)

	Number of TrPMs considered
Tableware	24
Food containers	23
Plastic straws	19
Cups	17
Cotton buds	11
Bottle	9
Beverage stirrers	9
Plastic lids	6
Film	5
Plastic balloon sticks	3
Sachets	1
Tobacco	1

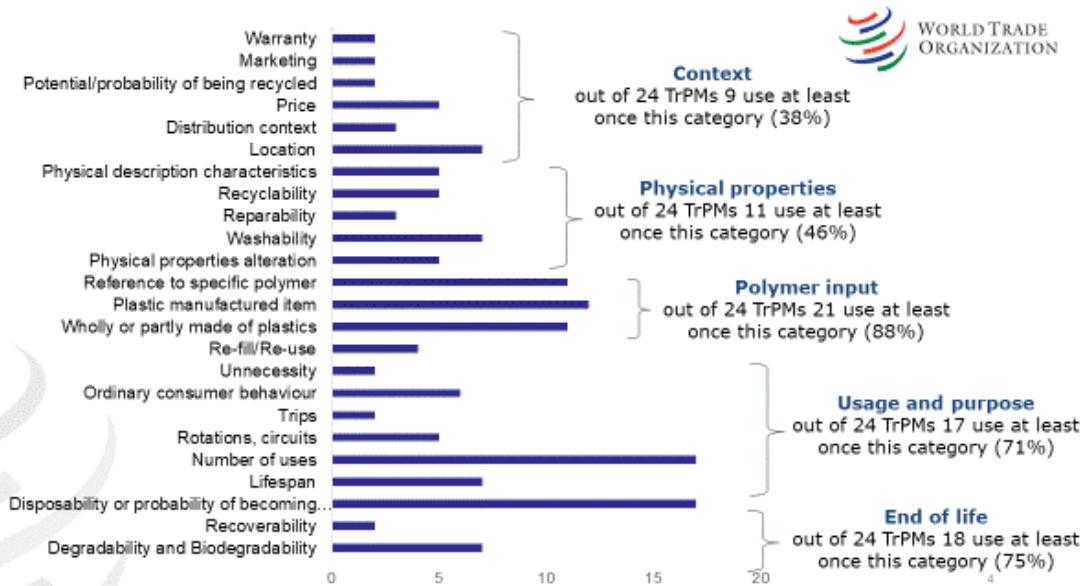

2

Main criteria identified to define single-use plastic products in TrPMs

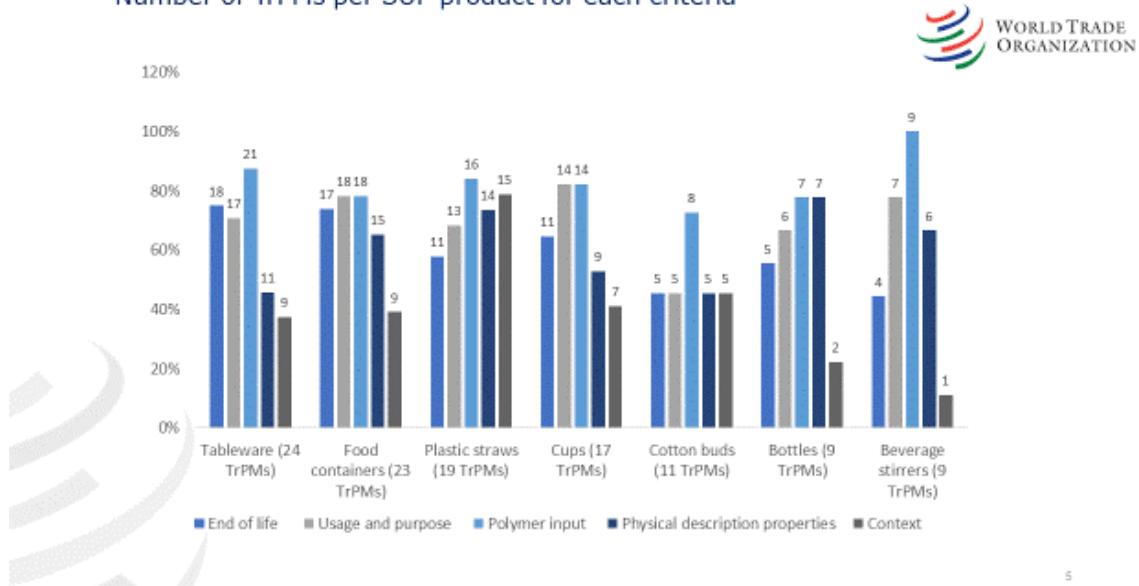

3

Criteria used in single-use plastic tableware definitions

Number of TrPMs per SUP product for each criteria

Concrete examples

- Physical properties:
 - Washability/Physical properties alteration
 - Changes shape when submerged in water maintained at a temperature of between 82 °C and 86 °C for 15 minutes
 - Changes its physical properties after being run through an electrically operated household dishwasher 100 times
- Context:
 - Location
 - Single-use plastic tableware and cutlery are often used at food markets, parties, festivals, and other events such as community and sports group gatherings.
 - Price
 - The item is free or low-cost, or included in the purchase price of another item

Concrete examples

- Physical properties:
 - Physical description characteristics
 - Single-use plastic flexible straw means a single-use plastic straw that has a corrugated section that allows the straw to bend and maintain its position at various angles
 - Single-use product can be assessed by considering the product's expected functional life whether it is intended and designed to be used several times before final disposal and whether consumers typically conceive, perceive and use it as a reusable product.
 - Physical properties alteration
 - Must be able to withstand temperatures not less than 100 degrees Celsius and must not have abnormal characteristics that may be detrimental to use, such as distortion or wrinkles.
