Sir,

I have the honour to refer to your Note TS/140-1.1, dated 30 April 1990, and to inform the Textiles Surveillance Body that Uruguay does not apply unilateral quantitative restrictions of any kind. It does not maintain any type of foreign-exchange controls, nor does it control imports of any textile article in any way - whether from priority development needs or on account of exclusive or special privileges for public or private trading enterprises or any other kind of import restriction on textiles and clothing.

I also wish to inform you that Uruguay has bilateral agreements with the United States and Canada under which quantitative restrictions are established, limiting Uruguayan exports of certain woollen fabrics and clothing in the case of the former, and of certain fabrics of combed wool in the case of the latter.

Accept, Sir, the renewed assurances of my highest consideration.
