This document is one in a series which updates the information originally circulated in the MTN/3E/DOC/9 and Addenda series. For non-tariff measures (NTM) other than those covered by this document please refer to document AG/DOC/1 which provides an overview of the way in which NTM information is organized within the AG/DOC/- series.

<td>Apples, pears and quinces, fresh (08.06)</td>
<td>South Africa</td>
</tr>
</tbody>
</table>

(a) **Description:**

Health and sanitary measures for apples.

Restrictions on imports because of mites.

(b) **Comments by other countries:**

(c) **Comments by country maintaining the measures:**

Phytosanitary measures. Permits are granted if products are disease-free.

April 1982
Product: (CCCN) Fruit, fruit peel and parts of plants, preserved by sugar (drained, glacé or chrystallized) (20.04)

Country or group maintaining measures: South Africa

Countries indicating an interest:

Canada
United States

(a) Description:

Health and sanitary regulations

Products containing colouring, flavouring or thickening matter must meet prescribed standards.

(b) Comments by other countries:

United States: The regulation would appear to be rather drastic. (Applies also to 20.06.)

(c) Comments by country maintaining the measures:

The regulation is broad and covers all products containing colouring, flavouring or thickening matter. Domestic products are subject to the same standards. (Applies also to 20.06.)

April 1982
Product: (CCCN) Fruit otherwise prepared or preserved, whether or not containing added sugar or spirit (20.06)

Country or group maintaining measures: South Africa

Countries indicating an interest: Canada United States

(a) Description:

Health and sanitary regulations

Products containing colouring, flavouring or thickening matter must meet prescribed standards.

(b) Comments by other countries:

United States: See item 20.04.

(c) Comments by country maintaining the measures:

See item 20.04.
