

#### Acronyms

AMS = Aggregate Measurement of Support  
AoA = Agreement on Agriculture  
CTAMS = Current Total Aggregate Measurement of Support  
FBTAMS = Final Bound Total AMS  
VOP = Value of production

#### Excel Sheet Legend

The support included in each Excel worksheet is based on the criteria in the Agreement on Agriculture  
CTAMS = Sum of all AMSs over *de minimis*, Article 7.2  
Total Green Box = All support and support exempted under Annex 2  
General Services = All support exempted under paragraph 2 of Annex 2  
Direct Payments = All support exempted under paragraph 5 to 13 of Annex 2  
Domestic Food Aid = All support exempted under paragraph 4 of Annex 2  
Public Stockholding = All support exempted under paragraph 3 of Annex 2  
Article 6.2 = All measures reported in Supporting Table 2 in the domestic support notification  
Product specific AMS = Sum of all product specific support notified under Article 6.3 and 6.4 (support under and over *de minimis*)  
Non-product specific AMS = Sum of all non-product specific support under Article 6.3 and 6.4 (support under and over *de minimis*)  
Amber Box = Sum of all support under Article 6.3 and 6.4 (support under and over *de minimis*)  
*de minimis* = Sum of all AMSs under the *de minimis* threshold  
Blue Box = Sum of all support under Article 6.5  
Article 6 = Sum of all support reported under Article 6.2, 6.3, 6.4 and 6.5  
VOP = Value of production data  
FBTAMS = Final Bound Total AMS  
Exchange rates used = Exchange rates used to transform data into USD for each notification year

#### Methodology

Domestic support data is sourced from a Member's annual notification to the WTO  
Exchange rates source: International Financial Statistics (IFS) - period average  
Database only includes Members that have submitted a DS:1 notification since 2001  
Includes all domestic support reported and available on <https://docs.wto.org/> as of September 1, 2021  
Does not include Members that are now part of the European Union  
When information was available, all deflated numbers were converted back to nominal values  
Data on value of production was source from Members' WTO notifications, when the series was complete since 2001 or date of accession. Otherwise data from the United Nations Food and Agriculture Organization (FAO) was used as a proxy.  
Data on AMS was sourced from Supporting Table DS:4 exclusively. Negative numbers from Supporting Table DS:4 were excluded in all AMS calculations.

**Note: FAO VOP data was updated in its entirety due to a full dataset update by the FAO on March 18th, 2021.**

#### Design by:

Agriculture and Agri-Food Canada - Government of Canada
