WORLD INTELLECTUAL PROPERTY ORGANIZATION (WIPO)

Addendum

The following communication, dated 15 October 2019, is being circulated at the request of the World Intellectual Property Organization (WIPO).

1 INTRODUCTION

1. This note has been prepared by the World Intellectual Property Organization (WIPO), pursuant to the invitation of the Chair of the World Trade Organization (WTO) Council for TRIPS of 1 July 2019, to provide updated information on its technical, legal and financial cooperation programmes relevant to the implementation of the TRIPS Agreement for the meeting of the Council for TRIPS scheduled for 17 and 18 October 2019.

2. WIPO is committed to providing Member States with the necessary advice and assistance relating to the implementation of the TRIPS Agreement. In this respect, WIPO regularly responds to requests received from developing countries, least developed countries (LDCs) and countries in transition to provide such assistance. TRIPS-related legal assistance and technical cooperation activities and programmes fall within the framework of the provisions of the Agreement between WIPO and WTO and are complemented by two joint initiatives that were launched by the Directors General of the two Organizations in July 1998 and in June 2001, respectively.

3. WIPO has provided legal and technical assistance to Member States in support of their efforts in implementing obligations deriving from the TRIPS Agreement and within the context of WIPO's Results Framework. WIPO assisted mainly developing and least developed countries in developing and implementing strategies and policies aimed at creating, protecting, managing and exploiting IP for economic, social and cultural development. WIPO also strengthened its assistance to help these countries to integrate IP into their overall national development and public policy in areas such as health, trade, education, research, technology transfer and competition policies, including advising countries on the flexibilities available under international IP treaties, and, in particular, the TRIPS Agreement.

4. The Annex provides a list of the relevant activities undertaken by WIPO in the period from September 2018 to August 2019.
