Dear Mr. Kalmowski:

I refer to the Memorandum of Understanding between the Government of Canada and the Government of Poland relating to the export from Poland of certain textiles and textile products for import into Canada (MOU), and to the proposal contained in your letter of August 16, 1988, for an increase in the restraint level for Category 2 (tailored-collar shirts) to 100,000 units.

I have the honour to inform you that the Government of Canada accepts the above-mentioned proposal. The Polish authorities will therefore restrain, effective January 1, 1989, exports from Poland of tailored-collar shirts to Canada at a level of 100,000 units for the period January 1, 1989, through December 31, 1989. The restraints for 1989 will be accorded annual growth of 3% in 1990 and 1991. The provision for swing (MOU paragraph 15) shall be 5%, carry-over/carry-forward (MOU paragraphs 16-19) 10%/5% and combined flexibility (MOU paragraph 20) 12%. Swing, in accordance with MOU paragraph 15, will be based on the appropriate conversion factor of 1.8 square metres per unit.

I would further propose that, if this arrangement is acceptable to the Polish authorities, this letter and the letter of reply from the Government of Poland confirming its acceptance of the proposal constitute an amendment to the Memorandum of Understanding to this effect.

Yours sincerely,
