The following corrections are to be made to document BOP/W/83:

Page 9, paragraph 29 - figures "5.2" (line 2) and "6 per cent" (line 5) should be changed to "6.3" and "5.6" respectively.

Page 10, paragraph 36 - change the last two words "working force" to "employed population".

Page 10, paragraph 40, third sentence should read:

"In January-September 1982, the money supply (narrowly defined) expanded at an annual rate of 52.5 per cent. The rate of expansion was sharply reduced in October, to give an overall growth in narrow money of 49 per cent for the year."

Page 13, paragraph 56 - figure "10 per cent" (line 4) should be changed to "9.3 per cent"; penultimate sentence should read "Textiles, clothing, footwear exports rose by only 1.7 per cent in dollar value in 1983, and the share of this sector in total exports fell from 26.5 per cent in 1982 to 24.1 per cent in 1983."

Page 16, Table 1 - figures for "Iron and steel products" should read "6.6, 9.0, 8.3."
