16 June 1988

Sir,

Pursuant to your request dated 5 April 1988 and to Article 11, in particular paragraphs 2, 11 and 12, of the Multifibre Arrangement, I have the honour to communicate the following:

Switzerland has not instituted and does not apply any quantitative restrictions, bilateral agreements or other quantitative measures having a restrictive effect on textiles products covered by the Arrangement. Automatic licences, however, are required for certain products in conformity with the Federal Council Ordinance of 30 November 1987 and the Federal Department of Public Economy Ordinance of 2 December 1987, of which we attach copies hereto, and which have not been amended since that date.

Accept, Sir, the renewed assurances of my highest consideration.

William Rossier
Ambassador
Head of Delegation
ORDINANCE CONCERNING TEXTILE IMPORTS
of 30 November 1987

The Swiss Federal Council.

Having regard to Articles 1, 4 and 10, second paragraph, of the Federal Law of 25 June 1982 concerning external economic measures,

hereby orders as follows:

Article 1: Field of application

The present Ordinance shall be applicable to imports of textile materials and articles of such materials listed in Section XI of the Swiss Customs Tariff.

Article 2: Definitions

For the purposes of this Ordinance:

(a) "Provenience" shall be the country of production in terms of Article 8, second paragraph, of the Ordinance of 10 January 1972 concerning foreign trade statistics.

(b) "Origin" shall be the country for which the conditions required under Section 2 (criteria of origin) of the Ordinance of 4 July 1984 concerning origin are satisfied.

(c) "Value" shall be that of the product at the frontier, in Swiss currency, in terms of Article 7 of the Ordinance of 10 January 1972 concerning foreign trade statistics. It shall correspond to the invoice price, inclusive of transport, insurance and other costs up to the Swiss frontier, after deduction of rebates and discounts. Customs duties and other taxes or charges applied under Swiss legislation shall not be included in the value.

(d) "Import price" shall be the free-at-frontier price of the product invoiced to the Swiss importer, plus customs duties and cost of transport from the Swiss frontier to the place of destination.

Article 3: Price observation

1. The Federal Department of Public Economy (the Department) shall determine the textiles of which imports shall be subject to observation for verification purposes. For imports from specified countries or those of specified textiles it may, after having consulted the Federal Department of Finance, require additional information concerning in particular the country of origin, quantity, value and nature of the goods.
2. Price observation shall be carried out by the Division of Imports and Exports (DIE) of the Federal Office of External Economic Affairs; it shall be based on the indications contained in the import declaration. The Federal Customs Administration shall have responsibility for assembling the data necessary for price observation.

Article 4: Permit régime

1. The Department shall determine the textiles which may be imported only with a permit.

2. The DIE shall be empowered to issue the permits, under the authority of the Federal Office of External Economic Affairs.

3. The Department may, after having consulted the Federal Department of Finance, authorize the Federal Office of External Economic Affairs to conclude with importers and shippers agreements designed to simplify the permit procedure.

Article 5: Price surveillance

1. The Department shall determine which of the textiles for which an import permit is required shall be subject to price surveillance.

2. In the case of textiles for which a permit is required and which are subject to price surveillance, the Department shall determine the documents that shall be presented at the same time as the import application.

3. Price surveillance shall be exercised by the DIE. An import permit shall be issued for textiles subject to price surveillance only upon presentation of the required documents.

Article 6: Price attestation

1. The Department shall determine which of the textiles for which an import permit is required shall be subject to price attestation.

2. An import permit shall be issued for textiles subject to price attestation only upon presentation of a document certifying that the import price is not lower by more than a certain margin fixed by the Department than the normal current price for a comparable article currently manufactured in Switzerland, taking into account equivalent quantity and commercial level.

3. For establishment of the price attestation, the same documents must be presented as are required for price surveillance under Article 5, second paragraph, as well as samples of the goods.

4. The price attestation shall be issued by the DIE; the Department may request economic organisations or institutions to carry out the necessary price comparisons.
5. On the basis of offers, the DIE may give advance notice valid for a limited period.

6. The DIE may suspend the obligation of price attestation:

   (a) where major reasons justify in isolated cases; or

   (b) in so far as the objective of price attestation is attained through international agreements or otherwise.

Article 7: Subsequent presentation of documents

Where the importer is, for sufficiently justified reasons, not in a position to present the required documents at the time of importation of textiles subject to price observation or surveillance, the DIE may authorize the import on an exceptional basis and set a time-limit for the subsequent presentation of the missing documents. If that time-limit is not observed, the DIE shall set a short extension, while warning the importer that in the event of failure to comply with the new time-limit it will refuse all further import applications as long as the missing documents have not been presented.

Article 8: Consultation

The Department shall consult concerned economic circles before ordering measures under Articles 3-6.

Article 9: Rescinding of earlier provisions

The Ordinance of 8 December 1985 on imports of textiles is hereby rescinded.

Article 10: Entry into force

The present Ordinance shall enter into force on 1 January 1988.

1. The textiles listed in Annex B may be imported only under a permit granted by the DIE, under the authority of the Federal Office of External Economic Affairs.

2. The permit régime shall not apply to:

   (a) quantities of goods not exceeding 20 kg. gross;

   (b) shipments of samples.

3. Woven fabrics imported under the provisions of the Ordinance of 17 February 1982 concerning duty-free import of hand-loomed fabrics may be imported without a permit.

2. Annex C fixes the limits within which the import price may be lower than the normal current price of a comparable Swiss article in accordance with Article 6, first paragraph, of the Federal Council Ordinance of 30 November 1987 concerning textile imports.

3. Price comparisons shall be carried out by the Textiles Control Board.

Article 5: Rescinding of earlier provisions

(a) The Department of Public Economy Ordinance of 8 December 1975 concerning textile imports;

(b) Ordinance (12) of 8 December 1975 concerning imports of goods;

(c) Ordinance (13) of 16 March 1973 concerning imports of goods are hereby rescinded.
