PROGRAMME OF MEETINGS

Note by Executive Secretary

At the twenty-first session of the CONTRACTING PARTIES and at the last meeting of the Council certain meetings were scheduled for the autumn of 1964. It was agreed that the Council would fix times for meetings of several other committees and working parties.

A proposed programme of meetings for the period September to November is set out below. This programme includes the meetings already agreed upon, except for a postponement of the Working Party on the Convention of Association between the European Economic Community and the Associated African and Malagasy States; this Working Party was to have met on 21 September, but it has been proposed by some of the parties to the Convention that it be postponed until a later date as they will not be able to submit their replies to the questionnaire until September. New dates for this Working Party might be decided upon when the replies to the questionnaire have been received.

The programme of meetings for the Trade Negotiations Committee and its various subsidiary bodies will be established by the Committee.
