The Permanent Mission of Peru has requested that the following corrections should be made to document AG/FOR/PER/3:

1. Page 5, column 16, the reference to Article V as a justification for the prohibition on "Fresh fish, chilled or frozen" (item 03.01) should be replaced by Article XX:g, with an indication "ex" in column 5, since the prohibition affects only exports of "ornamental fish".

2. Reference to Article XVIII in column 16 should refer to Section B, wherever so indicated.

3. Page 28, column 16, the reference to Article XXI of the General Agreement, in respect of export restriction on "Greaves, meat and fish meal" (item 23.01) should be replaced by a reference to Article XX:i.
