Textiles Surveillance Body

ARRANGEMENT REGARDING INTERNATIONAL TRADE IN TEXTILES

Notification transmitted under Article 4

Extension and amendment of the bilateral agreement between
Canada and the Czech and Slovak Federal Republic

The Textiles Surveillance Body received a notification from Canada of the extension and amendment of its bilateral agreement with the Czech and Slovak Federal Republic for the period 1 January to 31 December 1992.

The TSB had received the notification under Articles 7 and 8 when the Czech and Slovak Federal Republic had not accepted the extension of the 1986 Protocol. By the time of review, the Czech and Slovak Federal Republic had accepted the extension.

The TSB has therefore decided to review the notification in accordance with its procedures for notifications received under Article 4. The TSB has examined the relevant documentation and is forwarding the text of the notification to participating countries for their information.

1 The bilateral agreement is contained in COM.TEX/SB/1445.
2 See COM.TEX/SB/35, Annex B.

2. During these discussions, it was agreed that the Arrangement would be extended for one year beyond its current date of expiration of 31 December 1991, and that accordingly it would remain in effect for the period of 1 January to 31 December 1992.

3. For the period of extension of the Arrangement during 1992, the attached Annex would replace Annex I of the original Arrangement.

4. The agreement on extension of the Arrangement would be without prejudice to any conclusions which may be reached respecting international trade in textiles and textile products in the framework of the Multilateral Trade Negotiations (the Uruguay Round).
