Notification under Articles 7 and 8

Bilateral agreement between Norway and Malta

In its notification to the TSB under Article 11, Norway notified a bilateral agreement concluded with Malta for the period 1 January 1986 to 31 December 1988.

The TSB decided to transmit the agreement for the information of participating countries under Articles 7 and 8 of the MFA.

*English only/Anglais seulement/Inglés solamente

1 The previous bilateral agreement between the parties is contained in COM.TEX/SB/1103.
AGREEMENT BETWEEN

THE GOVERNMENT OF THE KINGDOM OF NORWAY

AND

THE GOVERNMENT OF THE REPUBLIC OF MALTA

RELATING TO THE EXPORTS FROM MALTA OF CERTAIN

TEXTILE PRODUCTS FOR IMPORTS INTO NORWAY
1. This Agreement sets out the arrangements that have been made between the Government of the Kingdom of Norway and the Government of the Republic of Malta regarding the exports of certain textile products from Malta for imports into Norway.

Coverage

2. These arrangements apply to Malta's export to Norway of the textile products listed in Annex A to this Agreement, when these are made of cotton, wool or man-made fibres, or blend thereof, in which any, or all of those fibres in combination represent either the main value of the fibres or 50 per cent or more by weight (or 17 per cent or more by weight of wool) of the product. Notwithstanding these provisions, this Agreement shall also apply to the products described in Annex A which are manufactured from impregnated fabrics as defined in a note to Annex A.

Classification

3. For the purpose of classifying textile products in the appropriate category, the definitions set out in Annex A will apply.
4. In case of divergent opinions between Malta and the competent Norwegian authorities at the point of entry into Norway on the classification of products covered by this Agreement, consultations as provided for in Article 13 of this Agreement shall be held with a view to reaching agreement on the appropriate classification of the products concerned and to resolving any difficulties arising therefrom. For this purpose, the authorities of Malta shall be informed by the competent authorities in Norway, and the authorities in Norway shall be informed by the competent authorities in Malta through diplomatic channels as soon as a case of divergent opinions on the classification of products arises.

Pending agreement on the appropriate classification and in order to avoid disruption of trade, the products in question shall be imported on the basis of the classification indicated by the competent Norwegian authorities at the point of entry, in conformity with the provisions of this Agreement.
Restraint levels

5. For products listed in Annex B to this Agreement, Malta shall for each restraint period during the term of this Agreement restrain its exports to Norway to the limits set out in Annex B, or the limits modified as provided for in various articles of this Agreement.

Flexibility provisions

6. Any quantitative limit set out in Annex B may, after mutual agreement between the Government of Malta and the Government of Norway as provided for in Article 13 be modified in any year. Excess or shortfalls in the quota may after mutual agreement be carried forward/over for the following periods within this Agreement.

Administration

7. Exports from Malta to Norway of textile products listed in Annex B shall be subject to a double-checking system of export and import licencing as specified in Annex C of the Agreement.

Circumvention

8. The Government of Norway and the Government of Malta agree to cooperate fully in dealing with problems relating to circumvention of the arrangements set out in this Agreement.
Q. The Government of Malta will endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible during each calendar year, due account being taken of normal seasonal factors.

Rules of origin

10. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in Norway or in Malta and the procedures for control of the origin of the products set out in Annex C.

Re-exports

11. Exports from Malta to Norway of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex 3, if the export licence certifies that the products concerned are for re-export outside Norway.

Where the competent Norwegian authorities have evidence and/or when the Maltese authorities draw the attention of the Norwegian authorities that products exported from Malta and set off by Malta against a quantitative limit established in Annex 3 have been subsequently re-exported outside Norway, the Norwegian authorities shall
notify the Government of Malta of the quantities involved and issue immediately an import authorisation in the name of the Director of Trade, Malta, for the equivalent amount. Following receipt of such authorisation, the Government of Malta may authorise exports for the current calendar year or for subsequent periods as stated in Article 6 of identical quantities of products within the same category, which shall not be set off against the quantitative limits established in Annex B.

**Exchange of Statistics**

12. For all products covered by this Agreement the Government of Malta undertakes to provide the Government of Norway with quarterly statistics on a cumulative basis of all export certificates issued by the authorities for each category for the current quota period.

Each report shall be transmitted before the end of the month following the quarter covered by the report.

The Government of Norway will provide the Government of Malta with quarterly statistics of total imports and licences issued for imports from Malta of all categories covered by this Agreement.
Both parties undertake to supply each other with statistical information on all textile exports/imports by country of destination/origin when requested.

**Consultations**

13. The Government of Malta and the Government of Norway agree to consult at the request of either government, on any question regarding this Agreement.

Any request for consultations shall be notified in writing through diplomatic channels to the other party together with a statement explaining the reasons and circumstances that led to the request.

The parties shall enter into consultations within 21 days at the latest from when the request was made, with a view to arriving at a mutually satisfactory conclusion within a further 30 days at the latest.

If the parties fail to agree the matter may be referred to the appropriate body of the GATT.
14. The present Agreement shall enter into force when the parties have notified each other that all internal procedures which are necessary for the fulfilment of the obligations in the Agreement have been completed.

Provided that such notifications have taken place, the Agreement shall apply with effect from 1st January 1986 until 31st December 1988.

15. Both parties agree that discussions be held not later than September 1983 with a view to review the allocation and extend this Agreement. In the event that this Agreement expires at the end of the term of this Agreement, all Contracts already concluded and covered by the import authorisation shall be honoured even after the termination of this Agreement.
16. The Annexes to this Agreement shall be considered as an integral part thereof.

a) Subject to (c) below, if in 1985 any of the limits established in Annex B of the Agreement signed in Valletta on June 15, 1984, are not fully utilised, such quantities may be carried over and added to the corresponding limits for 1986 set out in Annex B in the Agreement initialled in Oslo on September 18, 1985, up to 6% of the limits for 1986.

b) Subject to (c) below, the restraint levels for 1986 may be exceeded by up to 3% of these levels by use of carry-forward. These carry-forward quantities shall be debited to the corresponding limits for 1987.

c) The additional export quantities in 1986 resulting from carry-over and carry-forward taken together shall, for each specific limit, not exceed 6% of the respective agreed limits for 1986 set out in Annex B of the Agreement initialled in Oslo on September 18, 1985.

d) Carry-over and/or carry-forward may be applied after notification to and statistical verification
