Memorandum of Understanding Relating to
Trade in Certain Textile Products
Between Turkey and Austria

1. This Memorandum of Understanding has been made having regard to the Arrangement Regarding International Trade in Textiles done at Geneva on 20 December 1973, and in particular to Article 4 thereof and to the Protocol Extending the Arrangement, done at Geneva on 31 July 1986.

2. This Memorandum of Understanding sets out the arrangement that has been agreed between Turkey and Austria regarding the exports of certain textile products set out in Annex I from Turkey into Austria.

3. Upon presentation of export information documents (EID) as per specimen in Annex II issued by the competent authorities of Turkey within the agreed limits for exports from Turkey to Austria and endorsed to the effect that shipment has been debited against the agreed limits, as indicated in Annex I, the competent Austrian authority will issue the corresponding import licences.

4. According to the agreed limits set out in Annex I, carryover, carry-forward and swing can be used as follows: carryover to the corresponding quantitative limit for the second memorandum year of amount not used during the previous memorandum year is authorized up to 11 per cent of the quantitative limit of the receiving memorandum year. Carry-forward is authorized up to 6 per cent of the quantitative limit of the receiving memorandum year. Carry-forward shall be deducted from the export limit established for the succeeding year. Swing between the categories of Annex I may be made up to an amount of 5 per cent of the agreed limit of the receiving category, provided that a corresponding reduction is applied to the agreed limit from which the swing is made. The calculation shall be based on the conversion factors set out in Annex I.

5. In order to avoid hardship to the trade in the products of Categories 1 and 2 specified in paragraph 3 above shipments from Turkey to Austria made on/or before 31 December 1989 will be admitted by Austria upon presentation of the relevant documentation outside the agreed export limit without endorsed export information documents provided that customs clearance in Austria is effected on 31 January 1990 at the latest.

6. Turkey will provide Austria with statistics of the textile products set out in Annex I which should be accompanied with EID for exports to Austria and debited against the limits set out in Annex I on a quarterly basis.

7. Austria will provide Turkey with monthly statistics of import licences issued on the basis of export information documents of Turkey.
8. Austria and Turkey agreed to consult at the request of either party, on any matter arising from the implementation of this Memorandum. Any consultations held under this paragraph shall be approached by both parties in a spirit of co-operation and with the object of reconciling any differences between them.

9. Export information documents as set out in paragraph 3 above shall cease to be valid three months after the date of issue for the purpose of presentation to the competent Austrian authority.

10. This Memorandum shall apply for two calendar-year periods commencing on 1 January 1990. However this Memorandum may be extended by mutual consent for a third year, commencing on 1 January 1992, subject to any modification which may be agreed upon before the above said period.
