Page 4

The third paragraph should be replaced by the following text:

"The representative of Turkey welcomed the declarations. During the preparatory work on the techniques and modalities to be used in the proposed negotiations, all the elements of a possible participation by the developing countries should be studied in detail. His delegation would participate in the preparatory work with that consideration in mind. His Government would not take up a definitive position on the negotiations until it had made a thorough study of the results of the preparatory work".
