The following reports under Article 16 of the Agreement on the Implementation of Article VI of the GATT have been received from Canada, Norway and the United States.

1. Cases pending as of 1 July 1973

- Steel wire rope originating in Japan, Republic of Korea and Taiwan
- Single row tapered roller bearings originating in Japan
- Polymethyl methacrylate extruded lighting panels of uniform prismatic pattern originating in the United States
- Stainless flat rolled steels originating in or exported from Japan and Sweden, and alloy tool steel bars, not including high speed, AISI P-20 mould steel and Die Blocks, originating in or exported from Sweden and Austria
- Graphite electrodes, machined and unmachined, and graphite connecting pins originating in Japan
- Fibreglass reinforced plastic consumer panels originating in the United States
2. Investigations opened 1 July 1973 to 30 June 1974

- Green olives, packed in glass originating in Spain.
- Slide fasteners or zippers and parts thereof, manufactured by Yoshida Kogyo K.K., Tokyo, Japan.
- Crêpe paper masking tape and filament reinforced strapping tape originating in the United States.
- Self-adhesive photo albums originating in Japan and the Republic of Korea.
- Tetanus Immune Globulin (Human) originating in the United States.
- Hydrocyclone or cyclone cones or cleaners for use in the radiclone systems from Nass A.B., Stockholm, Sweden.
- Car top carriers originating in the United States.
3. **Cases on which provisional action taken during 1 July 1973 to 30 June 1974**

- Slide fasteners
- Hair accessories

4. **Cases on which final decision reached during period 1 July 1973 to 30 June 1974**

(a) **Anti-dumping duties imposed**
- Disposable glass culture tubes originating in the United States entered into Canada on or after 15 July 1973
- Caulking and sealing compounds originating in the United States entered into Canada on or after 15 August 1973

(b) **Cases settled through price undertakings**
- Panel adhesives
- Stainless steel and alloy tool steel bars
- Women's footwear
- Green olives
- Fibreglass panels
- Graphite electrodes
- Steel wire rope
- Egg products
- Lighting panels
- Hair accessories

(c) **Cases terminated**
- Panel adhesives
- Stainless steel and alloy tool steel bars
- Women's footwear
- Green olives
- Fibreglass panels
- Graphite electrodes
- Steel wire rope
- Egg products
- Lighting panels
- Hair accessories

5. **Revocation of anti-dumping duties**
- Women's footwear
6. Cases pending as of 1 July 1974

- Tapered roller bearings
- Masking and reinforced strapping tape
- Hydrocyclone cones
- Car top carriers
- Slide fasteners or zippers and parts thereof
- Self-adhesive photo albums
- Tetanus immune globulin (human)

Action on Anti-Dumping Cases Subsequent to 30 June 1974

1. Cases initiated

(a) Frozen, prepared, precooked dinners originating in the United States (initiated 31 July 1974)

2. Preliminary determinations

(a) Tetanus Immune Globulin originating in the United States (3 September 1974)

3. Tribunal findings

- Nil

4. Final determinations

(a) Slide fasteners or zippers and parts thereof manufactured by Yoshida Kogyo K.K., Tokyo, Japan (9 July 1974)

On 7 June 1974 the Tribunal made a finding of injury. Excluded from the finding were "slide fasteners or zippers, currently marketed as zippers of Delrin, the interlocking elements of which consist of discrete teeth of plastic whether imported in finished form or in chain or stringer form of any length and sliders and stops therefor".
NORWAY

No anti-dumping cases were initiated in Norway during the period 1 July 1973 to 30 June 1974.

UNITED STATES

I. Cases pending as of 1 July 1973
Total - 31

II. Investigations opened, 1 July 1973-30 June 1974

The following ten investigations were opened as a result of proceedings initiated in the course of the applicable period:

- Transit car seats (Brazil)
- Papermaking machinery (Canada)
- Photo albums (Canada)
- Non-powered hand tools (Japan)
- Portable electric typewriters (Japan)
- Tapered roller bearings (Japan)
- Electric golf cars (Poland)
- Welt work shoes (Romania)
- 45 RPM flat spindle adapters (United Kingdom)
- Lock-in amplifiers (United Kingdom)

III. Cases on which provisional action taken, 1 July 1973 through 30 June 1974

The provisional action taken under United States law is the withholding of appraisement of the imported product.

A. The following ten cases involved provisional actions, where the proceedings were initiated before the beginning of the applicable period:

- Primary lead metal (Australia)
- Iron and sponge iron powders (excluding alloy powders) (Canada)
- Primary lead metal (Canada)
Racing plates (aluminium horseshoes) Canada
Acrylonitrile butadiene styrene plastic in pellet and powder form Japan
Expanded metal of base metal Japan
Liquid sprayers, hand operated, plastic pistol-grip type Japan
Punching machines, metal, single-end type manually operated Japan
Picker sticks (laminated compressed hardwood loom parts for weaving machines) Mexico
Regenerative blower/pumps West Germany

B. The following two cases involved provisional actions, where the proceedings were initiated after the beginning of the applicable period:

Non-powered hand tools Japan
Tapered roller bearings Japan

IV. Cases on which final decision reached 1 July 1973 through 30 June 1974

A. Anti-dumping duties imposed

1. The following twelve cases involved decisions where the proceedings were initiated before the beginning of the applicable period:

Printed vinyl film Argentina
Primary lead metal Australia
Printed vinyl film Brazil
Elemental sulphur Canada
Primary lead metal Canada
Racing plates (aluminium horseshoes) Canada
Stainless steel wire rods France
Calcium panthothenate Japan
Expanded metal of base metal Japan
Polymerized chlorobutadiene (polychloroprene rubber) Japan
Steel wire rope Japan
Picker sticks (laminated compressed hardwood loom parts for weaving machines) Mexico

B. Cases settled through price undertakings

1. The following five cases involved undertakings where the proceedings were initiated before the beginning of the applicable period:

Rubber thread Italy
Mandelic acid
Upholstery spring wire
Liquid sprayers, hand operated, plastic pistol-grip type
Mandelic acid

2. The following case involved undertakings where the proceedings were initiated after the applicable period:

Photo albums

C. Cases dismissed

Cases may be dismissed either by a determination by the Secretary of the Treasury of no sales at less than fair value or a termination of investigation; or by a United States Tariff Commission determination of no injury to United States industry.

1. The following fourteen cases dismissed involved proceedings initiated before the beginning of the applicable period:

Aluminium ingot
Iron and sponge iron powders (excluding alloy powders)
Papermaking machinery
Stainless steel sheet and strip
Acrylonitrile butadiene styrene plastic in pellet and powder form
Germanium point contact diodes
Polypropylene strapping
Punching machines, metal, single-end type manually operated
Liquid sprayers, hand operated, plastic pistol-grip type
Deformed steel reinforcing bars
Ceramic glazed wall tile
Papermaking machinery
Electronic colour separating or sorting machines
Regenerative blower/pumps

V. Revocation of anti-dumping findings, 1 July 1973 through 30 June 1974

The following two dumping findings were modified and revoked with regard to the listed companies:

Potassium chloride - CF Industries/Central Canadian Potash Company
International Minerals and Chemical Corp.
Potash Company of America
Potash Company of Canada
Kalium Chemicals Limited
Ceramic Wall tile - Pilkington's Tiles Sales, Ltd. United Kingdom

VI. Cases pending as of 30 June 1974

Total - 9

A. No pending cases involved proceedings initiated before the beginning of the applicable period.

B. Nine pending cases involved proceedings initiated in the course of the applicable period.
